

## The War This Week

### Production

The War Production Board said shortages of some materials and manpower were more limiting factors in all-out production than difficulties in obtaining production facilities. The Board reported airplane production, though ahead of schedule, would be more advanced if more materials had been available.

To speed production Mr. Nelson ordered all war supply contracts to be negotiated instead of determined by competitive bidding.

### Rationing

Price Administrator Henderson reported United Nation's rubber requirements will not allow any rubber for new or recapped tires for nonessential passenger cars. The WPB reported athletic equipment manufacturers experimenting with reclaimed rubber have developed serviceable squash and tennis balls and are working to

develop an all-reclaimed core for baseballs. The WPB Sugar Section began a survey of the sugar situation in all non-Axis countries to find all supplies of sugar available to the United Nations.

### Civilian Defense

President Roosevelt authorized the OCD to begin placing orders for civilian defense workers' equipment and medical supplies. Priorities will be based on likelihood of attack, vulnerability, and importance to war production of manufacturing plants in the community.

### War Taxes

Treasury Secretary Morgenthau asked Congress to increase this year's Federal revenue by at least \$7,600 million to reach the \$27 billion goal set by the President in his Budget Message. Mr. Morgenthau recommended income taxes be doubled on incomes below

### Jewish War Vets Pursuit Plane Drive

Planes and more planes, is the war cry today. From the Far East, Russia and Africa comes the plea for more flying machines. Air supremacy has blasted the way for Axis successes.

The Jewish War Veterans have demonstrated their awareness of the problem by conducting a nation-wide campaign for funds to purchase 6 pursuit planes. Our government has expressed its approval of the War Veterans project.

Defense bond buying is essential and must be continued. This drive is that little extra you're giving to the cause of democracy. Act now. Contribute what you can to the Jewish War Veterans pursuit plane campaign. Keep 'em Flying!

### "Struma" Incident

Responsibility for the loss of 750 lives on board the Steamship "Struma" which blew up in the Black Sea, must be placed in the hands of democratic countries.

These refugees were fleeing from Roumania pogroms. No country would permit them to enter. Appeals to the British administration in Palestine were futile. The ship was ordered from Turkish territorial waters, despite protests from the captain that the vessel was unseaworthy.

This unfortunate incident is only one in a series of disasters that have befallen thousands of refugees, doomed to endless wanderings. Acts like these are causing immeasurable pain among those who have confidence in the democratic cause.

### News From Russia

From Russia comes word that the government, concerned about the plight of nearly a million refugees, has decided to sponsor a colonization project in the Trans-Caspian Republic of Uzbekistan. It is estimated that this territory has large facilities for agriculture and industrial development and from present indications, the Soviet government is anxious that this land be exploited by present refugees.

It is obvious from the Soviet colonization program that this new project will not be a second Birobidjan. And while complete details of the movement are not available, it is one bit of bright news that has come from the bloodied, eastern front.

## Aryan Blood Policy Backfires

MOSCOW — The Nazi racial theory is costing thousands of German soldiers their lives, it was revealed by a German army doctor when taken prisoner by the Soviets.

The Moscow press reports that the German doctor, identified as Dr. Paul Schultze of the 68th German Infantry Division, spoke with bitterness over "the senseless racial theory" which makes it difficult to carry out blood transfusions on wounded German officers and soldiers, since an order has been issued that no one in the armed forces may have "Jewish blood" in his veins.

## Vichy Restricts Jews in Algeria

LISBON — The full anti-Jewish laws promulgated by the Marshal Petain regime in Vichy were applied to the Jewish population of Algeria this week, depriving the Jews of Algeria of equal rights granted to them in 1870.

At the same time, the Vichy Government ordered all Jews in Algeria to join the recently established Jewish General Union for Algeria, which is controlled and directed by Vichy authorities.

### ASK EXPULSION

BERLIN — The Czech press, the Rumanians and the Hungarians have demanded through either the radio or officials, that all Jews be expelled from these lands.

## Investigation of 3 Colonels Asked of War Department

NEW YORK — The War Department was today urged by the Non-Sectarian Anti-Nazi League to investigate the activities of three Reserve colonels who have been carrying on "un-American activities... helpful to the designs of our enemies."

The three colonels were identified by the League as Col. E. N. Sanctuary, of New York; Col. Winfield Jones, of Missouri; and Lieut. Col. Edwin Marshall Hadley, of Chicago, Ill.

The text of the League's wire to the Secretary of War follows: "The Non-Sectarian Anti-Nazi League respectfully urges that in the interest of our national defense the War Department take appropriate action against Col. E. N. Sanctuary, of New York, Col. Winfield Jones, of Missouri, but recently living in Atlanta, Ga., and Col. Edwin Marshall Hadley, of Chicago, all of whom hold active or reserve commissions in the

A typical example of AZA service to the Salvage for Victory campaign is illustrated by the above photo which shows some of the more than 25,000 old automobile license plates collected by AZA's Abe A. Freed Chapter in New Orleans, where the B'nai B'rith youth group was designated as the official collection agency for 1941 license tags.

## Hitler Plans Lublin "Camp"; To Liquidate Warsaw Ghetto

STOCKHOLM — A plan to "liquidate" the Jewish ghetto in Warsaw and to transfer all the 500,000 Jews confined there to a "reservation" in the Lublin district is now being worked out by Nazi authorities in Berlin, according to

## Christian Fronters Guard N. Y. Ships

NEW YORK — Although the Federal Government has continually stressed the importance of shipping in the war effort, anti-Semites and Nazis still find jobs either on the ships or guarding them, it was revealed here.

It is pointed out that James Stewart, anti-Semite, friend of Joe McWilliams, Christian Front leader, and crony of George Deatherage and Fritz Kuhn, pro-Axis leaders, is working as a watchman for the U. S. lines on the ship American Packer, which is under repair.

a report published in the Nazi newspaper Warschauer Zeitung which reached here this week.

The report says that the order to prepare such a plan came directly from Hitler. The plan provides that the Warsaw ghetto is to become "Judenrein" by the end of 1946.

In informing the Jews in the Warsaw ghetto that they will not be permitted to remain even there the Warschauer Zeitung states that the Nazi authorities intend to reconstruct the ghetto section of the city into a modern quarter of Warsaw by demolishing the old buildings and erecting new modern apartment houses which will be restricted to Germans only. A Nazi official named Dr. Fischer has been entrusted with working out all the details of the transfer of the Jews from the Warsaw ghetto to the Lublin reservation, the Nazi newspaper reports.

## Oust MacMichael, Zionists Demand

NEW YORK — The Struma tragedy, which took the lives of 750 Jewish refugees from Roumania, has prompted the American Emergency Committee for Zionist Affairs to send an appeal to President Roosevelt and to Prime Minister Churchill asking them to force a change in the policy of the Palestine Government, particularly in regard to Jewish refugees, the New York Jewish Morning Journal reported.

The Emergency Committee also asked for the removal of Sir Harold MacMichael, High Commissioner of Palestine, who has been held by many as responsible for the Struma disaster.

### EXHIBITION TO CLOSE

CAIRO — The Palestine Government Industrial Exhibition, on display here since last August, will close this month, it was announced, while General Haining declared that the industrial standards of the Middle East had been raised by Palestine industry.

## To Publish Data On Fr. Coughlin

### Dies Promises To Reform Ways

WASHINGTON — Martin Dies, chairman of the House Committee on un-American activities, who already is assured a renewal of authority and another \$100,000 allotment for expenses, has decided to confound his critics by doing, at least temporarily, the kind of job they want done. They have found fault with him for chasing liberals like Price administrator Leon Henderson, instead of tracking down Hitler's American friends.

Before very long, the Committee will bring out a report on the scurrilous literature recently disseminated by Fascist organizations in the U. S. A. The committee has compiled and sent to the Public Printer exhibits, which will be published in instalments. The Committee is also expected to bring out data on the operations of Father Coughlin, the Detroit radio priest; Gerald Winrod, the Kansas preacher and others of their ilk.

Rep. Thomas Eliot of Mass., chief critic of the Dies Committee, has made charges repeatedly against its type of investigation. It now seems that while losing his war to abolish the Committee when its present grant of authority expires, Eliot may have won his battle to reform the Committee's ways. However, Dies often before has promised to mend his ways at renewal time only to revert to New Deal-baiting once he got it.

## American Firsters Still Meet in N. Y.

NEW YORK — Meetings of American Firsters are still being held in Bronx, although the members gather furtively, inquiring newspapermen discovered as they entered a building at 4351 White Plains Road and saw a sign saying "America First Committee meeting every Thursday."

The members present were reading "Social Justice." When asked the purpose of their gathering, a leader replied that the group "discusses knitting sweaters for boys in service and to contact the OCD and the volunteer services." When one reporter asked where the local Air Raid headquarters are, another spokesman replied: "Probably in a Jewish church."

## Doctor Shortage Eases Restrictions

ZURICH — The lack of doctors in Germany and the rapid spread of a scarlet fever epidemic there this week forced the Nazi authorities to permit Jewish doctors to treat "Aryan" children throughout the Reich.

An order issued by the Ministry of Health in Berlin provides, however, that only "Aryan" children who are under 11 years of age may be treated by Jewish doctors.

The Board ordered most women's hosiery manufactured after April 1 to be of rayon instead of silk and nylon.

**Prices**  
 Price Administrator Henderson notified State and local authorities in 20 defense areas in 13 states to reduce inflated rents within 60 days or he will set rent ceilings. Mr. Henderson requested immediate restoration of prices for mechanical refrigerators at February 2 levels. He advised consumers not to purchase rubber products when prices appear excessive, because for many rubber products made months ago there is "no excuse for charging more than before Pearl Harbor."

The importance of the campaign was emphasized by Isadore Feldman, local chairman, who said, "The plan is a practical one and will be the means of giving personal expression to the feelings that stir all true Americans in the hour of trial and peril."

**America Can Be Licked:**

That's not a slogan thought up by this hysterical alarmist. It's a quote from Adm. William M. Standley, new ambassador to Russia. It makes him an hysterical alarmist, too, which ought to make him a useful man to the gov't. New York had to have the war dumped on the doorstep before it realized the shooting had started. The burning of the Normandie woke the New Yorkers up. They let out the usual yell for scalps, but that was better than no yelling at all. They began to wonder what was going on. Well, what was? Lethargy's another of our crimes, Admiral Standley warns. Have a look at the country away from the coasts and you'll agree. The big idea there is, "The bombers can't reach us." To them, the only part of the U. S. A. at war is the part in danger of invasion. What makes those ostriches think the Nazis or Japs will hug the beaches? They love to travel.

The fault-finders who keep hollering that we don't know enough about Pearl Harbor don't even listen when you mention what the navy did later at the Gilbert and Marshall islands, Macassar strait and Java. That isn't the kind of news they like to monger.

**Man About New York:**

The United States did not create the pioneer spirit; the pioneer spirit created the United States. That spirit has never failed our people. It was in the gun-pits at Gettysburg, it was in the trenches in France, and it is in the foxholes of the Philippines.

The world picture is black today, but it was black in 1778, when Philadelphia and New York were in the hands of the enemy. It was blacker still when the capita' was burned in 1814.

There were only 5,000,000 Americans then. But they taught Europe that though it could invade American territory it could never invade the American Spirit; that their artillery could crack an American fort, but never the unity of the Republic. The American people have won every war because they have continued to fight the enemy, not to question their own leadership. Five million Americans stood off the world because deep defeat could not divide them.

That tradition is worth more than all the gold in Fort Knox. Our schools can truthfully teach that there were no hoarders at Valley Forge—and the captain of the U. S. S. Constitution never had to ration Loyalty.

Today the tides of Manila Bay are ebbing and flowing, but not the patriotism of the surrounded Americans. Tokyo hopes they will soon run out of ammunition. Because even Tokyo admits that MacArthur's men will never run out of courage.

The stiletto mob didn't waste a second hopping on the R.A.F. when the Nazy ships slid through Dover strait. All right, it was a blow that hurt. Hitler got his ships home. But who tied them up for months? The R.A.F. Who fought off the invasion of England, and changed Germany's whole plan of the war? The Huns are on the Russian front today, taking a bloody beating, because the R.A.F. sent them there. But one setback is supposed to rub out all their glories. The toughest outfit of the war, with a rec-

ord full of glory, is being crucified for losing one skirmish. The idea is not being promoted here, however, that everybody has to shut up. Blunders must not be excused, or inefficiency and plundering concealed. The chief thing is to notice who's doing the loud-est yelling, and check back on his record. Lots of mouthpieces aren't speaking in America's interest. You don't have to be slant-eyed to be a good Jap, or to have an accent to deliver a message from Berlin. Sure, America can be licked. But fevvensakes, don't let's lick ourselves.

This little anecdote about a prime minister and a reporter tells more about the stupid, short-sighted thinking that was almost fatal to democracies than all the intellectual essays ever written. Stanley Baldwin told a reporter: "I want it to be said of me that I never sent a single Englishman to die on a foreign battlefield." "But, Prime Minister," he was reminded, "don't you see you are piling up trouble that will kill a million Englishmen in the next war?" "That," said Baldwin calmly, "is a problem for my successor."

Book publishers are cutting one-eighth of an inch on tomes already to conserve paper. The best publishers (five) are standardizing the jackets on non-fiction. A Los Angeles lawyer has complained to authorities that Japs are using "spot" announcements on West coast high-powered stations to relay code messages to Tokyo. The N. Y. Times is prepared for an air raid. In its annex lobby (where the paper is printed) there's a Disaster Wagon equipped with helmets, first aid kits, etc.

#### CHEESE BLINTZES

With a fork beat 1 egg just enough to blend the white and yolk. Add ½ tspn. salt and 1 cup of water. Sift 1 cup of flour, stir into the batter, and mix until smooth. Grease a frying pan about 6 inches in diameter, heat it well, and pour in 2 tablespoons of the batter. Tilt the pan so as to allow the batter to run all over the bottom. Cook over a low heat on one side only, until it will hold its shape but does not brown. Turn out on a clean cloth and repeat with the rest of the batter.

Mix 1 lb. cottage cheese, 1 egg, 1 tblspn. of melted butter, ¼ tspn. of salt, 1 tspn. of sugar, and ¼ tspn. of cinnamon. If desired, ¼ cup of raisins may also be added. Place one heaping tblspn. of the cheese mixture on each blintze. Fold the edges over the filling and press in well. Cook in 4 tblspns. of butter until brown on both sides. Serve with sour cream.

If desired, the blintzes may be filled in advance and kept in the refrigerator until ½ hour before serving time. This amount makes about 10 blintzes.

## For a Woman's Fancy

By EDYTHE JAY

A defense project all their own  
Against want in old age  
This continues to be their aim  
With a donor luncheon setting the stage ...

Charity beckoned, and aware of their obligation, more than five hundred women in our community subscribed to the cause ... Holding the tenth of its annual donor luncheons, the Ladies Association of the Jewish Home for Aged was in full and complete "occupation" of the Narragansett Hotel's Crystal Ballroom and parlours last Wednesday afternoon, and upon our soul, it might have a coutourier's Spring "opening". ... It might have been, that is, except for the throbbing undercurrent of pride in purpose ...

As always at the Association's past affairs, several of which this department has been privileged to cover, there was an abundance of purpose ... Each woman, by her ten dollar donor contribution, said firmly and faithfully in unspoken words that she knows the importance of the Home's functions, and how equally important—its support ... And, knowing, she gives.

That an affair is outstanding fashionably, as well as financially, well that, pets, is cream in a news-girl's coffee ... No trouble on an assignment like that ... All she needs is the names of women at the tip of her pencil, a few super adjectives, mixed together well, and she'll find her typewriter ribbon unwinding something like this ...

Mrs. Daniel Jacobs, chairman of the affair, was excited and thrilled as all get out, with the parade of donors seemingly unending ... For her diligent effort at the helm, she was presented with a charming gold fob watch by the Association ... Her raiment? ... Well, she wore a dress of navy wool crepe, with an inch-wide band of yellow yarn inset from the neckline and down the long wide sleeves ... The navy belt ended in gold yarn fringe, and she wore a navy hat and tea roses to complete the effect ...

Peace and victory was the theme of the white figured print on the navy background of Mrs. Samuel Michaelson's crepe frock ... It turned back at the neckline with red revers, and she chose a red straw sailor hat ... Mrs. I. S. Low took tickets at the door, looking splendid in a silk suit of grey plaid, topped by a jacket of flame crepe ... Her hat carried out the red hue ... Looking slim and lovely as a mannequin was Mrs. Saul Grossman in her stiffish two piece frock of brown taffeta, accented near the neckline with shell pink ... Her off-the-face brown felt chapeau, was enhanced with pink veiling ... Mrs. Samuel Markoff wore maize wool, and a flower-bedded hat ... A charming black frock, with lingerie trim around the round neckline, and lingerie pockets forming V's—was Mrs. Albert Leif's selection ...

Carnation red was used for the jacket of Mrs. Martin Bernstein's navy dress, and navy scrolling was applied on the jacket's pockets ... Her hat was navy, and she wore an unusual bracelet of red and navy ... Mrs. Harold C. Foster arrived in a Spring thing of rustic brown, with white polka dots ... Mrs. Hyman Drevno was there in chic black, with a bodice of robin's egg blue ... Mrs. Samuel Deutch chose navy, refreshed

with spic and span revers of white organza ... A princess frock of black with a wide band of faille at the hemline was chosen by Mrs. Samuel Gan ...

How attractive the guest of honor! ... Blix Ruskay, whose program of impersonations we were unable to wait for, was a lovely lady in tobacco brown crepe, with regal gold scrolling on the sleeves ... The last word in a Spring suit was that worn by Mrs. Robert Rice ... 'Twas torso length in a shocking pink shetland, and the collar of her heavenly blue blouse was chic contrast ... Her small hat was of pink ... Mrs. Abraham Blackman reaffirmed her femininity in a beautifully tailored suit of sky blue, and her half a hat of flowers was swathed with misty veiling under the chin ... A tropical print of green and coral was Mrs. Hyman Cotton's becoming selection, topped by a silver fox jacket ...

A striking picture was Mrs. Isaac Feinstein in a tailored frock of fluent silk jersey in baby blue, contrasted by a large hat and large purse of life red ... A lovely suit of landscape green wool, fastened with gold buttons that resembled grape clusters—smartly chosen by Mrs. Mae Weiss ... Mrs. Saul Abrams fashioned a trim figure in black, with a demure bib of white ...

Fascinatingly smart was Mrs. Judd Green in a suit of cherry red, with a darling jockey hat to match ... Mrs. Mitchell Sherwin, stately in lime-coloured crepe, with a ruffle tunic effect ... Mrs. Leon Burt's glen plaid suit spoke volumes for its perfection, but we'll speak for her hat ... It was crocheted of yellow yarn, and formed a darling ruffle over her short coiffure ... Tender sea-foam crepe, with a bodice of smooth satin, made a lovely portrait of Mrs. Irving Wattman, and she put a small hat, mostly flowers, on her blonde pompadour ... A fetching figure was Mrs. Max Winograd in a slim sheath of a black dress, and a most unusually dramatized stocking cap of black, we ever

(Continued from page 4)

did see ... Mrs. Charles Greenspan, vivacity itself, wore a bright green suit, with a blouse of brown and white stripes ... Her turban was of the same green ... Mrs. Aaron Bromson's black frock boasted beaded trim on its surplice neckline ... Mrs. Frank Abrams nodded hello across the room, looking lovely in royal blue crepe, and an upish black hat ...

We spotted Mrs. Nathan Sandperil entering in a luxuriously wonderful silver fox jacket, and a jeweled mad-cap, but we neglected to notice her frock ... A small red pillbox was jauntily worn by Mrs. Abraham Perceley, good contrast for her navy faille suit ... Odes could be written to the dress worn by Mrs. Charles Brier ... Modified V-neckline and three graceful tiers ... White flowers formed her hat ... Winsome thing of conservative blue, pleated all round the skirt, worn wonderfully by jovial Mrs. Harvey Cohen ...

Mrs. David Dwares appeared in a light purple printed dress, top-

ped by a torso jacket of solid purple ... Mrs. Joseph Kominsky in sophisticated black and white

A black and white checked material designed Mrs. Charles Blackman's two piece frock, and her birdlike hat of white was like nothing we've seen. Especially notable was the way it curved into what looked like ear-laps ... An animated flower print fashioned the skirt and yoke of Mrs. E. Harold Dick's dress, while the bodice was of black crepe ... Mrs. Bert Bernhardt was dandyish in navy, with a navy and white checked ruffled gimp and a matching hat of taffeta ... Mrs. Sol Rose wore a dress of snowcap white wool, with peasant embroidery adorning the yoke.

Graceful was the outfit worn by Mrs. Leonard Young ... It was a long torso bodice of bright print, attached to a dirndl skirt of black ... Mrs. George Carson a charming lady in navy, with tiers forming the skirt ... Red flowers danced in print on Mrs. Irving Goodwin's dress, and she looked a perfect Dutch girl with her black hat, reminiscent of Holland and tulip time ... Mrs. A. R. Berman, gracious in black, with pure white collar as trim ... Mrs. Ida Fain chatted with us a few minutes, and we jotted down how special she looked in black, with an inset front yoke of pine green crepe ... Brilliant beads highlighted a trimly tailored black frock, as worn by Mrs. Saul E. R. Feinberg ... Mrs. Archie Fain rustled by in a stunning black moire suit, followed by Mrs. Samuel Schneider in the Spring-mainstay—navy, complemented by a stunning navy cloche ... Mrs. Teddy Max was petite in delicate blue, with a becoming black hat ...

A black outfit, with a bib of soft blue outlined in red jewels—worn by Mrs. Norman Alper ... Mrs. Carl Jagolinzer's black crepe frock, was dotted here and there by gleaming jet sequins ... A dream of an outfit was Mrs. Irwin Priest's black ensemble, with its full length coat, and white applique worked intricately on the collar ... Her white pleated hat was most appealing with its long black snood ...

Refreshing as this Spring weather was Mrs. Dudley Block in a beige frock, with a large square sailor collar, outlined with a wide margin of green ink green ... Mrs. Walter Gartner wore navy, with a pretty blue blouse ... Mrs. David Horvitz's navy ensemble was heightened with a collar of crisp white pique and her hat was red and navy ... Mrs. Frank Goldstein, attractively turned out in a gay-colored print ... Mrs. Samuel Flanzbaum wore a black and white checked jacket, with a skirt of black ... Mrs. Samuel Finegold looked wonderful in a wool frock of a tart lime colour, which she spiced up by a brown hat and her brown fur jacket ... Mrs. James Goldman, always well-groomed, arrived in a dress of black silk jersey, contrasted by a hat of soft blue flowers ...

A sculptured dress of gold durtateen and a hat of beaver—Mrs. Arthur Kaplan's attire ... A margin of polka dots banded the neckline of Mrs. Jack Queler's navy suit ... Nile green, prettily pleated, fashioned Mrs. Samuel Ganzer's dress ... Red and gold trimming wound its way around the neckline of Mrs. Charles Strasmich's black ensemble ... Her hat was red and becoming ... Anchors aweigh! we felt like singing at the first sight of Mrs. Lou

## Piano Soloist

Ralph Einstein, the son of Mr. and Mrs. Arthur Einstein of Sessions street, will be piano soloist with the Providence Symphony Orchestra on Sunday night, March 22, in the Gilbert Stuart High School, playing the Fourth Piano Concerto of Beethoven. He made his first appearance with the orchestra when he was thirteen.

Horvitz ... Her dress was of navy crepe, middie blouse, white lacing up the sides, and white braid ... Mrs. Samuel Green, charming as ever in a frock of brown, livened by an organdie collar of aqua ... Outstanding was Mrs. Albert Cumins in her beige wool frock, made with full Dolman sleeves appliqued in black ...

Mrs. Adolph Meller was chic in a costume of navy ... Mrs. Fred Kenner came in an impeccably tailored greenish grey suit, with cape shoulders ... A flowered hat on her blonde locks ...

Some last looks we took before leaving revealed Mrs. David Dressler in a becoming grey suit ... A navy outfit, contrasted by green, selected by Mrs. Nathan Samors ... Mrs. Ephraim Rosen, graciously lovely in a royal purple dress and hat ... Pin dots of white on a grey ensemble, worn by Mrs. Israel B. Dickens, and contrasted by a green chapeau ... Mrs. Walter Sundlin in a wonderful outfit of licorice black ... Mrs. Leo Rosen, bright as a sunbeam, in luscious orange wool, while her sister, Mrs. Lester Emers wore a fitted thing of black and a daring small hat—off the face type ... Small green cut-outs were appliqued on jacket of Mrs. Martin Silverstein's navy suit, and on her feather-curl bob, a small green hat ... Mrs. Archie Chaset chose a cheerful print of red and green hues ...

Mrs. Morris Ratush in black, with bewitching black lace edging the collar and cuffs ... Minute white bubbles printed on a navy background, and fashioned into a swinging thing—the choice of Mrs. Milton Scriber ... Black faille, with gleaming white organdie for its collar is what Mrs. Alex Maddens wore ... Mrs. Benjamin Woolf, in black wool crepe, with landscape green inserts down the front ... Mrs. David Woolf, just back from Florida, looking fine in chic black ... A reddish print, and a small pompadour hat, Mrs. Irving Glantz's selection ... Mrs. Walter Adler's black frock, topped by a bodice of red, with bracelet sleeves fastened by studs ... Mrs. Isidore Paisner in an aqua suit and hat, topped by a beaver coat ... Mrs. Jacob Stern, in attractive black, with a trim white collar ... Mrs. Albert Pilavin in something soft and blue ...

To the hundreds we've omitted—our humble apologies ... Omissions are always unintentional, and as they say in the movies, purely coincidental ...

## Scene Around Town

By HENRY DAVIS

A record-breaking crowd overwhelmed the Narragansett Hotel last Wednesday on the occasion of the tenth annual donor's luncheon of the Home for Aged Ladies Association ... Nearly every parlor was jammed, and it was estimated that about 500 were there ... The First Aid Course given at Temple Beth-El for the past ten Tuesdays by Dr. Samuel Pritzker and Dr. Eske Windsberg was concluded this week, and the class got together to present its instructors with tokens of appreciation ... A fishing rod to Dr. Pritzker and a pen and pencil set to Dr. Windsberg ...

### Chummy Notes

There were many who were present at Lillian Hellman's play, "Watch On The Rhine," that was given last Monday night at the Met ... Among those spotted were Dr. and Mrs. Dave Litchman, Mrs. Charles Brown, titian and tanned from her recent trip down South, Philip Glanzman and Dr. and Mrs. Allen Novogroski ... Alter Boyman visited his son-in-law and daughter, and not incidentally, his grandson, in Philadelphia last week ... From Camp Edwards comes word that Irving Bilgor has been promoted from Corporal to Sergeant ... Also stationed at Camp Edwards now is Harold Goldenberg—who enlisted a short time ago in the Air Corps ... Spotted in the whirling crowd at New York's Hotel Taft last Saturday were the Irving Ackermans ... A Jewish set of twins, Arleen and Ina Goldenberg, were the first babies to receive a fund of defense stamps given by a Brooklyn Hospital to all twins and triplets born there ...

### Miscellaneous

Newcomers at Miriam Hospital this week include a daughter to the Max Levys on March eighth ... The mother was formerly Jeanette Mendelovitz ... And a baby girl to the Philip Kushel's on the ninth ... Mrs. Kushel is the former Evelyn Bressler ... Maurice Hendel was in Washington this week ... Another visitor to our nation's capitol was Albert Rosenberg, who spent the last month visiting historical sites in that area ... John Vanderecock, whose acid voice has corroded many a Nazi temper, will be guest speaker before the Beth El Brotherhood on March 29 ... A Providence resident, writing from Florida, is burnt up about the French refugee, who having found a haven here from the Nazi oppressors

who have overrun his homeland, has opened up a hotel that maintains a "No Jews Allowed" policy ...

### Fishing Fancier

We're sure envious of Al Coken who headed for Key West, Florida, this week, to do some deep-sea fishing from Bimini ... Paul Robin told us of a B'nai B'rith entertainment for the service men at Fort Getty, that was staged last Wednesday night ... Dr. Carl Jagolinzer, head of the local chapter, directed the committee's efforts ... One of Providence's boys was picked up in Baltimore this week—when he was unable to produce a draft registration card ... \$8,000 worth of vitamin capsules were shipped to China this week, as a donation of New York Jewish children ...

### Joke of the Week

Jews who want to escape being Jews are not new. Books could be compiled of the stories all in amused tolerance, told by Jews in various European countries who saw their fellow Jews trying to better their own or their children's fate by taking to Christianity.

One day a Protestant came to a Catholic priest and said that he wanted to enter the Roman Catholic Church. The priest looked through the candidate's papers and noticed that the man had originally been a Jew and only a week before had been accepted into the Protestant faith.

"But why didn't you get baptized immediately as a Catholic? You don't seem to know exactly what you want," the priest said.

The Protestant replied:

"I did that so that later I wouldn't have to say I was formerly a Jew."

## Refugee Claims Defense as "Jew"

U. S. Charges Convert is Spy

NEW YORK—Charged in Federal Court with an espionage conspiracy for Germany against the United States, Paul T. Borchardt claimed "Jewishness" as a defense tactic attempting to preclude the possibility that he could act as an agent of the Hitler government.

Borchardt, who was until 1938 Professor of Military Geography at the University of Munich, claimed that in November, 1938, he was sent to the Deschau concentration camp when thousands of Jews were rounded up after the assassination of Ernest vom Rath in Paris. In 1940, 56-year-old Borchardt, a convert 24 years ago to Catholicism, came to the United States as a refugee. He claimed at his trial that his wife, a Christian divorced him in Germany.

## ORT Aided 10,000 Families In 1941, Open Campaign Here

With a record of more than 10,000 family breadwinners aided in 1941, ORT—Organization for Rehabilitation through training, is continuing and plans to expand wherever possible its program of trade schools, workshops and farming projects that it conducts on behalf of Jewish refugees and war victims throughout the world, it was revealed this week by Maurice Berren, chairman of the Providence campaign.

In Europe, projects of the World ORT Union carry on under the supervision of local ORT committees, while to meet the increased need for ORT work in the democratic countries, the American ORT Federation is strengthening its resources and structure. Mr. Berren emphasized the need for ORT's work in South America where the refugees constitute a large percentage of the local Jewish population and where special efforts must be made to integrate the newcomers into the life of the

country to prevent serious problems from arising.

Jewish Labor Committee Because of the contacts with the organized labor bodies the Jewish Labor Committee is seeking funds here, Mr. Berren said, to further the work against subversive elements and philosophies tending to undermine the American way of life. It is combatting totalitarian and anti-Semitic tendencies in the ranks of labor through a vigorous program of education.
