MORRIS HABER, 81, of St. Charles Place, Pembroke Pines, Fla., and formerly of Cranston, a retired electrologist and former aircraft mechanic and foreman, died Feb. 12 at Memorial Regional Hospital, Hollywood, Fla.

He was the husband of Freda (Jablonsky) Haber. Born in Brooklyn, N.Y., a son of the late Max and Rose Haber, he had lived in Cranston for 25 years before moving to Florida seven years ago.

Mr. Haber was a graduate of the Aircraft and Engines School in Quoddy Village, Maine.

During World War II, he was a civilian employee of the Air Force, working as a senior aircraft mechanic at McLellan Field, Sacramento, Calif. After the war, he transferred to the former Quonset Point Naval Air Station, in North Kingstown, where he worked for 32 years, attaining the title of foreman, before retiring in 1973.

Mr. Haber then launched a private practice as an electrologist — having studied electrolysis, and received his degree, before retiring from Quonset Point — and remained active in the profession until 1988. He served as president of the Electrologist Society of Rhode Island for three years.

He was a former member of Temple Torat Yisrael.

Besides his wife, he leaves a daughter, Lynne Fogel of Chesterfield, Mo.; a son, Neal Haber of Warwick; two brothers, Jack Haber of Boynton Beach, Fla., and Michael Haber of Tinley Park, Ill.; and four grandchildren.

The funeral service and burial were held in Florida. Burial was in Beth David Cemetery, Hollywood, Fla.
