### American Quislings

Secretary of the Interior Harold L. Ickes in his speech before the Jewish National Worker's Alliance this week bluntly said that Lindbergh, Ford, General Wood, among many others, were "Nazi fellow-travelers or Hitler's unconscious tools."

These men, said Mr. Ickes, have innocently or deliberately adopted the Nazi viewpoint and would place in jeopardy the liberties that we have won under the Declaration of Independence and the Bill of Rights.

This is not the first time that American Quislings have been taken for a verbal ride. Yet, each day, new prominent names become identified with the appeaser groups. It is obvious that the nucleus of a fascist form of government is slowly gaining form and substance.

More than ever we must strengthen the bonds of our democratic way of life or these men who lack faith in the institutions of which they are a part will destroy our morale and by setting the hand of neighbor against neighbor will permit Goebbels to make good his boast that America will be conquered from within.

### Tolerance

"This growing anti-Semitism in this country is the kind of thing that will destroy our republic and should not be allowed to go on."

You would hardly expect to hear the above statement at a meeting of appeasers but when Mrs. Theodore Roosevelt dropped the remark at a meeting of Women United, an offshoot of the America First Committee, only about 20 people applauded. The remainder maintained an embarrassed silence.

Following Mrs. Roosevelt's statement, other speakers on the platform, including rabble-rouser Senator Reynolds, denied emphatically that they were anti-Semites. Yet the majority of those attending the meeting were identified with the Christian Front, Joe McWilliams' Destiny Party and the Paul Revere Sentinels.

This was the second occasion within a week that fascist minded organizations were startled by their guest speakers. In a gathering, sponsored by Merwin K. Hart, to denounce the proposed St. Lawrence Seaway, the main speaker preambled his speech with the statement that while he was against Roosevelt on many policies, he did not condone the Anti-Semitism that many of his listeners surreptitiously supported.

This increasing awareness that tolerance is as important to our national defense as armament is a welcome sign.

### Look at the Record

It is important to estimate, says Erwin Canham, in the Christian Science Monitor, how much of the Administration's program was essential to the actual defense of America, with aid-to-Britain left quite apart.

Are Americans not glad that the United States is establishing strong defensive bases in the Caribbean, in Newfoundland, and perhaps soon in Greenland? Are we not grateful that our factories are humming with the means of defense? Are we not thankful for the time we have gained for naval as well as military building? Do we appreciate the powder plants, shipyards, ordinance factories, aircraft and motorized-equipment factories

### Tel-Aviv Prepares Air-Raid Shelters

Great Britain Contributes 5,000 Pounds for Work

TEL AVIV. — Work was hastened this week on the construction of air-raid shelters on a large scale so that the city will be prepared should the Axis partners carry out their threat to invade the far East. It was reported that the British government had given a grant of 5,000 pounds sterling to assist the project.

Taking cognizance of an advance civilian guard infiltrating into Syria, this all-Jewish city is making extensive preparations for the protection of its inhabitants.

Tel Aviv began its large-scale program of construction to provide air-raid shelters in strategic centers of the city to accommodate (Continued on Page 2)

### Enlist Efforts of 40,000 Reserves

Report 5th Column Activities in Syria

TEL AVIV. — The German pincer movement in Southeastern Europe and into Egypt is causing much concern here. In view of intensification of Nazi agitation in Syria and Iraq among Arab groups known to be pro-German, leaders here are of the opinion that the ground work is being laid for a putsch which would permit entrance of German troops. Because of this danger, eyes of the Far East are on Turkey whose policies in the next weeks may decide the future of the British life line.

Recognizing the danger to Palestine, work has been speeded to place this country on a complete war footing. With more than 20, (Continued on Page 2)

### Storm Troopers Sell "Protection"

STOCKHOLM. — Nazi officials in Belgium, particularly in the smaller cities and towns, have extorted huge sums from Belgian Jews by threatening to instigate pogroms, newspaper correspondents returning from that country reported.

The most common practice, it was said, was to gather the heads of a Jewish community and warn them that a bloody pogrom was imminent in that village. The storm trooper then demands as much money as he thinks can be raised by the Jews in the community in return for protection.

### CHAIRMAN OF BOARD

NEW YORK CITY. — The United Yeshivos Foundation announced that H. L. Selig, executive director of the Foundation, also has been appointed chairman of its Central Board of Education.

### Refugee Boy Flees Adopted Home—Returns 6 Hours Later

ENGLEWOOD, N. J. — What this war means is too much even for big people to grasp, and Michael Gutman is only a little boy, 10 years old, sensitive and shy, and thousands of miles away from his parents in London.

So, as a homesick child will do, he got the notion that he wasn't wanted in the home of Dr. and Mrs. George Heller here, although they had offered to care for him until peace came, and had done their best to make him happy. He left a note on the living room table, explaining that he was going "because I am not wanted here," and then he ran away.

Mrs. Heller found the note and notified police. About six hours later, the doorbell rang. She rushed to answer it. There stood a small chap, four feet in height, with blue eyes and dark curly hair, wearing a brown mackinaw, gray short trousers and

brown shoes.

It was Michael. Mrs. Heller gave him hot soup, put him to bed, questioned him scarcely at all. He wanted to know why he could not be with his parents, and she tried to explain that it was because of the war.

"It's embarrassing," was Dr. Heller's only comment. He said that he and Mrs. Heller had applied for one refugee child, child, through the U. S. Committee for the Care of Refugee Children, and had taken two when it turned out that Michael had a sister, Judith, 7. The Hellers have been corresponding regularly with the parents, Dr. and Mrs. Charles Gutman in London.

### Thirty Anti-Alien Bills Introduced

NEW YORK. — Thirty "anti-alien" bills have been introduced in Congress during its first month of the present session, it was disclosed in a study made public by Prof. Walter Rautenstrauch, of Columbia University, co-chairman of the American Committee for Protection of Foreign Born.

The study shows that ten measures pending in Congress would exclude non-citizens from securing employment in specific fields. Twelve of the thirty bills pending are deportation measures.

### Recruiting Abroad Being Considered

LONDON. — The British Government is considering plans for recruiting Jews abroad for active service in the British army, War Secretary David Margesson told the House of Commons.

Consideration has been given to the possibility of ordering further facilities for recruiting of Jews abroad, Captain Margesson said, but in view of the present pressure of resources, especially equipment, some time is likely to elapse before such a scheme can be instituted.

### Registrants Must Carry Certificates

In a statement issued this week by Major Arthur S. Hassell of R. I. Headquarters, Selective Service System, it was announced that effective yesterday, all registrants under the Selective Service Act are required to carry their Registration Certificate on their person at all times.

The announcement further stated that authorized police and Selective Service officials may request registrants to show their certificates at any time. Failure to show certificates on demand, subjects registrant to fine of not more than \$10,000, five years imprisonment, or both.

State and local police have been informed and are cooperating in apprehending delinquents under the Selective Service Act.

### Free 43 Settlers From Acre Prison

TEL AVIV. — Forty-three Jewish settlers who were arrested in October 1939 while holding a military parade in the Beisan valley and sentenced to ten years imprisonment for being in possession of fire-arms without permission, which was later reduced to five years, have been released from Acre prison.

The four remaining prisoners of the Ben Shemen trial and the six youngest of the thirty-four Revisionists of Mishmar Hayarden, who were sentenced in December 1939 for being in possession of fire-arms, were also released.

### Vichy Ejects Two Correspondents

VICHY. — For the first time since the French government settled in Vichy, two foreign correspondents were expelled from France this week.

The correspondents, both Jewish, are Imre Milkes, a Hungarian, correspondent of the Magyar Nepszava of New York, and Mrs. Alice Hartmann, a Rumanian correspondent of the Timosauer Zeitung in Transylvania.

## The Walls That Hitler Built

Imprisonment in ghetto walls (1) and oppression as symbolized by the yellow badge (2) have brought misery and suffering to hundreds of thousands of Jews in Nazi-Poland. The spread of war has added many hundreds of thousands of others to the ranks of the distressed and the homeless.

## Look at the Record

(Continued from Page 1) which we owe to the time we have gained and partly to British orders?

Without these efforts, the American Republic would surely have resembled no nation more than France. As it is, while our first line of defense is still the rampart of Britain, which holds the aggressor within continental Europe, our second line is in the process of erection and repair. It is vitally important to us that the first line hold. The issue is not love for Britain. It can be put quite coldly as American self-defense.

The isolationists, not content with the rear-guard action they have fought for 18 months and the continual proofs of almost criminal folly they have been exposed to, are still fighting vigorously. Today their attack is directed against convoys or any other steps to see that Britain receives its much-needed war material. Isn't it time for Americans to "look at the record"?

## Palestine Speeds Defense Work

### Report 5th Column Activities In Syria

(Continued from Page 1)

800 Jewish men serving with the British in Africa, arrangements have been made to enlist the efforts of 40,000 reserves, it was revealed this week by Isaac Hamlin, national secretary of the Palestine Labor Federation.

In connection with the recent coup d'etat in Iraq led by Rashid Ali-Bey Gailani, the name of Haj Amin El Husseini, exiled ex-Mufti of Jerusalem and leader of the Palestine Arab nationalists, has come into the limelight. The ex-mufti is reported to be working with Axis agents to spread anti-Jewish feeling in Syria and Palestine.

**Re-Elected**

**CHICAGO.** — Henry Monsky, who came out of Omaha three years ago to lead B'nai B'rith as its national president, was re-elected for his second term as the national triennial convention of the oldest and largest national Jewish service organization concluded its five days of deliberations with the adoption of a resolution pledging full aid to all nations resisting totalitarian aggression. Mr. Monsky was re-elected by a unanimous vote.

**"Teach Children Meaning of Democracy" - Mrs. Roosevelt**

**NEW YORK.** — More than fifteen hundred women assembled at the eighth annual luncheon of the Women's Division of the American Jewish Congress heard Mrs. Franklin D. Roosevelt call for the building of a dynamic democracy by teaching the children of the country "to grow up with respect for every other American citizen."

Discussing the needs of the moment, Mrs. Roosevelt, emphasized that "in America we have no narrow ground for patriotism because it is of no one racial strain and because we come from many lands and from many racial strains." She lauded the contribution of the Jewish people to the building of the American nation and recited in detail some of the contributions of Jews to the

founding of the Republic in the days of the revolution. She called upon the people to learn not to be afraid. "We want security," she said, "for all our people. But we don't want to keep a security which is just for some people and not for all people. Unless democracy develops and moves to meet its new problems, it will have nothing with which to oppose totalitarianism."

**OPPOSE STRIKE**  
**NEW YORK.** — The United Hebrew Trades of New York State this week sent appeal to 300,000 affiliated union members to oppose the strike at The Day by members of the New York Newspaper Guild (CIO) on the ground that it was called "not for economic betterment, but for a political reason."

By Donor Luncheon Proceeds**

Under the leadership of Mrs. Pilavin, a large committee is at work these days, preparing for the annual Donor's Luncheon of Providence Chapter of Senior Hadassah, which takes place on May 7 in the Ballroom of the Biltmore Hotel. Proceeds, as in past years, will be used for Hadassah numerous projects.

All Hadassah's activities have been geared to a war emergency basis. When the war started, Hadassah consulted with British and Jewish medical authorities, and began the training of doctors and nurses for war duty. Services for refugees, now numbering a quarter of a million in Palestine, were increased, and tons of medical supplies were shipped by newly available routes.

In a recent letter to Hadassah, the British Embassy in this country, said: "You are helping Palestine's defense in war as you have in her development in peace. Such action illustrates the extent to which your hopes and interests

coincide with those of the British Commonwealth of Nations in their struggle to keep open for the world the highways to peace, to toleration and to the good life."

The local chapter has set 400 donors as its goal for the approaching event. Persons interested in becoming donors may contact the chairman at PLantations 5241, or any member of the assisting committee, which was published recently.

**Robbed Refugees Promised  
Restitution by British Gov't**

LONDON. — Richard K. Law of the War office has promised reparations to refugees robbed and mistreated while being transported to Australia for internment on the S. S. Dunera. He declared, however, that it had been decided not to establish a court of inquiry on the matter.

When Col. Josiah Wedgewood, Laborite, raised the question in Commons on a motion for adjournment, Law said a court of inquiry would have to carry on for a very long time and the persons involved might have to wait until the end of the war for compensation to be paid to those who allegedly were robbed and suffered injustice.

He said he would see what

steps could be taken for immediate reparations without waiting for the result of any court and would see that compensation was made as expeditiously and as justly as possible. "This might prove costly to the Exchequer, but it is better to clear our good name, even if it is a little extravagant," he said.

It will be made perfectly clear to crews that they are not to trade with prisoners on ships and "it will be seen that there will be no repetition of such unpleasant incidents," he stated.

**Confiscate Dutch  
Jewish Radio Sets**

AMSTERDAM. — Dutch Jews were ordered this week by Commander Rauter of the SS (Elite Guard) to surrender their radio receiving sets within two weeks.

Effective immediately, receivers in possession of Jews are to be considered confiscated by the police. The order was based on a decree setting forth measures of "military police necessity." Jews were warned not to damage sets before surrendering them.

**Vallat Announces  
Vichy Procedure**

PARIS. — Xavier Vallat, the Vichy government's General Commissioner for Jewish Affairs, said this week regulation of Jews in France must not be carried out in a spirit of "hate or retaliation." But "it is possible to have Jews in the country only in homeopathic doses," he added. In the "dose" which France can be expected to absorb, M. Vallat continued, must be included the "very old families, mostly Alsatian . . ."

**NO DISCRIMINATION**

TOPEKA, Kansas. — A bill prohibiting any Kansas labor union from acting as a collective bargaining agent for its members if it "discriminates against, or bars, or excludes from its membership any person because of his race or color" has been signed by Gov. Payne Ratner.

That comes partly from ballet training, partly from the talented fingers of Mrs. William Greneker, one of the six women in the country who specializes in creating papier-mache window mannequins for store windows . . .

When God created Eve, He had only Adam in mind . . . Mrs. Greneker creates these window hussies with thousands of anemic display men in mind, for theirs is the job of lady's maids and trundling these wondrous beauties from basement to window and back again, for dressings and undressings . . . Accordingly, she has not only made them featherweight, but has improved upon the human chassis by making these mannequins practically all joints. They're flexible as an Indian rubber fakir, pert as the man on the flying trapeze, and puffed up with snobbery over the generations of breeding that is theirs since their great, great plaster grandmas gazed bovinely from behind glass . . .

Mrs. Greneker gives these airy-fairy creatures birth, and the best department stores in New York give them residence . . . Midwife to these Greneker belles is Guito Knoop, a Dutch-Russian sculptress whose talent comes forth in three outstanding papier-mache mannequins, embodying the faces of Georgia Carroll, Helen Bennett, and now, Zorina . . . In the Greneker studio, a hundred artisans putter over the limbs and torsos of these snooty sirens who have the power to put the most arrogant dowager in her place . . . For haughtiness, elegance and grooming, none can top them . . . They wear their costumes but one week, and never again . . . Their coiffures, their jewels, their accessories — impeccable! . . . Even the Bostonian Brahmin Lucius Beebe, who has also been incarnated in papier-mache as a window piece and male companion to the girls behind glass, must admit their perfection . . .

One of the mannequins was so enchanting that last week a New York University student took one to his prom and danced, walked and sat with her in preference to a co-ed . . . There are

limitations, to be sure, which these over-jointed Jills cannot surpass . . . But there are compensations, too . . . They can't talk back . . . Generally, however, they do not travel outside their precincts, which are store-bound, in a window or on a floor . . .

**Cabby Returns Stray Wallet

NEW YORK. — Joe Cohen, a cab driver, found a wallet containing \$1,208 and \$500 in travelers' check in the rear seat of his cab one night this week.

Joe, who is 49 and the father of four children, had just returned to LaGuardia Field, after having taken Miss Grace Gilhooly and a dozen pieces of baggage to

the Ritz-Carlton, following her arrival from Miami.

Joe took his find to the police sergeant. Miss Gilhooly was already calling Eastern Air Line offices at the field about her loss, and police were beginning an investigation when Joe appeared. He took the money to her at the hotel.

Telling the hack gang later about what happened then, he said: "She appeared amazed at my honesty and gave me \$100." A little dazed, Joe finished up his night's job, then went home to tell his wife and kids about it. "If I'd kept it," he said, "I wouldn't have been able to face them."

**No Compensation  
For Raid Damage**

LISBON. — German Jews will not receive compensation for damage to their homes and property during air raids, according to the Nazi labor publication, "Reichsarbeitsblatt," a copy of which has just been received here.

The Nazi labor organ reported also that Jewish workers must not be paid for time spent in air-raid shelters during air raids. The paper explained that "Jewish influence" has been removed completely from German industry and labor, but that a number of Jewish workers were needed as a result of the demands of the Nazi war machine.

**Goering Consults

LONDON. — Several German Jewish scientists were recently consulted by Field Marshall Hermann Goering regarding questions connected with prosecution of the war, it was learned here from a source which is reliable but cannot be disclosed for obvious reasons. The scientists were freed from concentration camps in order to meet Goering.

### ON THE OPENING OF THE FISHING SEASON

God grant that I may catch a fish  
So large that even I  
In telling of it afterwards  
Shall have no cause to lie...

—V. Gray

The Men's Club of Temple Emanuel is planning high jinks for next Thursday nite... A take off of the show of almost the same name, "Emanu-El's A'Poppin'" promises to a robust, riotous evening... Dr. Albert Berger will be master of ceremonies and if you're going to be there, you'll get a load of laughs from the bumps-daisy chorus... Sarah Litwin, Rose Goldsmith and Josephine Tarsky are motoring to Washington for the week-end... The Ben Woolfs and their sons, Earl and Sheldon, are spending the week in Atlantic City... The Castle Theatre is in the process of renovation... when all is done, the theatre will have additional seating capacity, including several hundred comfortable loge seats...  
Triple Cross

We like that story of the man who could neither read nor write, but when a distant relation left him a small fortune, he started to make a splash... He bought a cheque-book, but instead of signing his name on cheques he put two crosses, and the bank paid... Then one day he handed the cashier a cheque signed with three crosses... "What's this?" demanded the cashier... "You've put three crosses here." "I know," was the reply, "but my wife's got social ambitions... She says I must have a middle name..."  
Their Moves

The Arkie Weiners and the Frank Barads took advantage of Spring to move to Chace avenue and Blackstone boulevard, respectively... The Norton Mailmans, who were in Providence for about two years, have returned to Baltimore, their home town... From the Miriam Hospital comes word that the Benjamin Kaplans are the proud parents of a boy, while the Jack Pomerantz's are receiving congratulations on the birth of a daughter... The art of writing pamphlets to express one's opinion, apparently has not died... Within the last week, the smouldering feud among the Kashruth groups flared when a booklet was distributed, criticizing the activities of the newer group... Joe Finkel has been quite busy in recent weeks... Although he and his brother, Archie, are occupied in establishing a branch office in Worcester, Joe found time to speak before the Woonsocket Lodge, B'nai B'rith, and to install the officers of the Judah Touro

Lodge in Newport... Many of you will remember the president, George Teitz, former Brown football star...

### Never Says Die

Abe Schesster, former Providence lad, who is NBC's Special Events Chief, is a persistent chap and he still hopes to get broadcasts out of Moscow, where an almost absolute ban exists on broadcasts to American networks... On Wednesday, he cabled NBC correspondent Herman Habicht in the Russian capital, asked him to set up a broadcast on Soviet reactions to the Balkan war... The usual answer came in yesterday: "Comment unchangeable." Habicht hasn't been on American air since the Howard Hughes round-the-world plane stopped at Moscow in July, 1938.

### Clipped Quips

"Two gorillas are the big attraction this year at the circus... They're the only pair not running around to impose a new world order on somebody."—Dave Boone... "The Nazy propaganda machine reports all has become calm and serene in occupied France... It gets so quiet there you can hear the standard of living drop..." Heard at the Narragansett Hotel: "She's got more men chasing her than Il Duce's army..." Don't forget Temple Beth-Israel's annual carnival and bazaar, which is being held next Wednesday, Thursday and Saturday evenings at the Temple... Great fun has been promised by the officials in charge...

**NAZI PRESSURE**  
NEW YORK. — The removal of former Commissar of Foreign Affairs, Maxim Litvinov, and the Jewish wife of the present Premier and Foreign Commissar, Molotov, from the Central Committee of the Communist Party, was interpreted by the Jewish press as evidence of Hitler's influence on Stalin's internal policy.

**Asserts Faith in Zionism**

NEW YORK CITY. — William H. King, former U. S. Senator of Utah, in an address over radio station WQXR here predicted the eventual establishment of Palestine as a Jewish commonwealth with a population numbering several millions.

Asserting that an investigation which he conducted several years ago during a visit to Palestine has led him to the "conclusion that the resources of Palestine were adequate to meet the requirements of several millions of Jews," he characterized the Zionist movement as a force for democracy, linking Jews and Non-Jews.

Reiterating his faith in the Zionist ideal, Senator King voiced the conviction that Palestine will "sooner than many of us realize" be established as a Jewish Commonwealth.

"I am profoundly convinced of the power of ideas," he said. "America was built by men and women who were inspired by great ideas and ideals. The Palestine pioneers are the practical idealists who are now building the new Jewish homeland. The history of mankind amply proves that the spirit and the ideal are more permanent in their effects than swords or cannons."
