Mina Korner

PROVIDENCE — Mina Korner, 77, of 111 Ruggles St., a survivor of the Holocaust in World War II, died Friday at Miriam Hospital.

In 1935, Miss Korner won a downhill skiing championship in Austria. But her trophy, made of silver and gold, was taken from her by Hitler's SS Troops in 1939, when soldiers went to the family home in Vienna, according to her sister, Tina Chernick of Warwick.

Miss Korner was born in Romania, a daughter of the late Solomon and Sabina (Geisinger) Korner, and she lived in Providence for 42 years.

She had been a seamstress for many years before moving to the United States. She was a bench worker for the Cathedral Art Metal Co., formerly of Providence, for six years before retiring in 1952. She was a member of the Misrachi Women's Association.

Her sister is her only immediate survivor.

A funeral service was held Sunday at Lincoln Park Cemetery Chapel, Warwick. Burial followed.
