France Goes Fascist

While it is difficult to estimate the future of France at this time, it is obvious that the Petain Fascist government will not deal kindly with Jews or political refugees that remain in the insular state.

Already the Nazi-controlled newspapers are demanding decrees that would place the yellow badge of shame on Jewish establishments. Already there is evidence that the new corporate state will have to blame someone for the corruption and inefficiency that brought France to her knees after three weeks of blitzkrieg warfare. Britain will come in for its share of censure but the bulk of blame will fall on the Jews.

That France will remain Fascist indefinitely, is hard to believe. The doctrines ingrained in a people by a long period of free government are not eliminated by one disaster. As the New York Times puts it:

"If France goes Fascist it will not be by the free choice of the French people. No genuinely democratic people has yet chosen to follow the Fascist way; and the French, of all peoples, will not choose it voluntarily. If there is a temporary phase of fascism in France it will be the product of the defeat and the German occupation. For fascism is as foreign to the undying spirit of France as the savage death penalties decreed by the German army commanders. It is a darkness that will surely pass when the shadow of Hitler has been lifted from the world."

Things to Remember

News Item — Officials of the League of Nations are preparing to leave Geneva for Lisbon, it was reported this week. The labor palace near the general League building has already been deserted. With the disappearance of many of the states that have supported the League, it is questionable how long the side-line work of the League will continue.

A Welcome Change

Radio "thrillers" that pinned the ears of children to loudspeakers are on the way out. This accomplishment resulted not from the protests of parents but from children themselves who have wearied of continual sensational fare.

Evidence of the trend was shown in a survey that questioned some 60,000 pupils. While they still wanted mysteries and adventures they preferred them "with less shooting."

As radio programs are created to satisfy the children's own tastes, sponsors will have to take cognizance of the rebellion. Programs of the future, according to the Christian Science Monitor, will accustom children to listen attentively without having their emotions overstrained; they will stimulate healthy interests, curiosity and intelligent discussion, and they will cultivate the child's inherent feeling for poetry, music and drama.

Hate Anti-Semitism, Says Wendell Wilkie

NEW YORK. — In an interview with a representative of The Day, Wendell Wilkie, Republican nominee for president, went on record as being opposed to anti-Semitism. Mr. Wilkie said:

"I consider anti-Semitism in America as a possible criminal movement and every anti-Semite as a possible traitor to America. If anti-Semitism should spread its roots in the United States as it has done in most of the countries of Europe, then it definitely would be a calamity for the United States."

Because of the non-profit character of the organization, the camp's rates have been set at the low rate of \$13.50 for two weeks. Registration is open to any individual boy or girl upon acceptance by camp authorities and payment of the camp fee. It is expected that 150 Jewish children will be at the camp this season. Dictators Decide Fate of Palestine

List Feuchtwanger As German Prisoner

LONDON. — Lion Feuchtwanger, noted "non-aryan" German author, was listed this week in an exchange telegraph dispatch from Zurich as among the list of onetime refugees from the Reich who have been captured by the Germans since France surrendered.

Feuchtwanger, German Jewish historical novelist and dramatist, emigrated from Germany soon after the Nazis attained power. Like many others of world repute, he was deprived of his citizenship. Feuchtwanger's books have been translated into many languages. One, Jew Suss (published in the United States as Power), was acclaimed throughout the world.

Want Parisian Jews To Tag Their Shops

PARIS. — France is beginning to hear the beat of the anti-Semitic drums. Radio attacks on Jews now are going out from French stations, and a certain section of the Paris press has asked for regulation of Jewish businesses.

A letter published in the anti-Jewish newspaper, France at Work, urged that all Jews be required to label their business places Jewish-owned.

"The indication of Jewish firms," it said, "will be a warning to German soldiers not to give away their money to a race they know too well. Later this measure should apply also to personal property, real estate and banks."

Palestine Would Be Independent Dominion German Papers Spread Rumors

LONDON, (Palcor Agency. — That a secret agreement has been signed between the British Government and the Jewish people is the contention of a story prominently displayed in German and Italian newspapers, it has been learned here.

(Neutral quarters have ventured the opinion that the purpose of this story is to alienate the Arab world from the Allied cause. The story itself is presumably based on an alleged promise given to Dr. Weizmann by Winston Churchill to the effect that after the war Palestine would at last be given to the Jews as their very own.)

According to this latest publication of assertedly secret agreements by the Rome-Berlin Axis, the British Government has promised to recognize Palestine as an independent Jewish Dominion of the British Empire and has further promised to the Jews a part of Abyssinia as colonization territory after the common victory.

The Jewish people, according to this story, was represented in

Mobilizer Leader Fined for Speech

NEW YORK. — Joseph McWilliams, 36-year-old leader of the Christian Mobilizers and candidate for Congress on an anti-Semitic program, was convicted last week in Magistrate's Court and received the choice of paying a \$50 fine or spending thirty days in jail.

The decision was reached in Felony Court, Brooklyn, to which Magistrate Vincent J. Sweeney had carried the case after several hearings in Yorkville court, beginning June 26. The charge was disorderly conduct, and more specifically it was contended that McWilliams had breached the peace by anti-Semitic remarks made in a street corner campaign oration June 21.

Wife of Fascist Leader Arrested

LONDON. — Lady Mosley, wife of the imprisoned anti-Semitic British Fascist leader and sister of Hitler's friend, Unity Valkyrie Freeman-Mitford, was arrested by Scotland Yard's anti-fifth column squad as British leaders denied that peace negotiations with Nazi Germany were in progress.

Lady Mosley, an active leader of Sir Oswald Mosley's British Union of Fascists, was, with her younger sister, frequently in Germany as the personal guest of Hitler during the appeasement era. Lady Mosley became so fanatically pro-Nazi that she trained her two small sons to greet visitors to her town house with the Nazi Salute and cries of

Liberal and Labor Groups Guard Against Losses in Arms Speed-up

PM, that new New York Daily, has asked its correspondents all over the country to keep an eye on what happens to civil liberties and social advances during the big U. S. preparedness drive. Herewith a few straws-in-the-wind have been sifted.

Seattle: On Guard

It's tougher to get across the border than in the old days of 54-40 or fight . . . War emergency regulations are in effect for the Port of Seattle . . . The WPA program has been cut to pieces as social security projects take a back seat to defense and rearmament. At its peak in August, 1938, WPA fed 62,000 heads of homes in the State of Washington, where every sixth person is on relief. Today, thousands have been turned off WPA, have no way to get their daily bread, Carl W. Smith, state WPA director admits. The rolls were cut by 1000 July 1.

A total of 7000, certified as penniless, are waiting on the rolls because there are no funds . . . The Ku Klux Klan is burning crosses near Bellingham, is active around Centralia . . . The words "Red" and "fifth columnist" are being thrown around in unions to spike opposition factions . . . Longshoremen tabled a resolution aimed at branding some of its leaders with such tags. . . .

The Newspaper Guild here unseated two of its delegates to the Seattle Central Labor Council because they didn't plug hard enough for a Guild-sponsored anti-Communist resolution. . . . Harold Pritchett, president of the International Woodworkers of America (CIO), says there's a terrific amount of alien-baiting by employers designed to weaken labor, says much of it heads straight to him. He's Canadian.

Philadelphia: Not Yet

So far there's been no overt interference with social progress here under cloak of preparedness speed-up. However, CIO organizers trying to organize the Sun Ship-building and Drydock Co. yards at Chester, Pa., have encountered deftly spread rumors that they are "Reds," and company officials miss no opportunity to make public the fact that FBI men are in the yard watching for any subversive actions.

St. Louis: 'Witness' Fired

No signs of large proportions, but significant little indicators of "things to come." . . . City efficiency board, after seeing newspaper picture of some Jehovah's Witnesses being pummeled by mob of Legionnaires, deputies, etc., at Litchfield, Ill., recognized one Robert Reed, city life guard, among Witnesses, fired him; board chairman explained "we don't want anyone with such views around here." . . . The Workers Alliance was refused a permit to stage a meeting on Municipal Plaza, but when ACLU attorney pointed out that this was contrary to Federal ruling in the Hague case, the permit was granted . . . Some Jehovah Witnesses were arrested on

Examining Arab patients at Hebrew University's Malaria Research Station at Rosh Pinah, located in Upper Galilee, Palestine, on the edge of the great Huleh swamps. Extensive research by the University's scientists in the control and prevention of malaria has been of great value to the country in greatly reducing the previously heavy death toll taken by this disease, and in making colonization in large areas of the country previously uninhabitable.

charges of peddling without licenses, but were speedily acquitted.

Cleveland: Aliens Fired

Scores of aliens have been fired from private employment, many others refused a chance at jobs. But the city government, after a

survey to determine the number of aliens on its payroll, neither laid off nor fired the only two discovered . . . City officials have barred use of cameras and indiscriminate visiting at local airport . . . Welfare program has not been impeded . . . Some agitation for relaxation of Federal law barring labor spies, on the ground an employer might need observers to check sabotage.

Los Angeles: Hynes In

Liberal and labor groups here unsuccessfully protested the assignment of Capt. William "Red" Hynes to the special police bureau investigating suspected fifth columnists. Hynes for years had been chief of the Los Angeles "Red Squad", had notoriously used it as a strike-breaking agency . . . Defense program already converted into argument for reduced expenditures, services, taxes in county, city, school, governmental subdivisions; spokesmen for organized property owners insist local taxes should be lowered because of increased national defense levies . . . All recipients of state relief have been ordered to sign WPA affidavit.

Indianapolis: Special Bureau

Indianapolis police have set up a special bureau to ferret out "fifth columnists." So far they have begged one: a member of Jehovah's Witnesses. He refused to salute the flag, was charged with desecrating it, and is now out on nominal bail.

Detroit: All's Well

The preparedness speed-up has in no way interrupted or retarded social progress in this community. No laws are being ignored that weren't always ignored.

Nye Angered; Says FBI Called Him Nazi

WASHINGTON. — Senator Nye (R., N. D.), asserting that he had been investigated by the FBI in connection with alleged pro-Nazi activities, added this week that the agency should disclose who suggested the inquiry.

Nye told reporters that while he was having a friendly conversation with J. Edgar Hoover yesterday on another subject, Hoover informed him that he had been the subject of a lengthy inquiry but that the bureau's findings were a "complete blank." Hoover invited him to inspect the bureau's dossier concerning him. Nye said that he would do so.

Curb on Bias Would Have Averted War, Says Green

NEW YORK. — The present European war would have been averted if Great Britain and France had stopped Hitler when the Nazi Fuehrer began persecuting the Jews, William Green, president of the American Federation of Labor, told more than 1,500 persons gathered at a dinner in his honor at the Hotel Commodore.

The dinner, given in recognition of Mr. Green's "championship of democracy, humanitarian leadership and interest in the upbuilding of the Jewish National Home in Palestine," was held under the auspices of a committee composed of delegates from leading labor unions. Senator Robert F. Wagner of New York was honorary chairman of the committee.

Fascist Group Seeks To Restrict Voting

NEW YORK. — The American-by-Statesmanship Crusade for the Restricted Franchise, described as a new Fascist organization, is distributing throughout the United States a "Manifesto", urging that the majority of American citizens be deprived of the right to vote, according to The Hour, anti-Fascist weekly.

The manifesto exhorts "intelligent Gentile people" to join in a crusade against "Equality, Fraternity, etc.," the anti-Fascist publication stated. The manifesto strongly anti-Semitic, implies that among the "inferiors" who should be deprived of the right to vote are the Jewish people, who "have organized a state within our state which has corrupted Christian economics."

Father Coughlin Predicts A More Potent Christian Front

DETROIT, MICH. — "The Christian Front will emerge more vigorous and more potent than ever," was the belief expressed by Father Coughlin when he learned of the acquittal of most of the Christian Fronters on charges of conspiracy and stealing Federal property.

This is in direct contrast to the statement he made at the time of the arrest when he said: "Actually the Christian Front is a Communist organization — disguised as anti-Communist — to stir up trouble from which the Reds can benefit."

As part of his statement after the trial, Father Coughlin also saw fit to make the significant an-

nouncement, considering the recently intensified anti-Semitic policy of Social Justice:

"Regretfully, those people who started the complaint in the first instance thought that this would be the best way to put down anti-Semitism. Their judgment was erroneous, however, because the resentment on the part of the victims is liable to increase the wave of anti-Semitism throughout the country, particularly as the jury has found them not guilty."

Palestine Blackout Functioning Smoothly

JERUSALEM, (Palcor Agency) — Since the beginning of June precautionary black-outs have been the order of the day — or rather night — in Palestine, and previous in many places throughout the country had so well prepared the inhabitants that there has been a minimum of untoward incidents.

Other schemes now under consideration or already in practice are for the protection of the Iraq petroleum pipe line from Mosul to Haifa terminal, the oil-reservoir area in Haifa Bay, and the water pipe line from the costal river of the Yarkon near Tel Aviv to Jerusalem, as well as the great electricity plant at Naharaim and the power house in Jerusalem.

Concerts Featured At Pine Brook Lodge

Pine Brook Lodge, Nichols, brings to its guests every athletic and entertainment feature. One of the most popular assets of the famous New England resort are the nightly concerts presented after dinner in the beautiful rustic lodge. Accomplished performers interpret the music of the masters.

The artists include Buddy Marsh and Robert Goldman at the twin pianos; Sandra Lynde, graduate of the Julliard School and former star of Max Gordon's triumph, "The Great Waltz"; Bill Johnson, popular N.B.C. baritone, last seen in "Two For The Show"; Joseph Pilato, virtuoso of the flute, and Alden Porter's Symphonic String Trio. Recorded programs are an additional feature, with accompanying lectures by Charles Steingart, of the New York City Board of Education.

Synagogue Defacers Get Jail Sentences

ST. PAUL, Minn. — A scathing denunciation of the fifth column in the United States and particularly the Nazis who seek to create racial divisions in the United States, was uttered by the John W. Firehout, Judge of the Municipal Court here, in the course of sentencing Robert Johnson and Charles Borgan who were found guilty on the morning of May 19th of painting swastikas on the Sons of Moses Congregation Synagogue.

They were also responsible for defacing with swastikas several Jewish owned places of business on Canada Street in St. Paul and marking the following inscription on the sidewalk facing these properties: "Hitler will soon be here," and "Watch out, Hitler will come here and kill the Jews." The defendants were sentenced to thirty days each in the St. Paul Workhouse.

After ten days outside the city limits, we're beginning to feel like country cousins — but it's a nice feeling and we recommend it for all of you who are beginning to feel there's a lull in your life . . .

We haven't lost complete track of the outside world, however, and have managed to be interested enough to gather the following modes of the moment for you and you and you . . .

To go with your pompadour and your hat of the same name, a mask veil of sequin embroidered lace . . . Really effective . . . Can you picture it . . . It's attached to the hat, of course — and covers only your eyebrows, eyes and the tip of your nose . . . A bewitching piece of flattery and definitely on the unique side . . .

Spotted during our vacation:—A sunkissed glamour gal — but extremely brown from the rays of Old Sol — wearing iridescent white nail lacquer . . . This combination always takes our breath away, despite the fact we've seen it on a few extremists during past seasons . . . This particular femme was wearing petal pink lipstick, her eyes were blue, her frock white and her hair a golden brown . . . Her skin was somuch darker than the rest of her, that we felt we were looking at the negative of a film . . .

For the side-saddle dress you no doubt will have for the Fall, choose black crepe dramatized with deep fringe trimming that swings hither and yon when you walk . . .

For summer correspondence, sea green ink on light green stationery . . . The recipient will feel as if an ocean breeze were enclosed in your note . . .

With apologies to the producers of "Til We Meet Again," we give this hint for your summer serving of tall, cool drinks . . . A few hours before you expect to serve your guests, moisten the rims of your glasses, dip them in powdered sugar and send them to the refrigerator to freeze

Plans Made for All Day Outing

Congregation Sons of Abraham will conduct an all day outing and picnic at Goddard Park, Field D-1, Fireplace 10, on Sunday July 28, it was announced this week by Jacob Alprin, general chairman. Free transportation will be furnished by the synagogue. Special buses and private vehicles will leave at 9:30 o'clock on the morning of the outing from the corner of Prairie and Potter avenues.

Violet to Speak At Charity Picnic

Alderman "Mickey" Violet will be among the speakers at the second annual charity picnic sponsored by the Providence Hebrew Sheltering Society at Field D, Fireplace 10, Goddard Park, on Sunday, July 21. Joseph Grossman is chairman of the arrangements committee.

. . . When serving time arrives, you'll have a frigid halo around the top of the glasses and no matter what the beverage, it will be improved when sipped through the frosty sweet rim . . .

For you patient career girls, who have foregone your summer vacation for one in the winter, select gingham for city streets . . . Nothing is cooler than cotton when the thermometer turns handsprings . . . And is there anything more comforting than the thought that your (Continued on Page 5)

Refugee Children

Subscribers who have been calling the Herald office for information on refugee children have discovered that red tape is strangling their hopes . . . The Refugee committees can stretch the tape but they dare not cut it . . . It must be remembered that the prospective man or woman who wishes to care for European children must designate a specific child now residing in Europe . . . These children cannot be adopted for the English have passed a law prohibiting the adoption of children outside the commonwealth . . . The number of Jewish children who will come through these channels are few and it is not anticipated that the volume will increase in the near future . . . If you're still insistent, however, and can comply with all conditions, don't expect to get the child on the next boat . . . It takes time . . .

With many Jewish women working for the Red Cross, it is expected that the organization may recognize their activity by setting aside a day to be known as Jewish day . . . Geologist, Jewish Constable Are Murdered by Robbers

JERUSALEM, (Palcor Agency) — George S. Blake, 64-year-old geologist employed by the Palestine Mining Syndicate, and Constable M. Shwiki were shot and instantly killed when a party of engineers engaged in prospecting in the vicinage of ancient Sodom at the southern end of the Dead Sea was attacked by robbers.

Blake, formerly employed by the Palestine Government, joined the Palestine Mining Syndicate, a subsidiary of the Palestine Potash Company, in 1939, after it had obtained two licenses for ex-

ploring for oil west of the Dead Sea in July of that year.

Geologist Well Known

The former Government geologist was well known in Palestine, having earned the gratitude of the Jewish colony of Ayalet Hashachar on Lake Hulen in 1938, when under his direction Government workers found two water wells at the spot originally believed to harbor very little water and thus opened up the prospects of intensive cultivation at the colony.

Shortly thereafter he retired from Government service, continuing however in an advisory capacity to supervise the issuance in November, 1939 of a map of Palestine produced by the Geological Section of the Public Works Department of the Palestine Government.

Roumania Blames Jews for Russian Seizures

6th Column Threat to U.S. Cited at Institute Emphasize Danger Of Unemployment

WELLESLEY, Mass. — The United States is threatened by a "sixth column" composed of poverty-stricken men and women willing to sacrifice their freedom for any plan that promises security. Prof. George Rogers Taylor of Amherst College told the Cummmer Institute for Social Progress at Wellesley College.

With 9,000,000 Americans unemployed and 15,000,000 more living on less than \$500 a year, he said, totalitarianism becomes a serious menace unless political parties can overcome poverty, restore faith and sustain democracy.

"German character is probably still suffering from the effects of the 30 years war 300 years ago," Richard B. Gregg, South Natick author, said at the conference on religion and democracy.

He urged the elimination of fear from the thinking of Americans, asserting that the combination of large scale defense plans and raising hatred and indignation decreased the capacity of individuals to appreciate or to create those things valued by civilization.

Spreads Unrest

PRAGUE. — General Gajda, notorious anti-Semite, with the rise of Nazi power coupled with the march westward of the Russian Bear, has assumed the post of stirring up feeling against the Jews. He is credited with behind-the-scene efforts in the Galati pogroms.

Sidewalk Swastika Frightens Woman

ROCHESTER, N. H. — Apparently unnerved by reading newspaper accounts of "fifth column" activities an excited woman, who would not give her name called police headquarters and informed City Marshal James Bowering, that a German flag bearing the swastika emblem was lying on the pavement in lower Charles street.

Marshal Bowering and Special Officer C. E. Goodwin rushed to the place in a police cruiser but failed to find the flag. However, they did find the swastika emblem formed on the pavement with adhesive tape.

Although Lisbon was founded by the Phoenicians, there is no record of Jews in the city until the 12th century.

Alleged "Uprising" Termed False Here

Score Pogroms As Smokescreens

NEW YORK. — Dominant elements in Bucharest are creating a spurious alibi for a pogrom against Roumanian Jews in order to divert attention from the Soviet seizure of Bessarabia and Northern Bukovina leaders of four national Jewish organizations charged in a statement issued this week.

Alleged uprisings of "Jews and Communists" in seized Roumanian territories, reported in government propaganda releases from Berlin, Rome, and Bucharest, were branded as similar to "justifications" advanced by the Nazis for their persecutions in the past.

The statement was signed by Adolph Held, chairman, Jewish Labor Committee; Henry Monksy, president, B'nai B'rith; Sol Mr. Stroock, chairman, Executive Committee, American Jewish Committee; and Rabbi Stephen S. Wise, president, American Jewish Congress.

The statement in part read: "Recent dispatches based on government propaganda releases in Berlin, Rome, and Bucharest, describe what purport to be uprisings of Jews and Communists in the Roumanian territories of Bessarabia and Northern Bukovina which have been annexed by the Soviet Government. The official German news agency and the Bucharest newspaper CUR-ENTAL have also published inflammatory anti-Jewish articles accusing the 300,000 Jews of the lost area of "excesses" designed to cause internal unrest.

"This language, published by permission of the Roumanian censor, is familiar to any American who recalls the 'justifications' advanced by the Nazis for their persecutions in the past. In order to divert the attention of the Roumanian people from the loss of territory to the Soviet Government, it is apparent that the dominant elements in Bucharest are whipping up a spurious alibi for a deliberately plotted pogrom against Jews.

"The reported massacre of 600 Jews in Galati may be followed by even more awful slaughter, as the Roumanian people is whipped up to seek an outlet for despair at seeing their land so brutally partitioned. The smokescreen of 'insurrection,' attached to an impoverished, weak and politically helpless group, will not mislead intelligent Americans."

DR. JOSEPH L. BARON

PHILADELPHIA. — The Jewish Publication Society this week announced the release of "Candles in the Night," a collection of Jewish tales by Gentile authors. The book was edited and compiled by Dr. Joseph L. Baron, rabbi of Congregation Emanuel B'ne Jeshurun in Milwaukee.

Sedition Plot Suspect Fails in Bail Attempt

NEW YORK. — Despite efforts by his attorney to obtain his release on bail, William Bishop, accused by Federal officials of being the ringleader of a conspiracy to overthrow the United States Government and to steal government property, remained in prison.

Bishop is one of the five of the fourteen defendants in the conspiracy trial on whose guilt the jury disagreed. Nine of them were acquitted. Bishop has been in jail since his arrest on Jan. 13. It was made known on Friday that the Immigration Service had instituted deportation proceedings against Bishop. A warrant was prepared and will be served if Bishop is released on bail.

Recover Stolen Car in Uxbridge

Stripped of its tires and radio, an automobile, owned by Dr. Nathan Leavitt, 209 Westminster street, and stolen from a yard at 368 Central street, Central Falls, was recovered last Saturday in woods near Uxbridge.

The car, police charge, was stolen by William C. Pascik, 39, who is now serving a 90-day sentence on a charge of carrying a concealed weapon.
