

British Honor Suffers Blow

In the last few days a series of heavy penalties have been imposed upon the Jewish population of Palestine. Cafes, shops and places of amusement have been closed in Tel Aviv and in the Jewish suburbs of Jerusalem. Traffic services to and from these towns have been suspended.

In each case these penalties have followed outrages which the Administration automatically assumed were the responsibility of Jews, though in no case was there any justification for such an assumption. These acts on the part of the Palestine Administration have roused the resentment of the entire Yishuv and have intensified the bitter feeling which the Jews of Palestine have felt ever since the White Paper was issued.

The Government and military authorities alike know well the attitude of Palestinian Jewry. Indiscriminate murder and bomb outrages are not the methods used by Jews in their political struggle.

The Palestine Administration is well aware that the policy of self-restraint adhered to by the Jews throughout three years of violence and terrorist provocation was the result neither of casual indifference to Arab murder of Jews nor of cowardice; it was the result of a carefully conceived determination to resist attack by constructive defense, and not descend to the level of Arab bandits. The authorities recognize too that a policy of indiscriminate retaliation is anathema to Jewish sentiments and to Jewish feelings.

British honour suffered a severe blow by the mere publication of the White Paper. It is suffering even greater degradation by the ruthless and vindictive way in which the Palestine Administration is preparing the path for its introduction.

Nazis Permit Ear Specialist to Visit

NEW YORK. — Invited by Princeton University to deliver a series of lectures, Prof. Heinrich Neumann, world famous Viennese ear specialist who has treated the Duke of Windsor and other royal personages, arrived in the United States on the liner Aquitania.

He received permission to leave Vienna on condition that he return within six months.

He has been treated with respect by the Nazis. Besides lecturing at Princeton, Prof. Neumann will confer with American relief leaders on methods of furthering emigration of Jews from Austria.

Vladimir Poliakov Publisher, Dead

PARIS. — Word was received here that Vladimir Poliakov, Russian-born publisher, died recently at the age of 74.

In 1937 Poliakov became the center of a public controversy when the Paris Tageblatt, German emigre weekly which he published, was sold. Georg Bernhard, the editor, and staff members of the publication said he had sold out to Nazi interests, a charge which Poliakov denied.

He supported his denial with a series of libel suits against newspapers which printed the allegation. Poliakov had edited and published other newspapers in France and Germany.

Fire Destroys Jewish Shrine

TIBERIAS. — Fire which broke out in the Ashkenazic synagogue over the tomb of Rabbi Meir Baal Hanes in the Jewish quarter of this city destroyed the 7000-volume library housed there.

The fire is believed to have been of incendiary origin, particularly since the damaging flames coincided with the withdrawal — because of the ten-day 23-hour curfew under which the quarter had been functioning since the beginning of last week — of the usual guard posted at the tomb to prevent recurrence of past desecrations.

This is the third time that the historic resting-place of the "miracle rabbi" has been desecrated during the present disturbances.

Rabbis to Participate In N. J. Convention

Doctor Israel M. Goldman of Congregation Emanu-El and Rabbi Morris Schussheim of Congregation Beth Israel will be participants in the thirty-ninth annual convention of the Rabbinical Assembly to be held in Asbury Park, N. J., on July 3 through 6. Doctor Goldman will be one of the speakers at the evening session of July 3 devoted to the Jewish Theological Seminary of America.

The sessions of the convention of the Rabbinical Assembly will cover discussions on Jewish law, social problems, adult education, and the situation in Palestine and the rest of the world.

Jersey Town Bans Pro-Nazi Speeches

IRVINGTON, N. J. — No swastikas, Nazi speeches, pamphlets, German uniforms, or flags, other than one official German flag and one American, were allowed at the German Day celebration in Montgomery Park here last week. Police Commissioner Edward D. Balentine issued those orders when he granted the Federation of German-American Societies a permit for the meeting.

"No un-American act, by speech, writing or pamphlet will be permitted," he said. "The townspeople of Irvington abhor the principles of Nazism and everything it stands for. We will not permit the violation of our constitution or laws."

\$5,000 For Land Redemption

SARATOGA SPRINGS, N. Y. — The membership of the Independent Order Brith Abraham this week gave another contribution of \$5,000 to the Jewish National Fund for Palestine Land Redemption. In the above picture are seen, from left to right, Max L. Hollander, Samuel Goldstein, giving the \$5,000 check to Dr. Israel Goldstein and Max Silverstein.

Defeat of British Palestine Policy Sought By Zionists

Elected As Delegate

Protest Loss of Defense Weapons

Agency Informed Conditions Safer

JERUSALEM. — The majority of the reserve defense weapons authorized by the Government for the Jewish settlements during the disturbances have been withdrawn during the past few days by the authorities with an official explanation that the security conditions throughout the country have improved to so great an extent that the arms are no longer needed.

The Jewish Agency has protested strongly against this withdrawal. Far from no longer being necessary, Jewish leaders point out, even additional protection is needed in view of the harvesting of grain and vintage crops. It is understood that negotiations are proceeding to have the matter reconsidered by the authorities.

NEW YORK. — Dr. Ilie Berger, of Providence, was elected at the ZOA convention as one of the 34 delegates to represent the Zionist Organization of America at the World Zionist Congress which will be held in Geneva, Switzerland, in August.

Approve Jewish Agency Program

Conclave Praises Palestine Jews

NEW YORK. — The Zionist Organization of America, this week pledged support to a three-point program cabled from Jerusalem by the Executive of the Jewish Agency for Palestine, aimed at defeating Britain's new policy in the Holy Land.

The 1,000 delegates from forty-four states, gathered at the Hotel Commodore, hailed the message from the Jewish Agency, which called for "extraordinary efforts" to prevent the imposition of the British White Paper. The Jewish Agency is the body recognized by the League of Nations as the official representative of world Jewry on matters concerning Palestine.

The program outlined in the message included continuation of Jewish immigration into Palestine, intensified land purchase and colonization and the strengthening of the Jewish Homeland's economic structure; resistance to any administrative regime in Palestine designed to stifle the growth of the National Home, and efforts to convince world public opinion of "the moral, legal and practical untenability" of the British policy.

Nazis Clamp Ban on Czech Jews; Begin Business Purge

BERLIN. — Adolf Hitler's said this week the Nazis' first anti-Jewish decree in Bohemia and Moravia paved the way for "the radical elimination of Jews from business life in the protectorate."

The measure was announced by Baron Konstantin von Neurath, head of the protectorate, and was described as of "extraordinary importance" by the Voelkescher Beobachter. It prohibits Jews from doing business after July 31 without von Neurath's consent: from buying real estate, stocks and bonds, or from entering new business undertakings.

The 120,000 to 130,000 Jews in the protectorate, formerly part of Czechoslovakia, also are required to report to the national bank all

objects of gold, silver and platinum and all precious stones and pearls in their possession. The measure was so sudden that even Czech government officials were surprised.

Der Neue Tag said Jewish property in Bohemia and Moravia was worth 17,000,000,000 crowns (about \$680,000,000).

Von Neurath assumed the right to appoint trustees to manage Jewish property, presumably until it can be "Aryanized." German courts will hear all violations of the decree.

150 Stranded Jews Try Mass Suicide

BUCHAREST. — One hundred and fifty Jews attempted mass suicide by leaping into the sea at Constanza when a refugee ship left them behind, a dispatch said this week.

The Jews tried to force their way through a police cordon. Twenty-six of them succeeded and jumped into the sea. All were rescued.

The small Panama steamship Rim was sailing with 456 Jews. The other 150 were unable to get aboard.

It was believed the Rim was sailing for Palestine. Only part of its complement of passengers had passport visas.

Germans Voice Nazi Opposition

NEWARK, N. J. — An Eastern conference of the German-American League for Culture has proclaimed "devotion to the American democratic system" and "opposition to the race hatred as preached by the German-American Bund and allied groups."

In Orange, the German Presbyterian Church has eliminated the word "German" from its name.

Race Feud Editor Jailed in Poland

WARSAW. — A stir was created in political circles here this week by a Kattowice dispatch reporting the arrest of the anti-Semitic editor of the newspaper Sloska Prawda, P. Sweiga.

The police confiscated documents disclosing Sgiega's connection with Hitlerite organizations. The documents revealed that Sloska Prawda, which has been conducting a boycott campaign against the Jews, maintained contact with an intermediary of Julius Streicher, Germany's leading anti-Semite.

The intermediary, Geszi Schiltz, supplied the newspaper with a list of subscribers in Poland to Streicher's weekly, Der Stuermer, arranging that the subscribers receive the Sloska Prawda instead of the prohibited Streicher organ.

Form Fascist Group Organization

WASHINGTON. — Formation of a "Border Patrol" by Senator Robert R. Reynolds' "American Vindicator" organization, open to boys from the ages of 10 to 18 and aimed at pressing the drive against aliens, is announced in the current issue of the organization's newspaper, The American Vindicator.

ART REFUGEE SALE

LONDON. — The first day of an auction at Christie's of art treasures donated by their owners for the benefit of German refugees realized about \$23,000. Proceeds are being distributed by the Earl Baldwin Refugee Fund.

Styled

BY EDYTHE JAY

The impressive Selib-Magid nuptials will be remembered for a very long time by those who attended . . . In another column of The Herald, the wedding ceremony is described but we mustn't overlook the huge reception Mr. and Mrs. Magid gave on Sunday evening in the Biltmore Ballroom to honor the newlyweds . . . Easily 1500 friends and members of the family drifted in and out during the night, and we noted, rather hastily and inadequately, what a few of the ladies of the evening were wearing . . .

Mildred Sydney was a symphony in a gown of white, topped by a halter of gleaming silver . . . Mrs. Walter Sundlun wore a sophisticated black affair, and a luxurious silver fox cape . . . Mrs. John Silverman in a striking gown of gold, and the gypsy note was her turban — also of gold . . . Reva Novogroski, attractive in her black frock, with white bolero . . . Doris Trinkel had on a gown of chalk white, and its bolero jacket was edged in print . . . Miriam

Magid, sister of the bride, was a perfect darling in her maid of honor's gown of watermelon pink, contrasted by soft blue . . . Her pancake hat made her look like a lovely figure out of a fairytale book . . .

A marquissette gown of black and white was worn by Bernice Cohen — she of the gorgeous blue eyes . . . Mrs. Walter Nelson, petite in a net gown of stop red — and a net turban over her coiffure . . . Sylvia Korb, eyecatching in Nile green net . . . Helen Gerber, was very smart in candy pink . . . Helene Alper Hill was charming in a cream-beige affair . . . Mrs. David Dwares, also chose beige for her outfit — and most becoming it was . . . Irene Rosenfield, in an old-fashioned gown of red and white . . . The adjective "stately," aptly describes Leona Smith — in her black gown . . .

These notes can't even be called a prelude to the names on the guest list — so with apologies to Mr. Schubert, we'll borrow part of his idea, and label this an Unfinished Prelude . . .

Inter-Sorority

The younger set of our town made merry on June 22, when the Inter-Sorority Ball was held at the Roger Williams Park Casino . . . Irma Coplan, chairman of the affair, wore a light blue shirtwaist gown, with an all-around pleated skirt . . . Molly Weinberg keeping up to the dictates of fashion, in the mode of the moment — white sharkskin . . . Lucille Finberg wore a gown that appealed to our sense of the novel . . . It was a black skirt, with a white top — and huge sleeves . . . The noteworthy note was the Mexican belt, that had a cigarette case as its buckle . . . Evelyn Fowler was darling in a black gown — with white bolero . . . Black and white in crepe was also favored by Carolyn Sydel . . . Her gown was fashioned with a dainty V-neckline . . .

There were hundreds more — and very gratifying it was, since the project of Youth Aliyah, will reap the benefits . . .

Zionists Re-Elect Dr. Solomon Goldman

NEW YORK. — Dr. Solomon Goldman was unanimously re-elected president of the Zionist Organization of America this week by the 1,000 delegates attending the forty-second annual convention of the organization in the Hotel Commodore.

All other officers were also re-elected. They are: vice-presidents, Dr. Harry Friedenwald, of Baltimore; Louis Lipsky, Judge Julian W. Mack, Judge Morris Rothenberg, Robert Szold and Dr. Stephen S. Wise, all of New York; chairman of the administrative committee, Judge Louis E. Levinthal, of the Court of Common Pleas, Philadelphia, Pa.; honorary secretary, Ludwig Lewisohn; treasurer, Morris Weinberg of New York, and chairman of the finance committee, Louis P. Rucker, New York.

Arrest Britishers For Assaulting Jews

JERUSALEM. — Assaults on Jewish passers-by by Britishers, which seem to have become practically regular week-end occurrences since the issuance of the White Paper on May 17, were again repeated here last week-end when several British soldiers assaulted Jewish passersby on a Jerusalem street. One of the victims, 39-year-old Eliahu Giladi, was seriously injured. Giladi is one of the founders of Kibbutz Ramat Rachel, Jewish settlement located on the edge of Jerusalem.

Two other Jews received slight injuries.

The soldiers involved in the attacks were arrested.

Guatemala Hits Propaganda Drive

GUATEMALA. — Amending its diplomatic rules regarding the dissemination of propaganda not compatible with the democratic principles and policy of the country, President Jorge Ubico announced that diplomats will not be able to claim exemption under exchange of courtesies and that while no penalty is involved, violation will result in recall of the envoy.

The German colony here is the largest in Central America. Germany and Italy will be the two nations hardest hit by the new decree.

Ledgemont Legends

Mark Twain once said, "We all talk about the weather, but none of us does anything about it." . . . But — Ledgement members can and are doing something about it . . .

When the real Dog Days come to town, when everything is sultry and damp with tropical heat, and the nights are muggy and uncomfortable, the members come to the high hill that is the home of Ledgement . . . Here is true air-conditioning, here is cross ventilation, always a gentle breeze and relief from unbearable heat . . . Only a few minutes ride from the city, and what a difference a few miles can make . . . One gets renewed strength after a short round on the links, followed by a delightful shower, a refreshing meal at the clubhouse, and then friendly talks with members and guests on the screened veranda . . . Contrast between Ledgement and the city can be best appreciated on the return home when the temperature seems to rise with every mile . . . But somehow the cool freshness and strength that one acquired at Ledgement enables one to "carry on." . . .

It is on the veranda one hears the newsy tid-bits of the club . . . One hopes to see a match between the left handers, Casper Frank, and Arthur Bernstingle . . . One hears a glorious defense of golf from Dr. Leo Cohen from the medical standpoint . . . One notes that Lennie Levin, and Harold Pulver, although wearied from a New York trip, stopped over at the Club on their way home, and played such good golf they won the tournament . . . One realizes that Elliot Paris' putting is almost as good now as it was when he was making six and seven one putt holes last year . . . One ob-

Christian Woman Donates Jewelry

CHARLESTOWN. — A Christian woman in Fairmont, W. Va., was so deeply stirred by the plight of the refugees from racial persecution in Europe that she contributed her rings to the United Jewish Appeal for Refugees and Overseas Needs.

Miss May Radcliff walked into a Fairmount store, took two rings off her finger, and asked the proprietor to turn them over to the local refugee fund. The sum realized from the sale of rings was sent to the United Jewish Appeal.

Evelyn Horenstein is playing better golf every day . . . Comment is being made about Jake Anhalt's sunburn . . . Conspicuous by his occasional absence is Joe Kanner, who is spending more and more time in Westchester County, New York . . . Wonder why? . . . Phil Glanzman enjoys his golf round with Eddie Swenson . . . Max Siegel is the most improved golfer in the club . . . Wonder of wonders! . . . He shot a 41 and beat Sol Rothstein . . . Jimmy Siegel will have to play much better golf to come up to the standards set by his father . . . Archie Fain should be seen at the golf club more often . . .

Blanche Goldberg, home from Wellesley where she golfed every A. M. before breakfast, is soon to become one of the best junior players in the state . . . At Sunday dinner, Charles Narragansett Brown was for one instant of the time without a cigar in his mouth . . . Dr. Winkler is beginning to practice his golf again . . . Gertrude Dryfoos is playing very good golf . . .

P. S. . . . A note to all Ledgement members . . . Walking while playing golf gives one the energy and strength that is necessary for seeing the "World of Tomorrow", and not getting tired so easily . . . S. S.

Yemenite Jewess Given Life Sentence

Had Time Bomb Concealed on Self
 JERUSALEM. — Rachel Khab-shosh, 17-year-old Yemenite Jewess who was arrested in Jerusalem last Friday morning when, disguised as an Arab woman, she was found to have a time bomb concealed in her market basket, was sentenced to life in prison by the Jerusalem Military Court.
 The first Jewess to have received such a sentence in modern Palestine, the girl was saved from a death sentence only because the Court upheld her lawyer's contention that because she was under eighteen years of age it was impossible to order her executed.

A British sergeant testified that she had visited the prison to see Ezekiel Altman, 22-year-old Jewish police ghaffir and Revisionist, who was sentenced to death in February, 1938, for killing an Arab boy the previous December, and whose sentence was later commuted to life imprisonment.

Fannies Brice is one Jewish comedienne who can't speak Yiddish! The few words she sometimes uses are scattered pickups from show business.

Descendants of R.I. Founder Participate in Dedication

The hallowed dust of Roger Williams, founder of Rhode Island, rested peaceably today in a memorial, atop Prospect Terrace, overlooking the city, where it was dedicated yesterday in elaborate exercises arranged by the Roger Williams Memorial Association who completed a task that was started by Rhode Island citizens nearly 90 years ago.

Descendant Unveils Monument

The highlight of the program was the unveiling of the monument by Mrs. William C. Schuster, a descendant of Roger Williams. Two other descendants, Frederick Bliss Read, Jr., and George Wightman Williams placed a record box in the monument.

Four descendants of the Rhode Island founder, Alonzo Butler Williams, Clinton Nickerson Williams, 2nd, Edward Brown Williams, Jr., and Herbert Phelps Vose, placed the remains of Roger Williams within the monument.

School Kids Thumb Down Fascist Creed

MILWAUKEE. — In a four year test of 2,422 children in St. Louis to determine what they think of the world, it was discovered by Dr. H. Meltzer, of the Psychological Service, that the children are markedly pro-English, they do not favor a possible Fascist combination of nations, they are more tolerant and less nationalistic than adults. "Children's thinking about nations and races," he said, "tends to be markedly stereotyped."

In the four years Dr. Meltzer found the children's love for country increasing. It rose from a percentage of 90 who expressed "intense like" for this country, to 92 per cent. A few expressed dislike for the country but four years later there were none in this category.

Pine Brook Draws From All Sections

The arrival of a guest at Pine Brook Lodge, the adult camp at Nichols, Conn. from Vienna has prompted Ben Plotkin, its manager to comment upon the wide territory from which Pine Brook's guests are drawn. "We", he said, "have guests at Pine Brook from every state in the Union. In fact we believe that Pine Brook is less dependent upon any one locality for its guests than any summer resort. In fact so substantial is Pine Brook's guest attendance that it maintains special representatives in most of the cities."

Ex-President Hoover Assails Regimentation

NEWARK. — The regimentation of Fascist youth was attacked by former President Hoover before 800 members of the Boy's Club of Newark. "That is not what the United States wants," he said. "We do not want any of the forms of compulsion now present in Europe, which are paralyzing individual liberty."

Band Opens Program

The program, yesterday afternoon, opened with a concert by the 103rd Field Artillery Band under the direction of Warrant Officer James Collins.

Most Rev. Francis P. Keough D.D., Bishop of Providence gave the invocation.

A series of addresses then followed by General Treasurer Thomas P. Hazard, Mayor John P. Collins, Prof. Samuel H. Brock-unier of Wesleyan University, Ralph Walker, the memorial architect, and Leo Friedlander, sculptor of the monument. Addison P. Munroe, president of the Association, gave a history of the monument to erect the memorial to Williams.

Clergy Appointed

After a hymn by the audience, Rev. Arthur W. Cleaves, pastor of the First Baptist Church, offered a prayer. The benediction was given by Dr. Israel M. Goldman, Rabbi of Temple Emanuel.

Delegates from all the chartered commands of the State, under the command of Col. William M. P. Bowen of the First Light Infantry attended the exercises. A delegation of South County Indians in tribal regalia were also present.

Refugee Smuggler Is Adjudged Guilty

JERUSALEM. — British Police Inspector Henry Gerard Gordon Goddard, accused of helping to smuggle thousands of Jewish immigrants into Palestine, was convicted this week on thirty counts of contravention of the Palestine criminal code.

District Judge Bernard V. Shaw put Goddard on probation for two years on a bond of \$1,800 in view of his previous good record.

Foreign correspondents stationed in London now refer to Britain as the Lion of least resistance.

THE HEART FORGETS NOT

Now I must put my sombre cloak aside
And wear a vivid red and silver gown
I mustn't weep because you wounded my pride
Nor let this futile grieving bow me down . . .

The nice things once you said, I've locked away
Because I must have known—prophetically
That I would sorely need them all some day
To keep your image in the soul of me . . .

And yet, though sorrow's garb and I shall part
There's still a mourning band around my heart . . .

His shop had been listed in the 'Trade Guide' of the German Consumers' League, an affiliate of the Bund.

Name of Einstein Called Handicap

Judge Grants Change to Easton

WHITE PLAINS. — Anti-Jewish and anti-German prejudices can handicap West Point and Annapolis, it was asserted in a name-change plea in County Court last week.

Jay Allen Einstein, fifty, of Mount Vernon, who has a son at West Point and another in the Naval Academy, stated in his petition that officers—whom he did not name—had dropped friendly warnings to the boys that their chances of advancement would be increased by a change of name from Einstein, "which is distinctly German and Semitic."

Acting Judge John A. McKenna granted permission to Einstein's family to adopt Easton hereafter.

Yiddish Theater Projects Menaced

WASHINGTON. — Passage of the 1940 Relief Bill as introduced in Congress this week by the House Appropriations Subcommittee will spell the doom of the Jewish Division of the WPA Federal Theater Project, depriving 90 Jewish actors, dramatists and directors of their means of livelihood.

Reduced by previous personnel slashes from 300 to 90, the Yiddish Division, will be eliminated entirely in the event of the bill's passage.

Friends of the Theater Project announced they would fight for inclusion in the proposed bill of a provision for the continuation of the Federal Theater. The Yiddish Division is the first Federal-supported Jewish theater in America.

Polish Minister Denounces Cruelty

WARSAW. — Education Minister Swietoslowski denounced the "unhealthy moral atmosphere" prevailing at the Lwow Polytechnic Institute, where a Jewish student was recently murdered by anti-Semitic Nationalist students.

In a letter to the school's senate, the Education Minister declared "the murder proves that the unhealthy moral atmosphere requires a strong reaction against decadence." The senate making the letter public, called upon all student organizations to condemn criminal actions.

Orders Put Up to Take Out

\$5,000,000 Wanted to Fight "Isms"

Association Plans National Campaign

To Open 100 Regional Offices

NEW YORK. — The Friends of Democracy this week appealed for \$5,000,000 to be used in an anti-Fascist, anti-Communist drive.

The drive marks the entry of the organization, which has operated around Kansas City, into the national field. L. M. Birkhead, director, said that only one percent — \$50,000 — of the fund would be used for the federation's expenses. A hundred regional offices are to be opened.

Mr. Birkhead said he was convinced that the \$5,000,000 sought would counteract the \$30,000,000 annual program of the subversive groups."

Claims 10,000 Members

The organization, he said, now has about 10,000 members; is non-political and non-partisan; and its program is backed by a committee of school, civic, and literary leaders.

The group's letterhead lists as committeemen George Gordon Battle, Van Wyck Brooks, Louis Bromfield, Lee de Forest, Will Durant, Stanley High, Paul Hutchinson, Thomas Mann, Robert A. Millikan and Westbrook Pegler.

Einstein, Mann Ask Return to Religion

Would be Method To Save Mankind

PRINCETON, N. J. — Albert Einstein and Thomas Mann, noted German exiles, issued a joint call here for a return to the "precious traditions" of the Jewish-Christian religion as a method of saving "civilized mankind" from the intolerant aggression of totalitarian states.

Einstein, speaking on "Education and freedom," contrasted the "nationalism and intolerance" of Fascism with the "living spirit" of democracy, and issued a call for renewed faith in "the highest principles of our aspirations and judgments" which are "given to us in the Jewish-Christian religious tradition."
