## Jews Resign Posts in Italy; State Job-Holders Hard Hit

ROME. — Elimination of Jewish faculty members and students from Italian Schools, ordered by the cabinet, already has started.

In the university town of Perugia, three Jewish professors announced today that they had been dismissed from the university, effective October 16, when the cabinet decree, goes into effect.

One was a professor of microbiology and had been with the university since 1907. Another with the university since 1926, headed the chemistry faculty and was president of the provincial union of professional men and artists. The third was in the physics department.

### Resigning all Jobs

A report from Trieste said Jews there were resigning from all state, party, corporate and syndical jobs of a public nature.

Premier Mussolini's newspaper, *Il Popolo D'Italia*, in Milan said seventeen out of seventy-six permanent professors at the University of Milan and three of seventy exchange professors would be eliminated by the decree.

At Bocconi Commercial University, the paper said, six of thirty-seven professors would be forced out and at the Polytechnic school nine of 174 would be affected.

## Tax Nazi Children For Hitler Support

PRAHA. — A new "voluntary" tax has been introduced for the pupils of all German schools, according to reports published here.

The tax, ten pfennige (about four cents) per week per pupil, goes toward the support of the foreign section of the Nazi party, which is concerned with the organization of Germans living abroad, and toward educating German youth in Pan-Germanism.

It is paid by more than 2,000,000 school children throughout the Reich.

### REPORT ON EMIGRATION

Vienna. — Since March 13, when Austria became part of Germany 1435 Austrian Jews emigrated to Palestine, it was reported by the local Palestine Bureau. During the same period, 33 synagogues have been dissolved. Jews emigrating from Austria are now compelled to pay a special passport tax which is determined on the basis of the amount of capital the emigrant possesses.

## Nazis Link Miss Perkins, Morgenthau in Jewish Plot

BERLIN. — The newspaper *Der Angriff*, organ of the German Labor Front, accused United States Secretary of the Treasury Morgenthau of holding a "series of highly suspicious conferences in Paris," aided by Secretary of Labor Perkins.

His European visit, according to *Der Angriff*, was a "special mission" and six weeks ago he sent Secretary Perkins on a "sounding tour" to Paris and Geneva.

"Frances Perkins," said the sheet, "is surrounded in her department almost exclusively by Communist friends and Russian co-radicals . . . behind the harmless name Frances Perkins really hides—as the Chicago immigration

## Iraq Arabs May Aid Brethren in Palestine

### Moslem Leader Issues Ruling

BAGHDAD Iraq. — A new and dangerous phase in the trend of feeling of Iraq Arabs regarding Palestine has now developed.

Leading Moslem ecclesiastical authorities here were requested by the society for the Defense of Palestine to issue a Fatwa—a ruling by the ecclesiastical authorities on a religious question—concerning the Iraqi Arabs' participation in a Jihad—that is, holy war—on behalf of the Palestine Arabs.

The leading Moslem religious heads here ruled that a Jihad for Palestine was necessary, since every Moslem in Iraq must be willing to sacrifice himself for this cause. If unable to give himself, every Iraqi should give up his financial means, and if he has no funds he should join the propaganda for the cause, the Fatwa states.

As soon as the Fatwa was promulgated thousands of Iraqi young men rushed to the Jihad conscription offices in Baghdad to enlist.

## Wilson to Attend Nuremberg Conclave

BERLIN. — The United States Government has instructed Ambassador Hugh R. Wilson to attend the annual congress of the Nazi Party at Nuremberg, he revealed in disclosing that he had accepted an invitation from the Nazi government.

A similar invitation last year was rejected by former Ambassador William E. Dodd but the State Department overruled Mr. Dodd and instructed Charge d'Affaires Prentiss Gilbert to attend. Mr. Dodd's refusal to go to Nuremberg was one of the factors leading to his resignation. Official American representation at last year's Nazi Party congress was widely protested in the United States.

Wutski.

(Secretary Perkins, whose married name is Mrs. Paul C. Wilson, is listed in standard biographical works as having been born in Boston, April 10, 1885, the daughter of Frederick Winslow and Susan Wright Perkins. Her father was a descendant of John Perkins, who came to the United States from Devon, England, in 1630. She sailed for Europe June 1 as official delegate to the International Labor Conference at Geneva and left for home June 16, before Mr. Morgenthau reached Europe.)

*Der Angriff* said Mr. Morgenthau's appointment to the Treasury post was "indicative of the increasing surrender of the

## Finnish Novelist Condemns Nazis

HELSINGFORS, Finland.—Miss Sally Salminen former New York servant girl who wrote the prize novel "Katrina," denounced the German Nazis' program on her return to her Aaland Island home recently after a visit to Germany.

She admitted she was "stupid and imprudent" when she was persuaded to participate in an alleged Nordic cultural festival in Luebeck. In a letter to an Aaland newspaper she said she went to Germany without prejudices but returned with firm convictions.

## Hadassah Sends \$100,000 To Buy Land in Palestine

NEW YORK. — Emphasizing an emergency need "in times like these" for an expansion of land purchase in the Jewish National Home, Hadassah, the Women's Zionist Organization of America, today announced that it has topped its quota for the year and contributed \$100,000 to the Jewish National Fund for land acquisition in Palestine.

Part of the money will be used to purchase land in the Upper Galilee sector of Palestine where new settlements have been springing up steadily in the last few months, most of them within the space of twenty-four hours, Mrs. Herman Shulman, of this city, national secretary of Hadassah and chairman of the Jewish National Fund Council, stated.

To honor Menahem M. Ussishkin, distinguished Zionist leader and president of the Jewish National Fund, who is celebrating his 75th birthday, the National Board of Hadassah has asked its 375 chapters to inscribe Mr. Ussishkin's name in the Golden Book of the Fund as a tangible sign of the "affection and admiration we feel for this 'grand old man' of the Zionist movement."

Hadassah's contributions for

the Upper Galilee sector which has assumed strategic importance during the recent disturbances will go toward the purchase of a tract of 20,000 dunams (5000 acres), bordering the Syrian frontier on the north of Palestine.

## Congress Planned On Race Tolerance

NEW YORK. — With the backing of numerous organizations combatting racial intolerance, a committee has been appointed to study the possibilities of a national race tolerance congress to serve as a clearing house for all groups seeking better racial understanding.

J. J. Simon was named temporary chairman of the committee at a meeting of representatives of forty-five such groups at the Hotel Commodore last night. Another conference is scheduled for September 7. Groups represented at the meeting included the American Youth Congress, the Anti-Nazi League, the Anti-Defamation League of B'nai B'rith, the Free Sons of Israel.

## Report Uprising Is Set for September

BEIRUT. — The belief that a general uprising is scheduled in Palestine for September is strikingly supported here by reports that armed men are pouring into the Holy Land across all boundaries practically unchecked and that agents are recruiting villagers throughout the country and are fixing levies of men or cash in proportion to village populations.

Similar activities are being carried on in Syria and Iraq. The Association for the Defense of Palestine with offices in Baghdad, is energetically recruiting men and is undeterred by the authorities. Baghdad Moslem religious leaders, Hussein Khasha al Ghatta and Aalam Sugi, have issued a call to Jihad, on holy war against

## Woman Seeks to Enter U. S. Despite Athlete's-foot Ban

NEW YORK. — Gynda Frumcair, 38-year-old Jew whose life has been full of tragedy, is held on Ellis Island, where she will hear this week if athlete's foot will bar entrance to the United States to clear up her brother's estate.

A citizen of Palestine, she arrived here July 21, hoping to go to Hackensack, where property worth approximately \$25,000 was left to her by a brother, Morris, who was killed in a traffic accident. But she was detained by immigration officials who said she must be deported. They had found she has "ringworm of the toenail."

She was to have been sent back to Tel-Aviv in a week, but her at-

"loathsome, dangerous and contagious disease," brought habeas corpus proceedings before Federal Justice Robert P. Patterson to obtain her release and admittance to the country.

"He exhibited statements of doctors, which were all to the effect that ringworm of the toenail is actually less contagious than ordinary athlete's foot, because 'there is no shedding.'"

"It sounds about as dangerous as dandruff," the Court commented. "I believe I once had athlete's foot myself."

Decision was reserved in the case so that all the facts may be examined.

# Wise Assails Italian Decree

## Condemns Act as 'Supreme Cowardice' Recalls Duce's Earlier Promise

NEW YORK. — Dr. Stephen S. Wise, president of the American Jewish Congress, tonight issued a statement sharply condemning Italy's decree expelling the Jews as "supreme cowardice," indicating that "Il Duce" has surrendered to Hitler.

Asserting that the newest cabinet decree is "Nazism at its worst," Dr. Wise indicated that "no self-respecting Jew will set foot in Italy again until this law is revoked." In his statement, he declared:

"This is Nazism at its worst. It is Nazism in a hurry. And this from Il Duce who, within a few months, sent word to Jews in America, including the president of the American Jewish Congress, that as long as Il Duce ruled, not a hair of a Jewish head in Italy would be touched. Evidently, alas, Il Duce is not a free agent. He has come under the mastery of Goebbels and is satisfied to be the Italian loudspeaker of the Nazi Ministry of Enlightenment and propaganda.

"Now, Italy is forced to join the nations which, afraid to wage war outside of their borders, wage war within their borders, upon their own racial and religious minorities. It is the supreme cowardice of 99 per cent of a nation, illegally and lawlessly alike, to wage war upon 1 tenth of 1 per cent of the population. That one tenth of one per cent has made an abiding contribution for the benefit of Italy. Jews have distinguished themselves in the civil and the military, the political and the artistic, the musical and the financial arms of the government. The King of Italy has surrendered to Il Duce, and now Il Duce surrenders to Hitler, and the little Austrian Corporal becomes the master of Fascist Italy. This is the great surrender.

"I must add that I knew and have known for years that when Il Duce found it necessary to repudiate its promise of decent treatment of the lace Jew, such repudiation would be forthcoming. The only solace is that Italy must be in a woeful state or Il Duce would not stoop to the baseness

### "Duce-Nazi Imitator"

of imitation of Germany's resonant 'Mickey Mouse.'

"Democracy may learn its lesson anew. Anti-Semitism is either, as in Germany, the beginning of a Fascist regime or as in Italy its consummation. But it is a part of it. It is one with it. The democratic world will know how to evaluate and how to respond to this crime against one tenth of one per cent of the population of Italy.

## Germans Denounce Kuhn and Nazi Bund Demand Padlock of Youth Camp

NETCONG, N. J., — Adolf Hitler and his American Fuehrer, Fritz Kuhn, leader of the German-American Bund, were denounced at a meeting of the German-American League for Culture, an anti-Fascist group.

Nearly 1,500 persons gathered on the shores of Lake Musconong heard Dr. Frank Bohn, honorary president of the league, call Kuhn a party "to the terrible insanity of the Nazis".

Dr. Bohn demanded that Camp Nordland, the pro-Nazi youth camp at Andover, near here, be padlocked as "an insult to every American of German blood."

He said the camp "is already affecting the opinions of New Jersey school children and might well lead the entire country into Fascism in the next ten years unless the economic conditions are improved for our millions of unemployed youths."

The audience hissed when Dr. Bohn mentioned Mayor Frank Hague of Jersey City. He labeled Hague as "possibly the advance guard of Fascism in the United States.

A Czechoslovakian speaker, August Schramm, said he believed "the democratic nations of the world will march against Germany if my country is invaded."

## Pope, Vatican Paper Score Racial Program Hit Boycott of Pope's Speeches

ROME. — The Catholic Church will defend persecuted Jews wherever they may be, the Osservatore Romano, official Vatican organ, declared in an article protesting against the Italian press' policy of boycotting Pope Pius' speeches assailing Italy's racial trends while giving prominence to German press reports which distorted the Pontiff's remarks.

The Vatican newspaper asserted that it is not true, as enemies of the Church claim, that Catholic doctrine can be propagandized by "international Hebraism" pointing out that the only propaganda on which the Church relies is "the gospel of charity, fraternity and international peace preached by Christ and cherished and taught by the Church against all the passions and forces that impugn these Christian and human principles, bringing about contrasts, ostracisms and persecutions."

## Ambassador Wilson At Refugee Parley Britain Envoy Also Expected

PARIS. — Three United States Ambassadors and the two ranking American officials of the Intergovernmental Committee on Refugees gathered in Paris this week.

A United States Embassy spokesman said that Hugh R. Wilson, Ambassador to Germany, who arrived from Berlin, would take over the problem with Myron C. Taylor, chairman of the committee, and George Rublee, administrative director.

The spokesman said Joseph P. Kennedy, Ambassador to Great Britain, was expected. William C. Bullitt, Ambassador to France, was the third envoy.

The presence of Mr. Wilson particularly was considered significant. Informed circles said he could give the committee first-hand information of the German government's attitude on its activities.

## 200 Refugees From Nazi Rule Arrive

NEW YORK.—Two hundred Jewish refugees from Germany and Austria arrived here this week on the Aquitania to join relatives and friends in the United States.

Many had been forced to leave all or the greater part of their possessions behind, but they were all reluctant to talk of their experiences with the Nazis because they still have relatives at home whose fate remain uncertain.

Also on the liner was Miss Kitty Szekely, of Budapest a great grand-daughter of Mendelssohn, who, while not a refugee, left her native land because of the increasing Nazi pressure.

Miss Szekely, well known in Hungary as a pianist, was met at the pier by relatives from Detroit and from Philadelphia. She is en route to Los Angeles, where her father, who left Hungary several years ago, is in business.

NAMED TO CABINET MOSCOW. — Lazar K. Kaganovich, one of the two Jews in the Soviet Union's Council of People's Commissars (the cabinet), was named vice-president in one of the periodic cabinet shakeups.

## Death Takes No Holiday

## Propose Fantastic Scheme For Creating Jewish State

LONDON. — A fantastic scheme for creating a Jewish state on the Polish-Roumanian border where 30,000 square miles of land would be allocated for the purpose by Poland and Roumania is being considered by the two countries, according to a report in the London Sunday Chronicle.

Fathered by Polish and Roumanian Jews, the plan has been sent to King Carol of Roumania for his consideration. According to the Chronicle the proposed Jewish state would include all of the Roumanian province of Bukowina and parts of southern Poland. This area, it is said, could accommodate 5,000,000 Jews. The state would be ruled by a local Jewish government and controlled politically by Polish and Roumanian governors.

Further details of the plan are said to include the possibility that the Soviet Union might become a party to it by ceding parts of the Ukraine to the Jewish state, including the Proskurov and Kamaniac districts. Poland and Roumania would be rewarded, it is

## Elect Jew Mayor of Lithuanian City

KEVNO. — The election of M. Betuchovsky, prominent Jewish leader, as mayor of Shavli, the second largest city in Lithuania, has been confirmed by the ministry of the interior.

At the same time the government allowed a number of Jewish refugees who entered the country illegally to remain temporarily.

declared, by a large loan from the Western powers. The transportation of Jews to the Jewish state would be financed by Jewish financiers, according to the Chronicle.

# False Rumors Condemned

## Reports on Coca-Cola Declared Unfounded

### B'nai B'rith Head Asks Fair Play

Mis-directed boycotts against commercial firms based wholly on unfounded rumors were unsparingly condemned this week by officials associated with the Commission of Economic Problems. This unwarranted "discriminatory pressure" was termed "socially dangerous" by J. X. Cohen, Chairman of the Commission. Richard E. Gudstadt, Chairman of the Anti-Defamation League of the B'nai B'rith added that, in view of the fact that the Jewish people themselves are frequently victims of prejudicial injustice, "we of the B'nai B'rith and the Jewish community in general, ought to effectively put the quietus on such unfounded rumors."

Investigations of these recent fabrications — affecting Liggett & Meyers Tobacco Company, manufacturers of Chesterfield Cigarettes, and The Coca-Cola Company — indicted their utter baselessness and showed further that no discriminatory attitude with relation to race, creed or religion existed in either corporation.

Joseph Smith, president of the local district, American Jewish Congress, when advised of the rumors said:

"We are endeavoring to engage in a program that will throw light on these malicious stories. Innocent firms, or individuals, should not be made to suffer from a well-meaning but mis-directed boycott-at-large. The reaction may do us

## Hull Seeks Emigration of Refugees on Regular Basis

WASHINGTON. — Secretary of State Hull is seeking, through the Permanent Refugee Committee in London, to induce Chancellor Hitler to permit Jews to leave Germany on a methodical, regular quota basis.

Representatives of the committee have described the present treatment, expulsion and emigration of Jews as chaotic, and they want Hitler to refrain from thrusting thousands of Jews upon the world one month and allowing only a few to go out another month.

At the same time they want Hitler to modify his treatment of departing Jews by permitting them to take more of their money or other property with them. They are now limited to eight per cent of their possessions.

The committee, of which Myron C. Taylor, formerly head of the United States Steel Corp., is American vice chairman, hopes also that Hitler may provide the Jews with free transportation. In a speech he made at the time of his absorption of Austria he

much harm."

"All fair-minded people will agree," spokesmen of several Jewish organizations, when advised of the situation this week, said, "that such insidious and whispering campaigns deserve denunciation and that it is the duty of all to correct such false and malicious rumors."

said Germany was so glad to get rid of German and Austrian Jews she would place even her de luxe liners at their disposal.

German Jews are now coming to the United States at the rate of nearly 100 a day, but their emigration to most countries has been comparatively small.

## "Adopt" a Refugee War Veterans Urge

NEW YORK. — A plan to bring Jewish refugees from Germany and Austria by having each of the ninety-six posts of the Jewish war veterans "adopt" one refugee will be submitted to the individual posts for consideration.

The organization's council of administration of the State Department discussed the plan last night at a meeting at the New Yorker. The refugees would be war veterans.

Plans for the national convention of Jewish veterans in Detroit Friday were discussed and the council adopted a resolution proposing that Eddie Cantor be made an honorary member for his work in raising funds for refugees.

### Conclave Adopts 10-Point Program

DETROIT. — Isador S. Worth of Riverside, New Jersey, was elected national commander of the Jewish War Veterans of the United States as the organization's 43rd national encampment ended after the most exciting electoral contest in its history. Worth defeated Maxwell Cohen of Boston, vicecommander for New England, by a vote of 1171 to 1082. There had originally been three candidates, but Edgar Burman of Brooklyn, vice-commander for New York State, who had run second to Worth on the first ballot, unexpectedly withdrew in favor of Cohen, who had been third in the polling. On the second ballot Worth was elected.

Deportation of aliens engaged in political propaganda on behalf of foreign governments or foreign political parties, revocation of the citizenship of naturalized aliens found to be unlawfully engaged in such activities and state and Federal legislation to prohibit the wearing of uniforms of a foreign government or party were urged in a 10-point program for combating un-American activities which the encampment adopted prior to its adjournment after

four days of speech-making, parading, patriotic festivities and political caucusing.

## Nazi Consul Denies Asking Jewish Ban

MANILA. — German Consul G. A. Sakowsky denied this week he had asked the removal of Jews from membership in the Manila German-American Club or that the matter was the subject of his secret conference on August 29 with American High Commissioner Paul V. McNutt.

Sakowsky said he could not disclose the subject of his controversy with the club. He said the McNutt conference concerned diplomatic matters.

### Home for Aged Carnival

Beginning tomorrow night the annual Home for Aged Carnival will take place on the grounds of the Home, Hillside avenue. Each year, this event is held to help maintain the Institution. Since the Home is not under the Community Fund, it must raise money for its budget through affairs like the carnival.

The importance of the carnival can be deduced from the following statement by Samuel Magid, president of the Home: "The sum raised from last year's carnival covered 40 per cent of entire expenses of the Home." The carnival chairman, Mr. Felder, and his co-workers are doing their utmost to make the carnival a success. They need and should have the support of every public-minded citizen in the State.

### Five Years of Progress

Today Mr. Maurice Stollerman, executive director of the Jewish Orphanage of Rhode Island, completes five years of service in behalf of the institution. During these years he has brought to this endeavor many new and inspiring thoughts which are consistent with the modern trend in child welfare work.

We can indicate the progress made, by quoting from a letter by Mr. Walter Sundlun, president of the Orphanage who says: "Mr. Stollerman has played a very large part in the establishment of the tennis courts, in training the children in gardening and horticulture, in the creation of a band for the children of the Orphanage, and in the establishment of Camp Jori, the summer camp at Narragansett Pier. In many other respects." Mr. Sundlun continued, "he has guided and helped develop the children, consistent with their respective aptitudes. Much credit is due Mr. and Mrs. Stollerman for their kind and painstaking efforts in behalf of the Orphanage. They have been real friends to our little children."

Proof that Mr. Stollerman's views are sound and uplifting are evident in the happy children of the Orphanage. We join Mr. Sundlun in congratulating Mr. Stollerman on the progress the institution has made in past five years, and express the hope that he will be with us for many years to come.

### Britain to Deport 3 Illegal Refugees Papers Clash Over Decision

LONDON. — Three Jewish refugees accused of entering Great Britain illegally were sentenced to six months in prison at hard labor and deportation at the expiration of their terms.

Magistrate Herbert Metcalfe, who imposed the stiff sentences, bitterly denounced immigration of "stateless Jews from Germany" as "an outrage." Those sentenced were: Henrietta Weiss, 32, of Berlin; Samuel Rockner, 30, of Russia and Mendel Flerman, 32 of Poland.

Exploiting this decision to prove of an alleged "alien Jewish invasion," Lord Beaverbrook's Daily Express charges that it has come into possession of evidence of so-called secret clearing houses in London's East End to assist illegal immigrants. The Evening Standard, another Beaverbrook paper, has distributed sensational posters reading: "alien Jews pouring in."

Other newspapers, however were critical of Magistrate Metcalfe's action.

### Spanish Fascists Issue Manifesto

LONDON.— Implacable hatred of the Jews on religious rather than racial grounds is a basic tenet of the program of the Spanish State (Fascist) Party, it is announced in a manifesto published at Pamplona, Spain, according to a dispatch from Reuters, Agency.

"Precisely because we are not racialists and do not recognize values of blood but of the spirit," the manifesto declares, "we are essentially and fundamentally enemies of the Jews. Jews are enemies of the church and of Roman civilization." One manifesto rejects anti-Jewish legislation predicated on eugenic and political grounds but proposes measures akin to the Inquisition and mass expulsion like that of 1492.

### Czecks Move to Halt Terrorism of Jews

PRAGUE. — Stirred to action by the growing terrorism against Jews and Social Democrats in the Sudeten (Nazi) German districts, the Czech ministry of the interior took steps to halt attacks on Jews and Social Democrats.

Acting on instructions from Prague, the police authorities in Litomerice Northern Bohemia, and Moravska-Ostrava, Moravia, issued a proclamation warning that six-month prison sentences would be the punishment for persons found guilty of blackmailing for national, religious and political ends, injuring business reputation or property and insulting recognized religious or national minorities.

Inquiry promptly developed the fact that the blood donor had fortified himself with a slug of gin the morning of the transfusion—so the lady was 100 per cent correct . . . We all knew that Charlie Wagner was a good tenor singer, but we didn't know until last week that he was a fishing fiend . . . However, you all have to admit it was pretty lucky for those two boys who, but for Charlie and his friend's assistance, might have drowned when their boat capsized . . . Ben Malin, we learned, is now an air-conditioning engineer in the Agricultural Department for the U. S. A., in the city of Washington . . .

### IRONIC TOUCHES

A chain letter which won't amuse Hitler is now circulating quietly in the United States . . . It reads in part:—A Nazi with heart disease must not use digitalis, discovered by the Jew, Ludwig Traube . . . If he has a toothache, a Nazi will not use cocaine or he will be utilizing the work of a Jew, Solomon Stricker . . . Nor will he be treated for typhus by the discoveries of the Jews, Widal and Weill . . . If he has diabetes, he must not use insulin, the discovery of a Jew, Mikowsky . . . If he has a headache he must shun pyramidon and anti-pyris, discovered by Jews, Spiro and Eilege . . . Nazis with convulsions must avoid chloralhydrate, the discovery of a Jew, Oscar Liebreich . . . with psychic ailments must not seek to cure them because Freud, the father of psychoanalysis, is a Jew . . .

### ON NEW YEAR GREETINGS

Old helpful at the bat:—To save yourself time and trouble in sending out New Year greetings, just call our office and we will be glad to take your order, to be published in our annual New Year's issue . . . Now that Prof. Felix Frankfurter is being talked of as a likely appointee to the Supreme Court vacancy created by Justice Cardozo's death, it can be told that he actually was offered the appointment when Justice Van Devanter resigned last year . . . But Frankfurter declined, because he would have been the third Jew on the high bench . . . That's the appointment that went to Senator Black . . . Our hunch is that Frankfurter won't be offered the post again unless Brandeis also resigns . . . For alliteration, you might try something to stop Chairman Carle Cotter Conway of the Continental Can Company . . . Or at least it'll do something superior comes along . . .

### GONE WITH THE WIN-ROD

From the Sun-flower state, which recently tossed the Rev. Mr. Gerald B. Winrod for a loop-the-loop, comes the story over the wires about those who played an important role in routing Gone-With-The-Winrod . . . The time factor was one of the most important elements leading to Winnie's defeat . . . Had the primary elections been scheduled two weeks earlier, the Republican Party have been saddled with its first anti-Semitic Senatorial candidate . . . Those extra two weeks gave the opposition forces just enough time to rally the legions of liberalism to the fight against bigotry . . . Not forgetting the stalwart William Allen White, Republican Committee Chairman Hamilton and virtually

# Margulies Sees End of Palestine Disturbances

## Riots Not Insurrection But War by Terrorists

### Discounts Tales of Unemployment

NEW YORK. — The backbone of the Arab outbreaks in Palestine has been definitely broken and the end of the disturbances may be expected by the end of October or November. This is the essence of a prediction made by a competent military authority to Mr. Morris Margulies, secretary of the Zionist Organization of America who returned this week from a visit to Palestine. Mr. Margulies spent three weeks in Palestine where he toured Jewish towns and rural settlements.

"The present outbreaks," Mr. Margulies said, cannot be regarded as an insurrection, but as a war by bands of brigands against the peaceful and law-abiding elements of Jews and Arabs alike. At least as many Arabs have been killed by the Arab terrorists as have been Jews," Mr. Margulies stated.

"Of course, one cannot lose sight of the fact that there is in evidence a struggle for supremacy between twentieth century culture and the Middle Ages. When traversing the country one can still see on the road an Arab riding on the donkey, often with an umbrella protecting him from the rays of the sun, while his two or three wives trudge along beside him carrying a baby on their backs and a pack on their heads."

### Discounts Alarmist Reports

Discounting the alarmist reports are being circulated regarding an allegedly sharp increase in unemployment among Jews in Palestine, Mr. Margulies stated that while the continued unrest has affected the economic life of the country, the situation has not reached a desperate stage. Jewish life continues its normal course, with almost all factories operating, some at full blast and others with a curtailed force. Both the movie houses and the theatres are filled to capacity, while cafes are patronized by large crowds.

### LEADERS RELEASED

PARIS. — It is reported here from Vienna that Col. Edler von Friedmann, president of the dissolved Union of Jewish Ex-Servicemen, and Dr. Felix Cohn, president of the dissolved B'nai B'rith Lodge, who were arrested by the Nazis shortly after Anschluss and sent to the Dachau concentration camp, have been released.

## Center Yom Kippur Dance, October 5

The Jewish Center Council held its first meeting of the season Wednesday night at the Jewish Community Center, 65 Benefit Street. Dr. Myron Keller presided.

It was voted to hold the 17th annual Yom Kippur dance at the Biltmore Hotel on Wednesday night, October 5. A popular orchestra has been engaged for the event.

Irving J. Bilgor was elected chairman with Daniel Podrat co-chairman. The following Center Council members were present: Harriet Wimerman, Ruth Blank, Esther Levine, Gertrude Podrat, Ruth Berger, Edith Berger, Nathan Norman, Isador Korn, Dr. A. Budner Lewis, Bertram Pickar, Irving J. Bilgor, and Daniel Podrat.

## Equal Rights Law Not Applicable to Jews

BUCHAREST. — The new nationalities law of Aug. 4 guaranteeing equal rights as to language, religion and race to all minority groups who are Roumanian citizens, will not apply to Jews, the newspaper Roumania, government mouthpiece, reports.

The paper declares that the anti-Semitic regulations of the former Goga-Cuza regime will remain in effect. The report in Roumania directly contradicts the assertion of Prof. Silviu Dragomir, government commissioner for minorities, who informed Dr. Theodor Fischer, Jewish leader, that Jews would be treated like all other minorities.

## Polish Anti-Semites Beat Up N. Y. Jew

WARSAW. — David Guter, a New York Jew, is in a Lemberg hospital in a critical condition as a result of being beaten up by four anti-Semitic students, two of whom are under arrest. Guter came here to visit relatives.

# Home for Aged a Sanctuary

## Peaceful Atmosphere Aids Declining Days

### Need for New Wing Stressed

By EDYTHEJAY

Peace . . . quiet . . . good food and restful surroundings! . . . No more do old people require or ask of life . . . To the aged, these factors comprise a paragon . . . Which leads us to the theme of this story—the Jewish Home for Aged of Rhode Island . . .

Excellent in purpose, policy and operation is this haven for the Jewish aged and infirm . . . With Isaac Feinstein, superintendent of the Home, as the guiding agent, the institution has developed into something that not distantly resembles a combine of hotel-hospital . . .

"Our residents go and come as they please," said Mr. Feinstein last Tuesday at his office, in a brief interview . . . "They chat with their cronies, and reminisce of the olden days . . . They play cards . . . And, primarily they want to pray . . . These things keep them happy and content in the declining years of their life."

### Visit Relatives, Friends

The old folks are allowed to visit relatives and friends . . . They go in town to see movies and do shopping—all this providing their health is good . . . During the various holidays and festivals, special services are arranged . . . Eagerly are they looking forward to the holiday of Succoth . . . At the time they will gather each day around the Succa, and make blessings over the fruit and wine . . . Said Mr. Feinstein, "Praying means to them than almost anything else in life . . . If that were taken away from them—they'd be finished." . . . And trailing Mr. Feinstein's words, came the chant of prayer from the Synagogue of the Home . . .

It was late afternoon and there was serene quiet as Mr. Feinstein showed me through the entire building . . . Into the Synagogue first—and there were two elderly gentlemen sitting at a table—studying the Talmud in the low chant that had resounded in Mr. Feinstein's office . . . They were completely oblivious of us—didn't even look up . . . Down the corridor a little farther, and we stopped before the windows that look out on to the back lawn of the Home . . . Seven or eight men sitting in comfortable looking chairs—absorbing all they could of the late summer sun . . .

## Hungary Menaces 47 Jews on Barge

VIENNA. — Forty-seven Jewish refugees from Austria, who have been confined for months on a barge moored in a Hungarian arm of the Danube near Regendorf, faced a desperate situation this week.

Unless the Jews arrange to clear out immediately, the Hungarian government announced, local authorities will cut the mooring cables and set the barge adrift.

The Jewish community at Bratislava, Czechoslovakia, renewed efforts to get landing permits in Czechoslovakia when Hungarian officials revealed that emergency residential permits which had been granted would not be renewed.

Since March only about half of the barge's original 100 passengers have been able to leave for Palestine.

### Dining Facilities

Continuing along, Mr. F. took me through the large dining room . . . Waiters tend each table and for those residents, whose senility prevents their going up and down stairs, trays are carried to their rooms . . .

Directly off the dining-room in the kitchen . . . Rather should I say kitchens . . . You see, there is a milk kitchen—and a meat kitchen—and each is entirely divided with a separate refrigerator, stove, pots and the like in both rooms . . . And immaculate—all of it! . . . Tea time at the Home comes at 2 o'clock, and each residents partakes the refreshing beverage and cake . . .

And after this culinary inspection, we went up to the second floor of the building . . . As we walked up, Mr. Feinstein spoke about an elevator, which is the goal the Ladies Association is trying to reach . . . They have been raising money for the fund constantly, and it is hoped that in the not-to-distant their dream becomes reality . . .

### Accommodations Splendid

The bedrooms which make up the second floor are more hotel-like than any I've seen . . . Each room has two beds—with a semi-private bath . . . The large windows are made of special glass known as Vita-Health ray, which allows the sun to penetrate in its full glory—and these special windows are installed throughout the entire building . . .

On we went to the men's solarium—where many of them were lounging . . . They're all very pleasant and alert—and Mr. F. said they always welcome visitors . . . Exactly opposite of the men's solarium is the women's . . . We walked around to the women's wing—and on the way one sweet little lady stopped us and offered us chocolates . . . And the beam in her eyes was incomparable, when she told us her son from New York had bought her the candy . . .

### Recreation Facilities

There are radios in the building—and the folks get a good deal of enjoyment out of playing old Jewish airs on the phonograph . . . There is a nurse in attendance constantly—and a doctor is called in whenever necessary . . . Mr. Feinstein said it is the inner hope of the officials and board of directors of the Home that one day a new wing may be added to the building, as separate quarters for the infirm and incurables . . .

The annual carnival of the Home opens tomorrow evening on the grounds—and not enough can we urge every Jew to support this worthy cause . . .

Youth and age do not assimilate well under the same roof, and this is one of the primary reasons why elderly prefer living in the Jewish Home for Aged of Rhode Island, where they may be independent entities in life . . .

## Jews, Arabs Meet At Youth Congress

### Both Races Have Common Problems

POUGHKEEPSIE, N. Y. —The struggle for democratic rights can be a common meeting ground for Jews and Arabs in Palestine, representatives of the two races declared during a discussion of minority problems at the second World Youth Congress. Raif Khuri, Palestine Arab, expressed himself as favoring complete rights for the Jews in Palestine as a democratic minority but cautioned them against becoming the "tools" of British imperialism and thus coming into conflict with the "basic hopes and ideals" of the Arabs and endangering their own best interests. Jewish rights, Khuri said, can be guaranteed only by the fullest cooperation with the Arabs for the Jews have as much to fear as the Arabs from "their British protectors."

Maurice Bouckstein, representing the Palestine Leagues of Nations Society, denied that Palestine's problems can be interpreted as simply "a clash between Jewish and Arab nationalism." He insisted the problem was in reality a clash "between progress and the status quo." Declaring that the "Jewish people have no quarrel with the Arab people," Bouckstein recalled previous Arab recognition of the Zionist movement and said that the Jews in Palestine practiced the fullest democracy, in contrast with the undemocratic hierarchy of Arab society.

## To Recruit Emigrants To Strengthen Farms

### Agriculture to be On Economy Basis

MOSCOW. — No new settlements are to be established in the Jewish autonomous region of Biro-Bidjan until the existing collective farms are running satisfactorily, N. S. Bigler, member of the Supreme Council of the Soviet Union and acting chairman of the Government Executive of Biro-Bidjan, announced at a conference of Jewish writers held here to discuss the current economic and cultural problems of the region. He also announced that special Government recruiting agents are at present visiting different parts of Russia to recruit emigrants for Biro-Bidjan.

### To Strengthen Settlements

The most important problem facing the Jewish region at the present time, Mr. Bigler said, was the strengthening of the collective agricultural settlements. "Agriculture is and will remain in future the basis of Biro-Bidjan's national economy," he declared.

Accusing the "enemies of the people" of being responsible for the failure of many settlements in the Jewish national region, Mr. Bigler said that the executive committee of the region decided not to proceed with the establishment of new settlements until the existing collective farms had been strengthened.

"The Soviet Government," Mr. Bigler continued, "has adopted a

migration into the Jewish autonomous region. But neither the Commissariat for Agriculture nor the other organizations has carried out this decision. The Government has now decided to request the Commission of Soviet Control to find out those responsible for ignoring their decision and to punish them.

## Public Opinion Here Hostile to Fascists

NEW YORK. — Public opinion in the United States is definitely hostile to foreign dictatorial governments, a survey by the American Institute of Public Opinion revealed.

Asked which side they would sympathize with if England and France have a war with Germany and Italy, 65 percent replied with England and France, and gave as the chief reason for their sympathy the type of government existing in European countries.

## Use Underground Route to Flee Nazis

### 1,000 Fugitives Escape in Month

BERLIN. — More than 1,000 Austrian Jews, it was estimated this week, have been smuggled into Switzerland the last month by methods reminiscent of the Scarlet Pimpernel in the French Revolution and the underground railway of American slavery days.

All available police in the northern Swiss cantons have been mobilized to cope with the problem. And France has reinforced her border guards.

A secret organization of Germans and Austrians, with earlier fugitives, supply money and shelter for fugitives on the way to the borders.

The "underground" border traffic is particularly active near the Swiss town of Diepoldsau, whose limits extend five miles along the former Austrian border. Crossing the frontier is much more difficult in other places where the Rhine forms a natural boundary of treacherous whirlpools and currents.

At Diepoldsau, the Rhine lies within Swiss territory. Besides, easy concealment can be found in thick groves that guards can patrol only with difficulty.

Small groups of three or four Jews at first began entering Switzerland illegally. Then there were 20 to 50 in a band. When 48 successfully entered Wednesday night, the Swiss acted to increase the guards.
