## U.S. Senators Visit Palestine for Hearst

### Insist Their Visit Has No Official Backing

Jerusalem (WNS-Palcor Agency)—The delegation consisting of United States Senators Royal S. Copeland of New York, Warren Austen of Vermont and Daniel Hastings of Delaware has come to Palestine to make a survey of the country at the request of William Randolph Hearst, American newspaper publisher, it was revealed in a statement issued to the press by the distinguished American visitors.

The statement emphasized, however, that the Senators were also "mindful of the fact that the American government is most interested in this country's problems," though they hastened to add that their visit to Palestine was in a purely unofficial capacity.

The Senators said in their press statement: "We have come to Palestine not as officials but as American citizens. We are not committing the American government by anything we do or say. We undertook this visit in order to secure accurate information on the Palestine situation for William Randolph Hearst, the newspaper publisher.

"But we are also mindful of the fact that the American government is most interested in this country's problems and the information we will gather will be of value to us as Senators. We are free from bias and prejudice and give assurance that our survey will be impartial.

"We invite the cooperation of all who can help. All Americans are genuinely interested in Palestine's peace and prosperity. In the midst of a world-wide depression, from which America also suffered, we have watched Palestine's great prosperity with admiration. Americans have contributed greatly to the reconstruction of Palestine for the benefit of all elements of the population. We are confident that an early return of peace will ensure the continuation of American economic aid."

## Dictator of Greece Reassures Jews

Athens (WNS)—Jews have nothing to fear from his regime, it was declared by Premier John Metaxas, Fascist dictator of Greece, in a statement issued through M. Popochilos and M. Mayollos, vice-ministers. Deigned to allay the alarm of the Jewish population over the Nazi character of the new regime, the statement cautioned the Jews to be loyal and warned Jewish labor to have nothing to do with Communist elements.

## Suicide Reveals Builder Of Village was Non-Aryan

Berlin (WNS)—Hounded by Nazi anti-Semites and dismissed from active military service, Captain Wolfgang Fuerstner, builder, organizer and for a time commander of the Olympic Village, has committed suicide, and his death has revealed that he was partly Jewish and thus one of the few remaining non-Aryan officers in the German army.

When his death was first reported the circumstances were shrouded in mystery. Nazi officials refusing to reveal any of the details. Shortly before the opening of the Olympic Games Fuerstner was removed from command of the Olympic Village and made second in command, and the Nazi press attacked him before and during the Games.

Foreign Olympic athletes saw walls in the Olympic Village smeared with the words "Down with the Jew

## Backs Spain's War

Dr. Juan March, Spain's richest man, who is accused by leftists of financing the present Fascist revolt. The Spanish multi-millionaire recently was reported to have contributed heavily to the rebel's war chest, part of which was used to purchase a fleet of Italian bombing planes.

## MAYOR CHARGES "DIABOLICAL GAME"

Tel Aviv (WNS-Palcor Agency)—The most blistering comment from Jewish sources on the conduct of the Palestine government during the present disorders emerged in the form of an open letter addressed to the Palestine government by the 76-year-old Mayor Meier Dizengoff of the all-Jewish city of Tel Aviv, who charged the British government which holds the mandate for Palestine, with a "diabolical game."

The venerable mayor bluntly told Sir Arthur Wauchope, British High Commissioner for Palestine, that the evidence showed that the administration was doing everything in its power to block the Jewish National Home, although the establishment of that home was supposed to be the cardinal principle of the Palestine Mandate by the League of Nations

## Fuerstner," and the Judenkenner, militantly anti-Semitic paper, had demanded his dismissal.

**Able Army Officer**  
Because Fuerstner was recognized as one of the ablest army officers the War Ministry deliberately overlooked his non-Aryan ancestry. He was in complete charge of the army sports organization and was credited with the fine showing of army athletes in the Olympics.

The sole public expression of regret over his passing was an announcement inserted in the Volkischer Beobachter by Lieutenant General Keitel, chief of the army Office, reading: "On August 19th Captain Wolfgang Fuerstner of the Reich War Ministry died unexpectedly. We have lost in him a loyal, dutiful and energetic officer and comrade who was ever helpful and courteous. We shall hold his memory in honor."

## Terror Grows In Palestine

### Jewish Leaders Insist on Emergency Regulations

Jerusalem (WNS-Palcor Agency)—Terror is spreading in Palestine and, as a result of the Government's failure to use the emergency regulations, it has not succeeded in restoring order, Jewish leaders in Palestine told High Commissioner Sir Arthur Wauchope, in a lengthy interview at Government House.

The delegation, which was headed by Isaac Ben Zvi, President of the Jewish National Council, demanded the enrollment of the Jews to guard roads, railways, communications and electric lines.

The government was also urged to permit the cooperation of Jewish youths in combatting Arab bands. The Jewish notables also asked that the Jewish quarters in Jaffa be included in the boundaries of the all-Jewish city of Tel Aviv and that the road between Tel Aviv and Haifa be completed in order to assure greater security for the Jewish settlements through which this main highway would pass.

## WPA THEATRE PLANS JEWISH PROGRAM

### Hope to Reach Audience of Two Million

New York (WNS)—New York's professional Yiddish stage will be augmented next season by the new Works Progress Administration Federal Theatre Project's Jewish theatre, which has mapped out an ambitious program designed to reach a potential Jewish audience of 2,000,000, it is announced here.

The Jewish theatre will produce six plays and will include two drama companies, two musical review units and two companies which will present Jewish plays in English. All plays will deal with modern Jewish life.

A Broadway theatre is being sought for the companies, and it is planned to take the plays, after their premieres, on a tour of the entire city, with at least one Jewish play showing every night in each of the five boroughs.

## Jews Are Not Pacifists War Veterans Declare

New York (WNS)—The Jews of the United States are more than willing to fight in defense of their country and its democratic principles, it was declared in a resolution adopted by the executive council of the Jewish War Veterans of the U. S. and to be submitted to that body's annual convention at Pittsburgh over the Labor Day week-end.

The resolution replies to one recently adopted by the Central Conference of American Rabbis calling on the government to grant exemption from military service to Jews who have religious scruples against fighting.

## Palestine Aroused by Collective Fine

### Ticket Chairman

BENJAMIN KANE

Jacob I. Felder, general chairman of the annual Home for Aged Carnival today announced the appointment of Benjamin Kane to the important post of chairman of the Ticket Distribution Committee.

On Wednesday evening, September 2, members of the Carnival Committee will gather at the Home for Aged to discuss final plans for the Carnival.

## JEWISH QUARTER RAIDED IN POGROM

Warsaw (WNS)—Hundreds of Jews were driven from their homes in the town of Wiszonki, Central Poland, when a mob of anti-Semites staged a midnight raid on the Jewish quarter. Led by a man on horseback, shops were raided and looted, merchandise burned in the streets and furniture and other household goods destroyed. The paucity-stricken Jews fled from their homes to nearby towns. Those who were unable to leave town hid in cellars and basins until the anti-Semites left. The police arrived when the bandits were gone. A special police battalion from Bialystok has been sent to Wiszonki. Damage is estimated at thousands of zlotys.

In Eastern Galicia the Jewish population is being terrorized by armed bands of Ukrainians. The most recent outbreak occurred in Ratchnive where Leib Kalmin, his wife and two children were murdered.

## Seamen Slug Americans In Riot on Board Bremen

New York (WNS)—A new international incident involving Germany and the United States is believed to be in the making as an aftermath of the slugging and beating of men and women by the crew of the S. S. Bremen in an attempt to break up an anti-Nazi demonstration.

Scenes of violence like those that occurred just a year ago on the same ship when the swastika was pulled down were reenacted when 150 men and women suddenly unfurled banners bearing such inscriptions as "Hands off Spain," "Stop Nazi War Movement" and "Down with Nazi intervention."

A dozen girls in white sweat shirts which bore in red letters the words "End Nazi War Movement" chained

## Hebrew Press Demands \$1,250 Fine be Annulled

Jerusalem (WNS-Palcor Agency)—The imposition by the Northern District Commissioner of a collective punishment fine of \$1,250 on the Jewish settlement of Accuz, Sir Herbert Samuel, on the ground that the quarter was allegedly connected with the murder of an Arab woman, has aroused the Jews of Palestine to widespread condemnation of the government for its asserted discriminatory attitude toward Jews defending themselves against Arab attacks.

The Hebrew press united in demanding that the fine, the first levied upon a Jewish settlement since the disturbances began on April 19th, be annulled.

## Denies Slaying

Davar, organ of the Palestine Jewish Federation of Labor, denies that any member of the Jewish quarter was linked with the slaying of Mt. Carmel last week of an Arab woman, and points out that the imposition of this fine identifies the entire group of Jews with the killing when no proofs have been brought forward by the police to warrant any such conclusion.

Davar emphasizes that never since its founding has this Jewish settlement on Mt. Carmel displayed any hostility toward Arabs either by word or deed, but has always been on cordial terms with the surrounding Arab villages.

In insisting that the Palestine government has gone out of its way to stir the Jewish community, the Davar asks editorially whether the government imposed a collective punishment fine on the Arab town of Jaffa when the attacks on Jews started in that city on April 19th, or when two Jewish nurses were brutally slain on the grounds of the Jaffa Government Hospital.

## Foil Arson Attempt on Weizman's Home

Jerusalem (WNS-Palcor Agency)—An Arab incendiary attempted to set fire to the new home of Dr. Chaim Weizman, president of the Jewish Agency for Palestine, but was frustrated by a Jewish watchman who interrupted the arsonist. The home is located in the Jewish settlement of Rehoboth.

The Arab, who was armed, was first espied as he was climbing a ladder to the upper story of the house, apparently to spread the incendiary material.

The watchman fired and the Arab fled after his rifle clogged when he attempted to shoot in return. Dr. Weizman's home was completed only recently as his permanent residence in Palestine.

themselves to the iron railing on the promenade deck. When members of the crew began beating up the girls and some of the men in a fashion reminiscent of a Nazi concentration camp the entire ship was thrown into an uproar.

Twelve persons, eight women and four men, were arrested on charges of disorderly conduct and then released on bail pending a hearing. Eyewitnesses of the riot reported that the German seamen were unusually brutal.

Berlin (WNS)—The entire front page of every Nazi newspaper is devoted to the riot on the Bremen. The Nazi versions of the incident blame the New York police and warn the United States that the riot is evidence of the growing strength of Communism. It is expected that the Reich will file a formal protest.

# 22 LEGIONNAIRES INDICTED FOR PLOT

## Black Legion Chief Plans Fight Against Extradition

Detroit (WNS)—September 16th, the same day allegedly named by James True of Washington for a pogrom, was selected by the Black Legion to launch an armed nationwide uprising to capture control of the United States Government and convert it into an anti-Semitic, anti-Catholic, anti-Negro Fascist dictatorship, it was declared in indictments handed up by the Wayne County Grand Jury against 22 officers of the terrorist organization.

Immediately after the Grand Jury indicted the 22 on charges of Criminal syndicalism, Circuit Judge James E. Chebot signed warrants for their arrest. Thirteen of those under indictment were rounded up immediately by the police.

The nine still at large include Virgil F. Efinger of Lima, Ohio, reported to be the commander-in-chief of the Black Legion, who has announced he will fight extradition to Michigan.

The indictments, which are based on affidavits by Dayton Dean, confessed triggerman of the hooded order, charges the men with "acting in concert to advocate crime, sabotage, violence or other forms of terrorism as a means of accomplishing industrial or political reform."

It is also charged that plans were laid for a coup d'etat by seizing government buildings and arsenals at given points on a pre-arranged signal.

### SOCIALIST LEADER DIES

Liberty, N. Y. (WNS)—Chaim Kantorovich, successor to the late Morris Hillquit as the leading Socialist theoretician in the United States, is dead here at the age of 46. A veteran Dundist, Kantorovich was a leader of the left-wing Socialists in this country and editor and founder of the American Socialist Quarterly. He was also editor of Der Wecker, organ of the Jewish Socialist Verband.

## Aspirants For Party Nominations

WALTER I. SUNDLUN

Long an active campaigner for the Republican Party, Walter I. Sundlun, attorney, has made public his intention to seek the Republican nomination for Lieutenant-Governor. Born and educated in Providence schools, Mr. Sundlun, since his affiliation with the law firm of Baker, Spicer and Needham, has figured prominently in many cases involving constitutional and legislative law questions.

He was elected as delegate to the Constitutional Convention which repealed the 18th amendment. He was also a delegate to the National Republican Convention held in Chicago in 1932. He is now chairman of the Speakers' Bureau of Republican Men's Club of Rhode Island.

In 1934 elections he was a candidate for Senator from the first Senatorial district.

As president of the Jewish Orphanage of R. I. and counsel for the Miriam Hospital, he has participated on behalf of the sick, aged and orphans of city and state.

GOV. THEODORE F. GREEN

Gov. Theodore F. Green, probable candidate for the Democratic nomination for U. S. Senator from R. I., has participated actively in public affairs. Educated in Providence in private schools and high school, he received his college education in Brown University, Harvard, and the Universities of Bonn and Berlin, Germany.

Following his admittance to the R. I. bar, he was a member of the law firm of Green, Hinckley and Allen, and later became a member of the law firm of Green, Curran and Hart, of which he was the head until its dissolution in 1926.

In the Spanish-American war he received the commission of Lieutenant, commanding a provisional company of infantry.

He was a delegate to the National Democratic Convention in Baltimore in 1912, and in the same year was a presidential elector. During the World War he was prominent in many patriotic activities. He was elected governor of the state of R. I. in 1932 and was re-elected for the same office in 1934. Thus far, he is the only Democratic candidate for the nomination for U. S. Senator.

Each week until the Democratic and Republican Conventions are held, the Herald will present brief biographical sketches of candidates for party nominations.

## Refugees in Paris Invited to Become French Citizens

Paris (WNS)—The Front Populaire government brought joy to the large colony of refugees from political and radical discrimination abroad when it issued a statement urging them to become French citizens. Measures to facilitate their naturalization are now being taken. Meanwhile, the Fascist parties are protesting a decree instructing naturalized foreigners to assume French names.

## Jews Aided Schmeling

German Fighter Befriended When Broke; Ignores Sponsors

Los Angeles (WNS)—The story of how Max Schmeling, German contender for the world's heavyweight title, who says that the "mighty force and magnetic power" of Hitler is behind him, was once befriended by Jews whom he has now completely forgotten is revealed in a story in the Los Angeles B'nai B'rith Messenger.

According to the Messenger, when Schmeling was down and out in his early days, he was given shelter in Cologne by Hugo Ahels, a Jew. Shortly after he moved into the house of Ernst Blumenthal, now a refugee in Los Angeles. Blumenthal gave Schmeling free room and board out of pure friendship.

With the help of Blumenthal's friends, Fritz Freund, Max Stadtlaender, Alfred Markus, Isaak Blech and Karl Feber, all Jews and all members of the German Amateur Boxers' League, Schmeling got along. During his first professional bouts, Schmeling continued to rely on Jewish aid. Stadtlaender, now in New York managing fighters, and Blumenthal, were Schmeling's best friends, and they have many letters from the German fighter signed "from your ever true and grateful friend, Max."

## HARRY HERSHFIELD TO REVIVE COMIC

### Abie the Agent Will be Syndicated Once More

By Phineas J. Biron

Abie the Agent, Harry Hershfield's comic strip, is going to be revived in September in Hearst's New York Daily Mirror. It will also be syndicated, and if we know anything about comic strip fans, Abie's doings will be recorded in several papers.

So—Sue Us

There's a story behind this reconciliation between Hearst and Hershfield. If you remember, Harry was once on the Daily Mirror and then had a long-lingering suit against the publisher. But this time, one of Harry's friends, one of the biggest retail merchants in New York, got together with the Sage of San Simeon and made him see his error.

Which reminds us that the reason why Dr. Dimitri Marianoff, son-in-law of Prof. Albert Einstein, severed his connection with the Jewish Forum was a matter of finances. The diminutive editor of the Forum expected Marianoff and his father-in-law to pass the plate in behalf of the Forum.

On the Move

The Zionist Organization of America has to move from its headquarters at 111 Fifth Avenue because the Lucky Strike Hit Parade Contest is a tremendous success. One eleven Fifth Avenue, in case you don't know, is the home of the American Tobacco Company, and in view of their expansion, all the Zionist offices were politely requested to move by September 1st. And so, one eleven Fifth Avenue, in case you don't know, is the home of the American Tobacco Company, and in view of their expansion, all the Zionist offices were politely requested to move by September 1st.

True Snapshots

It seems as if some people in the New York suburbs get their education from Streicher's "Stuetzner". We give you two amazing, but true, incidents.

The other day Captain Maurice Firth, formerly a fighting man in the Jewish Legion of the British Army, and now an active worker for the

United Palestine Appeal, stopped to ask a six-foot Nordic-looking gentleman directions to a certain place on Long Island. The reply of the six-footer was "We don't speak to Israelites. Hell Hitler!". What Captain Firth told this admirer of Hitler we can't print.

About a week ago we took a drive to Northern New Jersey and stopped at a parking place near a bathing beach. The parking ticket we had to fill in requested, among other things, the religion of the car-owner. Dutifully we wrote in "Jewish". Whereupon we were told to move on.

Meditations

Remember the name of Frank Glazer. After October 20th he will be one of the outstanding piano virtuosos in the world, according to Arthur Schnabel, piano maestro, who thinks that Glazer belongs to the very few divinely-gifted geniuses. The Habimah players of Palestine will tour South Africa this fall.

Maurice Moskovich, famous Jewish actor, who has been signed for a role in the screen version of the play "Winterzeit," told us only six months ago that he would never act before the camera. Maurice Samuel denies rumors that he is staying in Palestine for good.

### JUDAISM BANNED

Berlin (WNS)—Judaism was officially removed from the curriculum of all public schools in Bavaria in a decree issued by the Bavarian ministry of education. The decree instructs parents of Jewish pupils to provide religious instruction for them in private classes.

**Fascism Exposed!**

**'PUT THE JEWS IN THEIR PLACE'**

From the Series; Fascism at Our Gates

In this, the second article of his series of amazing revelations concerning the Fascist advance in America, Dr. Birkhead gives a detailed account of his conversation with the assistant of Julius Streicher, whose propaganda machine is shown to be vigorously active in the United States.—The Editor.

I was informed that I was talking to Paul Wurm, assistant to Streicher, and that he would be happy to give me whatever information I desired. After I outlined what I had read in the American press concerning Streicher, Wurm smiled and began Streicher's defense. "Yes," he said, "Mr. Streicher used to carry a whip. He had to in order to defend himself against Jews and Communists who frequently assaulted him on the streets."

**Made Money Honestly**

"And as for your question about Mr. Streicher's sex perversion I shall inform you that Mr. Streicher is happily married and has two grown children," Mr. Wurm declared with assurance. "Mr. Streicher is well-to-do, it is true, but he has made this money out of his newspapers and his other activities. All of these charges against our leader in 'Franconia,' you should know, are propaganda invented by Jews and Communists."

"You see," Mr. Wurm said, "we have here an office through which we contact those who are interested in our work all over the world." "What," I asked in astonishment, "do you mean to tell me that Mr. Streicher hopes to carry his anti-Semitic program into every part of the globe?"

"We are not only writing to them," Mr. Wurm declared, "but we are also trying to teach them the German

**Collaborator of Streicher**

technique of dealing with the Jewish problem."

I protested that I thought that Streicher had over-emphasized the importance of the Jews in Germany and that the "Jew-problem" was largely the product of a diseased mind. "It seems to me that the Nazis have over-simplified the complexities of contemporary civilization," I told Mr. Wurm. "You see, I do not agree with your views," I said, "I think you are dead wrong. It seems to me that you are not solving your problems or ours. You are merely making every human problem more difficult."

**MACCABEE SOCCER TEAM ON WAY HERE**

New York (WNS)—The famous Maccabee soccer team from Palestine will make its first appearance in the United States on September 27th in a game with a picked team of stars from the New York State Football Association at the Yankee Stadium, it was announced here by Benny Leonard, chairman of the committee sponsoring the game.

Proceeds will go to the American Committee for the Relief of Jews in Poland and for the support of sports in Palestine.

Tel Aviv (WNS-Palcor Agency)—The Maccabee soccer football team of this city will visit the United States for a series of games with leading teams throughout America, it was announced by officials of the organization. They are scheduled to arrive in New York on September 13th.

The JEWISH HERALD affords advertisers an unparalleled opportunity to get their message across.

**NOVEL OF FASCISM TO BE DRAMATIZED**

**W.P.A. Will Present Play Barred from Screen**

Washington, D. C. (WNS)—Sinclair Lewis' sensational novel, "It Can't Happen Here," which depicts the United States under a Fascist dictatorship, will be dramatized by the Federal Theatre divisions of the Works Progress Administration and be shown simultaneously in 15 cities on October 20th with productions given by English, Yiddish, Italian, German, Cuban and Negro casts.

Barred from the screen by Hollywood's timidity, Lewis' famous novel is to be dramatized by Lewis and J. C. Moffitt, a playwright who is on leave from Paramount Pictures.

The play will be seen first in Boston, Newark, Denver, Chicago, New York, New Orleans, Cleveland, Detroit, Jacksonville, Dallas, Indianapolis, Tacoma and Syracuse.

The New England setting of the novel will be altered in the play to fit the locality and racial group for which it is to be presented. In the case of the Yiddish presentation the locale will be a ghetto.

**HITLER PSYCHOPATHIC**

Philadelphia (WNS)—Hitler and Mussolini are both psychopathic cases, it was declared by Dr. John S. Perry of the psychiatric department of St. Elizabeth's Hospital, Washington, in an address to the convention of the National Negro Medical Association. "Mentally and emotionally they are sick men," he said, "with the ability and power to do untold damage."

**Montreal Jews Perturbed**

Conservatives Win Political Landslide Aided by Anti-Semites

Montreal (WNS)—The role of a group of militant young anti-Semites styling themselves "Union Nationale" in the landslide election victory of the Conservative Party in the Province of Quebec has aroused concern in Jewish circles here.

The feeling is that Maurice Duplessis, leader of the Conservative opposition and premier-designate, may name some of the anti-Semites to his ministry, though he himself is no Jew-baiter. Among the 75 Conservatives elected to the Provincial Parliament is Mayor Gregoire of Quebec, who is openly opposed to the Jews.

Peter Berceovitch, one of the two Jews in the last Parliament, was one of the 15 Liberals who survived the Conservative landslide. Joseph Cohen, also a Liberal, was not a candidate for reelection.

**Conference of Peace Invites Jewish Congress**

Geneva (WNS—Palcor Agency)—The World Jewish Congress received its first recognition as a representative body when it was invited by telegraph to participate in the World Conference for Peace to be held soon in Brussels. The invitation, which was signed by Viscount Robert Cecil, president of the League of Nations' Union of England, and Pierre Cot, former Air Minister of France, will be submitted to the delegates for action.

## Floyd B. Olson

The death of Governor Floyd B. Olson of Minnesota has robbed America of an aggressive fighter for freedom whom we could ill afford to lose in these times when reaction is struggling to resume power.

The only Farmer-Labor Governor in the country, he represented that growing but still none too numerous element which is willing to make personal sacrifices for the sake of a better future for all Americans regardless of race, color, creed or economic status.

American Jewry in particular will mourn the death of Governor Olson because he was not only a friend but a champion of Jewish causes. His friendship for Jews dated from his earliest childhood, when Jewish children on the Minneapolis East Side were his playmates and taught this simon pure Nordic their own tongue, Yiddish, which he spoke fluently all his life, just as he maintained personal friendships with many Jews all his life.

As for his feeling for Jewish causes, it is best expressed in the words Governor Olson himself used in a statement on Palestine: "In view of the recrudescence in the world today of medieval superstitions and race 'reds,' he declared 'enlightened and liberal-minded individuals throughout the world must feel a moral duty to do all in their power to defeat these reactionary forces. I sincerely hope that Palestine will become a conspicuous example of a liberal and social-minded government to which other nations may look for inspiration and guidance.'"

## TO STUDY JEWISH STATUS IN RUSSIA

### Agudath Israel Reverses its Attitude to Soviet Union

Prague (WNS)—Reversing its previous attitude of uncompromising opposition to the Soviet Union, the Agudath Israel, ultra-Orthodox organization, voted to send a commission to the U. S. S. R. to investigate the status of the Jewish religion under the Soviet regime. This was decided at the world congress of the Agudath Israel.

In authorizing the commission the congress expressed the hope that the new Soviet constitution would make it possible for Soviet Jews to open Hebrew schools and would legalize the appointment of rabbis. The congress protested the Arab terror in Palestine, expressed thanks to the British Government for reaffirming its loyalty to the Balfour Declaration, voted to cooperate with the Royal Commission to investigate the Palestine riots and recommended increased Jewish emigration to South America.

### Governor Green to Open Exposition, Award Medals

Governor Theodore Francis Green will officially open the Tercentenary Industrial Exposition to take place September 11 to 19 in the Cranston Street Armory in Providence, it was announced today by Exposition officials.

In accepting the invitation extended by former Federal Judge Ira Lloyd Letts, chairman of the Tercentenary Jubilee Committee, the Governor issued a statement in which he emphasized the importance of industry to this state and urged that "the period from September 11 to 19 inclusive be set aside as a time during which all of our citizens shall honor Rhode Island industry for the important part it has played in the development of our state, and as a time during which we will celebrate, as part of the events of this Tercentenary year, the various aspects of our industrial progress."

### Disorders Cause Railway Service Suspension

Jerusalem (WNS—Palestine Agency)—Due to the renewal of the disorders in the Jaffa-Tel Aviv area, beginning with the explosion of a bomb in Tel Aviv, the Palestine government has issued an order discontinuing train service between Jaffa and Tel Aviv in an effort to protect passengers from roadside snipers who have killed three and wounded five in three days.

## Around the Town

With Leonard Harris

### Turning Back the Clock

Just about ten years ago, thousands of frantic women stormed the small undertaker's establishment that held the body of the late Rudolph Valentino, the movie idol of the day. . . . Samuel Goldwyn rounds out twenty-five years in the flicker business this month. . . . In 1911 he and Jesse L. Lasky pooled their total capital of \$10,000, and with Cecil B. DeMille as director, they set about to produce the first big feature ever filmed. . . . The picture was made in an abandoned barn in what is now the very center of Hollywood. . . . A good many of you old-time flicker fans surely remember this celluloid opus, "The Squaw Man," and it made many a hundred grand for its producers. . . . And incidentally it marked the event of the movie palace's lifting the screen from its neglected ghetto.

### Notes About People

A local wag phoned in the following: "The reason ushers in local theatres are so stiff is because they are frozen". . . . Etta Fireman is back from a grand vacation at Camp Fritz. . . . In a few weeks, a local daily will break a big story on taxes. . . . While "and family" are summering at Greenwich, Conn., Dave Agonick is remodeling his showroom and increasing its capacity three times. . . . Dave is inviting all his friends to come out and look at the new cars when they arrive some time early in November.

### Here and There

Shep Gray is ordering cloth for two suits—How about one for me, Shep? . . . J. Engle, Bond Clothes executive, is back from a five-day vacation. . . . Street scene: Five of our downtown smart boys in a cab ready to leave for the races—"Lambis being led to the slaughter". . . . Sol Feinberg will be staged at the "gansset nest" Monday nite, where his many friends will give him their best wishes upon entering the Order of Beneficents. . . . Sol will marry Sarah Sobloff of Fall River in the very near future.

### Religious Note

Temple Beth-El lost one of the nation's finest Hebrew educators when Mr. Soloff did not renew his contract

here. . . . His text books are being used in Hebrew schools from coast to coast. . . . Just in case you're forgetting, Rosh Hashonah comes on the sixteenth, and Yom Kippur on the twenty-sixth of September. . . . Services start the evening before.

### Concerning Equality

Add Mixup: American-born Max Baer and his mother both gave blood to Papa Baer during his recent illness, and as a Seattle newspaperman states, it figures this way, "Mr. Baer now has his son's half Aryan blood with his wife's Aryan blood and his own non-Aryan blood. . . . This is enough to make any German go 'round and 'round'. . . . Bill Frank Coar, the anthropologist, steps to the front and says there is no Aryan blood. . . . Those visiting Nite students must have been surprised when they received that unexpected lesson in racial equality while traveling through the hallowed halls of Harvard. . . . Dr. Kirtley E. Mather, in his welcoming address, left no room for doubt in their minds as to what American institutions consider individual freedom.

### About Orators

If more Jews would read that article by Stephen S. Wise, appearing in the August issue of the Opinion magazine, it would do a lot to create more Zionists. . . . Apparently our prolific priest has developed into being something of a crack-pot. . . . When the good other started his radio speeches, he had a wide following amongst the Jewish race, and a good measure of them were in sympathy with his ideals. . . . Many of them felt that here at last was a man of God who really was a man of God. . . . But a review of his last ten addresses gives much evidence to the contrary. . . . Perhaps he is slowly becoming intoxicated with the wine of his own oratory. . . . At any rate he is surely qualifying himself for a berth on that well-known team of "Mishmadim."

### Dr. Berger in Palestine

Dr. H. Berger is now visiting in Palestine. . . . Fate was kind to Eric Becker, the two-year-old anti-Nazi, who faced deportation to Hitler-Germany. . . . He died of a sun stroke in Anna, Illinois. . . . Add to your list of undercover anti-Semitic notes, the A. B. C. a little known ally of the Silver Shirts. . . . A certain Mr. Stotland has acquired a fleet of freighters for a new shipping line between New York and Tel Aviv. . . . Denials to the contrary notwithstanding it was pure anti-Semitism that kept Sam Stoller, and Max Glickman from competing in the Olympics. . . . The authority for this statement is Judge Jeremiah T. Mahoney. . . . Governor Dave Shultz of Florida, who is a "congregational Jew," if you get what I mean, was once a professional ball player, and here he is, hoping they come in as you pick 'em

## REPUBLICAN CLUB OUTING TUESDAY

**Col. Frank Knox Will be Guest Speaker**

The annual outing of the Republican Club of Rhode Island will be held Tuesday at Rocky Point. On this occasion the guest speaker will be Col. Frank Knox, Vice Presidential Candidate.

Other speakers will be Senator Jesse H. Metcalf, Peiree H. Breteuil, chairman Republican Central Committee, Mrs. Paul Fitz Simons, National Committee-woman; and Congressman Risk.

The post-prandial exercises will be preceded by a dinner in the main dining hall, at one o'clock. The speaking will be from a special platform erected in the Hall Park where it is anticipated that more than 10,000 people will congregate. Loud speakers will carry the voices to every corner of the field.

The sale of tickets for the dinner which will be for both ladies and gentlemen, will be limited to the capacity of the dining halls, for more than 30 years the opening of the National political campaign here in Rhode Island has been the gathering together of the political leaders of the State by the Club at its outing. The people of Rhode Island unable to attend the dinner are cordially invited to hear the speeches in the hall park.

## Hank Greenberg Out for Rest of Season

Detroit (WNS)—Hank Greenberg, Detroit's slugging first baseman who has been on the bench since the first weeks of the season with a fractured wrist, will not return to action until next season, it was announced here by Manager Mickey Cochrane.

Greenberg's wrist has not healed sufficiently to permit him to play this season.

In 1937, Greenberg will be shifted to the outfield in order to avoid the body contacts which first base play necessitates and thus prevent a recurrence of the injury.

## Curfew on Tiberias as Arab-Jewish Tension Grows

Jerusalem (WNS—Palcor Agency)—A curfew prohibiting citizens from being on the streets between 7 P. M. and 5 A. M. has been proclaimed in Tiberias as the authorities made efforts to allay rising tension between Arabs and Jews there. A contributing cause to the excitement among the Arabs was the funeral there of an Arab who was shot by an unidentified sniper on a Jaffa-Lydda train as it passed near Tel-Aviv.

**350 LEAVE FOR PALESTINE**  
Warsaw (WNS)—That the renewed Arab terror in Palestine has in no way stemmed the tide of Jewish emigration from Poland to the Jewish homeland was demonstrated when 350 chaltzim left here to take up permanent residence in Palestine.

The JEWISH HERALD affords advertisers an unparalleled opportunity to get their message across.

## U. S. RELIEF BODY SCORED BY POLAND

**Methods Employed by J.D.C. Hit at Congress**

Geneva (WNS—Palcor Agency)—The methods used by the American Jewish Joint Distribution Committee in distributing relief funds to the Jews of Poland were criticized before the World Jewish Congress by Aaron Reiss, Warsaw engineer, who said that while the Jews of Poland were not "seeking a fight with the Joint Distribution Committee" or "complaining about a lack of funds for Polish relief," they do demand that they "have a part in deciding how the money should be spent."  
He particularly objected to the J. D. C.'s use of 200,000 raised in Britain as a loan fund, with a promise of repayment being asked from the recipients. "Such a situation is impossible," he asserted, explaining that the pauperized condition of Polish Jews made such methods of relief administration impracticable.

## ANNUAL KINGSTON FAIR NEXT WEEK

The annual Kingston State Fair will be held at Kingston, R. I. for six days, Sept. 2 to 7, inclusive, under the auspices of the Washington County Agricultural Society in co-operation with the State Department of Agriculture and Conservation.

The JEWISH HERALD affords advertisers an unparalleled opportunity to get their message across.
