

**The War This Week**

**Army**  
 Army Services of Supply Chief Somervell, in London, said U. S. and British officials are working on a program to standardize military equipment, including tanks and planes, so such equipment may be exchanged freely.

**Production**  
 Under-Secretary of War Patterson reported the President's goal of 60,000 planes in 1942 will be surpassed "by a substantial margin," and tank and ammunition production are keeping pace with schedules.

The House passed and returned to the Senate legislation setting up a Smaller War Plants Corporation which would make loans to small firms to enable them to obtain war contracts.

**Army Expansion and Training**

Chief of Staff Marshall announced there will be nearly 4,500,000 soldiers under arms by the end of 1942 rather than 3,600,000 as originally planned at the start of the war. The Civil Aeronautics Administration called for volunteers to be trained as glider pilots in the Army Air Forces. The glider training is open to men 18 to 35 holding pilot licenses of private grade or higher, to graduates of the CAA program and to pilots completing 200 or more glider flights.

**Selective Service**  
 U. S. Commissioner of Education Studebaker reported about 430,000 men have been rejected for Army service so far because of illiteracy. Of these, 250,000 are physically fit. He said a program is being worked out to give the "functionally illiterate" basic training in reading, writing and arithmetic.

**Civilian Population**  
 The WPB said a Victory safety razor with a plastic handle, a zinc cap, and a zinc or plastic guard will go into production in a few months and will be offered to the public when the present supply is used up. The Board announced it invites specific inquiries from (Continued on Page 2)

**Editorials**

**False Optimism**

Various officials in the government have warned us not to become too optimistic—and to disregard the current crop of rumors to the effect that the Axis is on the verge of collapse. There is sound reason behind that reasoning. Nothing suits the Hitler-Hirohito combine better than unjustified optimism on the part of their enemies. Nothing is so fatal to a nation in war as complacency.

The newsmen who were recently released from Hitler's Europe brought illuminating information with them. Axis morale, they say, dropped when Germany and Italy declared war on us. But Hitler has most of the people sold on the idea that they must win or perish. They are doggedly determined to fight on to the very end. There are relatively few rebels—and the Gestapo is active and efficient.

It is possible, of course, that the war could end with startling suddenness. That happened in 1918. But it would be the height of folly to anticipate that. We can hope for a short war. But we must build and plan for a very long one.

**Support for Palestine**

American political leaders, including President Roosevelt and leading Congressmen, have reaffirmed their support for the full establishment of a Jewish National homeland in Palestine.

Realists in the realm of politics and economics, the above mentioned men are aware of the hundreds of thousands of men and women who have been transformed from ghetto dwellers into agricultural workers and factory hands.

A military victory of the United Nations cannot bring an immediate solution to the homelessness and statelessness of millions of up-rooted Jews. It is obvious that Palestine is the answer, a solution that is recognized by liberal and democratic forces everywhere.

**Resort Restriction**

The Resort or Hotel which advertises for a "restricted" or "Gentile" clientele is not necessarily practicing "racial discrimination," says Editor & Publisher, weekly magazine for newspapers and newspapermen.

The editorial criticizes P.M. New York City afternoon daily, for the latter's series of articles against such "restricted" advertisements appearing in certain other New York City newspapers. (Continued on Page 2)

**Russian Jews Appeal For Tanks, Planes to Aid Army**

MOSCOW — An appeal to the Jews of the democratic countries to contribute 1,000 tanks and 500 planes to the Soviet Army in order to help Russia defeat Hitler was broadcast from here this week by the Jewish Conference to Fight Fascism.

Declaring that "the summer of 1942, which is destined to decide the fate of mankind, will also decide the fate of the Jewish people," the appeal calls upon the Jews in the democratic countries to give their maximum aid to their governments and "to fight to the last drop of blood, so that fascism will soon be routed."

The appeal emphasizes the fact that the Jews in Soviet Russia, fighting side by side with the Russian people, are helping break the myth of Nazi invincibility. It points

**Britain Says 70,000 "Enemy Aliens" Are Now Aiding Her**

NEW YORK — With the American government considering its policy toward "enemy aliens," especially refugees, on the East Coast, Great Britain put in a good word for them in "Bulletins from Britain," published here by the British Library of Information.

In a piece entitled "70,000 Enemy Aliens Aid Britain," the publication pointed out that "these friendly 'enemies,' for whom an Allied victory means the recovery of all they cherish most, are to be found in every branch of the nation's war machine. Their service for democracy is varied, but most important of all is that done by those who hold key positions in Britain's secret war laboratories. For many months now their special skill has been used to devise new and terrible weapons for the fight against the men who robbed them of all they had.

It is indeed a strange sidelight on this war that British science, medicine, literature, art and music have all been enriched by new blood which has come from the European part of the Axis."

When war first started, the "enemy aliens" were indiscriminately interned. Later, that policy was reversed, so that "as the war progresses, these 70,000 men and women in the van of the battle are daily proving how great was the mistake Hitler made when he drove them into the arms of Britain.

**Charge Russia Bans Emigration**

LONDON — A charge that the Soviet authorities are not allowing Jewish refugees in Russia, who formerly resided in the section of Poland occupied by the Soviet Army in 1939, to emigrate to Palestine on the basis that they are considered Soviet citizens was made this week in the Polish National Council by Dr. Ignacy Schwartzbart, Zionist deputy. Dr. Schwartzbart urged the Council to protest against this procedure.

**17 Out of 57 Join U. S. Army**

Lexington, Miss. — More than 25 percent of the Jewish population of this city — 57 persons — are in the United States Army. The Jewish community has contributed 17 of its sons to Uncle Sam.

Leading the community is Mrs. Sol Appelbaum who has three sons and three nephews in khaki.

**To Pay Tribute to Chaim Weizmann National Figures To Attend Dinner**

NEW YORK — The foremost personalities in Jewish life, science, literature and public affairs will join in paying tribute to Dr. Chaim Weizmann, president of the Jewish Agency for Palestine and the World Zionist Organization, at a dinner Wednesday, June 10, at the Waldorf-Astoria.

Many distinguished figures are sponsoring the dinner in honor of the great Jewish statesman and scientist including Mrs. Franklin D. Roosevelt, Viscount Halifax, Wendell Willkie, Donald Nelson, Governor Herbert H. Lehman, Mayor LaGuardia, Thomas Mann, Professor Albert Einstein, Arturo Toscanini, Sigrid Undet, Dorothy Thompson, etc. The complete list of sponsors resembles a "who's who" of the most outstanding men and women of our day.

The dinner to Dr. Weizmann will be the occasion for a public expression of appreciation of his leadership in the construction of the Jewish homeland in Palestine and of his notable contributions to science, particularly the important discoveries through which he aided the Allies in the First World War and the United Nations in the present conflict.

**"Empire Builders" Get Jewish Goods**

STOCKHOLM — The Italian Government has assigned property confiscated during the last two years from Jews to Italian business men who returned financially ruined to Italy after the United Nations' armies had smashed Mussolini's dreams of an Italian Empire, it was reported here this week.

Italian business men who had left for Ethiopia, Eritrea and Somaliland to build an empire for Italy and amass fortunes for themselves have returned recently to Italy, their coffers and dreams deflated by vigorous democratic victories. The confiscated Jewish property has been given to them as compensation.

**Cuba Cancels All Immigration Visas**

HAVANA — Cuba has decreed not to admit persons from Nazi-occupied countries or natives or citizens of Axis lands, it is pointed out by the Hebrew Sheltering and Immigrant Aid Society, through its affiliate in Havana.

All visas issued prior to promulgation of the order to persons who have not landed in Cuba are cancelled. The decree applies to refugees now on ships headed for the island.

**Joins Army to get Revenge, Nazis Murdered Brother**

CAMP LEE, VA. — Pvt. Frederick E. Birkner, 22, of Co. H, 7th Regt., quartermaster Replacement Training Center, has two reasons for wanting to get overseas as soon as he can to fight Nazism.

His brother, Capt. Carl Birkner of the Austrian Army, was murdered by the Nazis during the 1938 seizure of Austria by Hitler, and Pvt. Birkner himself spent four months in a concentration camp.

"My brother was among the group of Austrian officers who planned to oppose Hitler's invasion and shortly after the Anschluss he was arrested by the Gestapo and stop," he said. "About

four weeks later they arrested me on 'suspicion.'"

Pvt. Birkner called the sight of Hitler driving through the Vienna streets "the most horrible experience of my life."

He said that life in the concentration camp was almost unbelievable and that he could not believe how cruel the Nazis were until he became their prisoner. He was released in August 1938, and was brought here by an uncle.

Several times he tried to enlist but was rejected because he had only first papers. Finally he got in by volunteering to his draft board.

**Congress to Form Advisory Council**

**To Discuss Axis-Conquered Lands**

NEW YORK — An Advisory Council on European Jewish Affairs, comprising representatives of countries taken over by the Axis who are now to be found in the United States will be formed next week-end at a conference summoned by the World Jewish Congress, to be held at The Commodore Hotel.

The week-end conference has as its objective the establishment of a united front on the part of representatives of European Jewish communities with respect to common problems relating to the efforts to win the war, win the peace, and bring about the post-war reconstruction of Jewish life at the end of the war. The Council will be advisory to the World Jewish Congress.

The conference will develop plans looking to participation of the various groups in the common struggle for the maintenance of demo-

**Forbid French To Change Names**

VICHY — Jews in France will henceforth be forbidden to change their names as a result of a new anti-Jewish law promulgated here this week by the French Government. The law aims at preventing Jews from assuming French-sounding family names.

The new measure is part of the increased anti-Jewish legislation stimulated by the Nazi occupational authorities in Paris and prepared by Xavier Valat, the Vichy Commissioner for Jewish Affairs.

cracy, and in the promotion of better understanding on the part of non-Jewish groups of their respective nationalities with respect to the position of the Jews.

The conference will also discuss a plan for such assistance to the Jewish communities still in the countries of Axis domination, in accordance with the limitations imposed by the United Nations.

**Wise Wardrobe Women Has Orphans Pick Own Clothing**

NEW YORK — Two thousand orphan children have to thank Mrs. Mammie Goldfarb for being able to wear clothes just like all other children, who have parents to do their shopping. Mrs. Goldfarb, who is wardrobe mistress at the Foster Home Bureau of the Federation of Jewish Charities claims

that it gives the children confidence to pick out the dresses and suits they like themselves, rather than have some charitable organization give them to them.

Mamie, as her associates call her, does all her buying in different wholesale houses, and then buys only a few of each model, so that children that go to the same school, will not wear identical outfits.

Her department looks like a small apparel store; one wing is for shoes, another is the boy's shop, then there is the girl's store, of course, and also an infant's department.

When the boys and girls start high school they are given money to buy on their own. Some, of course don't know how to shop wisely in the beginning, but it is a good way to learn.

Mrs. Goldfarb has been outfitting children for 25 years and she figures an average of about \$40 yearly for each school child.

**Rationing**

Price Administrator Henderson said there will be more rationing of essential articles, but the country is a long way from a complete rationing system. He said there will be additional shortages in power, fuel reserves and transportation.

**Labor Supply**

The War Manpower Commission said it is considering a plan to bind management in critical labor areas to hire workers with certain skills through the U. S. Employment Service, in order to eliminate "piracy" in such areas. The Commission also said if workers refuse to accept suitable employment in war industries "without reasonable cause," the circumstances will be referred to the Selective Service System for consideration in connection with any request for occupational deferment.

**Slurs Roosevelt, Jews-Fined by Court**

NEW YORK — Because she slurred President Roosevelt and the Jewish people and publicly supported Nazism, Mrs. Janet Arnold, who worked for the Guild Radio Corporation, a plant doing "secret war work", has been fined \$10 in court here.

The complainant, Rose Schmepf, Deputy Assistant Corporation Counsel and President of the Bronx Women's Bar Association, declared that Mrs. Arnold had said: "When Hitler comes over here you dirty Jews won't be wearing fur coats. **Resort Discrimination**

(Continued from Page 1)

Editor & Publisher enjoys a high esteem among many daily publishers. Its opinions have an important influence on the enlightenment and the thinking of many newspapermen professionally. It is extremely unfortunate, therefore, that Editor & Publisher adopts a negative attitude on a matter so closely tied in with the current world struggle for democracy.

Daily newspapers lean over backwards quite often—sometimes to protect the public interest and sometimes to protect their own interest. Here, it seems to us, they might well lean over backward to protect both the public interest and their own interest—by giving a good, hard boot to advertisements which disseminate the doctrine of discrimination.—Israelite

WHEN A REPORTER CRUSADES against dirty elements in a community or country there is very little glory connected with it, but he puts himself in great personal danger ... Donald R. Mellet of the Canton (Ohio) Daily News was killed by gangsters because he exposed their activities ... In 1922, George Dale of the Muncie Post-Democrat fought the K. K. K. One night a few of them attacked him and almost beat him to death. He shot one of his attackers with a gun he wrested from his hand. Kluxers in high places railroaded him to jail. And it wasn't until 1926 that the Senate Supreme Court ruled in Dale's favor ... For many years the Butte (Montana) Daily Bulletin slugged courageously against the no-goods, regardless of how powerful they were. Because of that, they had to keep loaded rifles in the city room—and every reporter had a gun laying beside his typewriter ... This reporter has also never stopped firing his typewriter guns against the slimy members of our community and country, in spite of all kinds of threats. Yet some people wonder why we tote a .38.

The Wireless: See how the Axis whimpers when you get tough. Churchill slapped a couple of chips off Adolf's shoulder, and Berlin cried its eyes out. "You ask for gas," taunted Winston, "and gas you'll get." The Berlin press winced next day, "Please, mister, you got us wrong" ... The overseas exchange between Oliver Littleton and Donald Nelson, with Quentin Reynolds chairmanship, was no encouragement to Nazy eavesdroppers. They talked great big production figures that won't make it an easy summer for the Fritzies ... Another exciting bulletin was the item from Burma—how the Chinese tricked the chesty Japs into over-running second base. And putting the ball on them with a thump that just about laid the skull open ... Byron Price is a sensible censor. Too tight a clamp down on radio news, he said, would make the public suspicious of the

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the more modern "105", known as the heaviest of divisional weapons. The 75-mm gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. **The Story Tellers:** Gen. de Gaulle was in the doghouse with the brass hats before the war started. Elliot Paul, in his book, "The Last Time I Saw Paris," mentions that de Gaulle pooh-pooed the Maginot Line, the darling of the army clique. He foresaw that Hitler would skip around the end ... Scott Feldman surprises you in The Woman with a tip that the best way to get a stage job is to troupe for a little theater. There's always a Shubert or two lurking there, he says, to hire you for a hit. Imagine Lee Shubert going TOWARD an actor! ... **Nazi propagandists keep repeating that they love peace.** Every time Hitler or another Nazi makes a speech, they insist that they are peaceful. And the tragic part of this is that this propaganda bullet aimed at America was manufactured by an American press agent! ... When the Nazis first came to power they never stopped boasting to the outside world about their warlike attitude ... But when this press agent was in Germany, he told the Nazis to base their propaganda on disarmament and peace ... You've probably guessed his name—Ivy Lee ... And so it was this tip by a press agent that made many Americans and people in other democracies believe Nazis really wanted peace. Strange as it seems, we might not have had a war if democracies weren't lulled to sleep by Nazi peace talk.

**Tailor Advertises - Army Criticizes**

**Entire Community Joins in Protest**

NEW YORK — Evidence that the United States Army will not tolerate racial or religious discrimination was furnished here this week when Army officials at Fort Tilden, Belle Harbor, L. I., promised to take immediate action against a post concessionaire who advertised in a local weekly newspaper for a "Christian" only.

The ad was inserted by George Callion, a civilian tailor on the post. The entire community joined the Jewish War Veterans in protesting the ad.

An Army officer at Fort Tilden said that every attempt would be made to break the concessionaire's contract. He added: "I can assure you that the ad has upset all the Army men here very much and we're going to do something about it."

**Great Synagogue In Rangoon Burns**

LONDON — The Japanese occupation of Rangoon, during the recent Burmese invasion by Nipponese troops, resulted in the burning of the great Synagogue of that city, according to The London Jewish Chronicle. The fire destroyed 91 scrolls of the Torah as the Synagogue was destroyed.

Those spots mean REAL boy

When you see a kid, who's just one big freckle, you say to yourself: "There's a real boy, and no mistake." When you see those RED trade mark spots on a piece of coal, you can say: "There's real coal and no foolin'!" Because there's only one RED trade marked coal. It's Famous Reading Anthracite—the low ash hard coal—as nearly 100% pure as can be produced. And does it cut your fuel bills! You'd be surprised how much. Why not give it a try?

# For a Woman's Fancy

By IRENE

To install their newly elected officers and also to meet once more in full force before the season's end about 100 women of the Sisterhood of Temple Beth Israel gathered last Monday afternoon at the Ballroom of the Narragansett Hotel for their annual luncheon ... Palm leaves and red geraniums for a center piece and sweet peas as the table decorations reminded us that summer was definitely on its way ... The guest speaker of the afternoon, whom to our regret we could not hear, was Rabbi Shubow of Brighton, Mass ... Rabbi Morris Schussheim gave the invocation ...

As we came in we saw Mrs. Allen Asher, second vice-president, at the door, greeting all the guests ... Her sheer navy dress was a dream, with a three tier skirt and lace on the bottom ... Very becoming to her friendly smile was her large brimmed navy felt hat ... A navy suit, with a frosty white blouse just showing a bit, and a stunning navy hat, was the attire of Mrs. Ira Galkin, who was busy taking tickets ... With her was Mrs. Abe Berman, who looked dashing in a pinkish suit-dress with a square collar and a black hat with a pink-dotted veil ...

Tremendously occupied too was Mrs. Jack Rosenberg, chairman of the afternoon's affair ... Her chic navy dress with a full skirt, a red belt and white trimmings was effective ... A kelley-green suit and hat was well worn by dark Mrs. Harry Greenspan ... Brown and white striped cuffs and collar gave the outfit startling smartness ...

Mrs. William Bojar wore a clean-cut tailored suit of grey plaid and a grey hat ... With it she carried a luggage tan bag and gloves ... A fluidly draped black jersey dress and a black felt hat with a soft veil was the choice of Mrs. B. Mendelovitz ... A linen-like material in turquoise blue with a red, yellow and brown striped yoke and peplum was combined into an attractive dress, as worn by Mrs. Jack Epstein ...

A natural colored straw hat was perched on her dark hair ... Mrs. M. Nathanson arrived in a black crepe dress, bedecked with small white roses ... A large white straw hat with a bright green veil topped the outfit ...

Very dashing in a dress of cool beige rayon with a jacket of the same material, was Mrs. Samuel Lazarus ... Her toast brown straw hat made a good contrast ... Mrs. George Reiss made a well-groomed appearance in a grey suit dress ... Her jacket was broken up by white plaid ... With it she wore: red hat and bag ... Also in grey; was Mrs. Irving Beranbaum ... Her crepe dress was tightly fitted and a small black hat completed the costume ... A black and white glen plaid dress with an all around pleated skirt and a black torso jacket trimmed in the plaid, made an attractive outfit for Mrs. Harry Goldenberg ... Mrs. Louis Hayman was picturesque in a black and yellow print dress, topped by a small black hat.

Mrs. Max Marks chose a golden suit dress, with brown and white polka dotted collar and cuffs, for her attire ... With it she wore a go-green felt hat and bag ... A black tailored suit with a red print blouse was the choice of Mrs. Morris Shoham ... A black coat over a white and lavender print dress and a small white pique hat looked neat on Mrs. Morris Narva ... Mrs. Joshua Bell arrived in a sheer black dress with a black and white embroidered yoke ... Mrs. Sigmund Saltzman was there ... She wore a rust print dress with a hat of

the same hue ... An ink black dress with a big white eyelet collar graced Mrs. William Newman, back in town again ...

Tall Mrs. Fred Kenner came in a navy suit with a white silk pique blouse ... On her blond hair she wore a large navy felt hat, decorated with a paradise bird ... Mrs. Barney Taber, past president, favored a black bengaline suit and with it she wore a filmy blouse of white ... A combination of a mellow sun-brown polka dot dress and a grass green linen jacket, was the wise choice of Mrs. Benjamin Tichman ... Mrs. Ilie Berger came in a navy silk dress and a bunch of white flowers fastened on gross-grain ribbon made a cute hat ...

Also a devotee of navy was Mrs. Samuel Ernstof ... Her dress was trimmed with a light blue and with it she wore a navy hat ...

Mrs. Joseph Fowler, treasurer, looked pert in a green polka dot dress with a beige jacket and straw hat with rust trimming and veil ... Mrs. Oscar Klenamer, vice president, wore a neat black dress with white pique revers and a black pill box hat ... Mrs. Max Genser was adorned in a grey dress and over it was a kidskin jacket ... An acqua-marine redingote with a print dress and a matching hat with a long feather was the garb of Mrs. Colman Zimmerman ... Giant bright red flowers applied on a navy silk dress made an alluring dress for Mrs. Morris Schussheim ... With it she wore a red hat and bag ... A light print dress and a beige coat were stunningly worn by Mrs. Irving Kovitch, recording secretary.

Mrs. Deutsch arrived in a large navy and white polka dot two-piece dress ... A small hat with a bunch of spring flowers completed the outfit ... Also in navy was Mrs. Samuel Brier, her trim tailored dress was topped off smartly by a navy and white interwoven hat ... Mrs. Jacob Kenner wore a hazelnut brown suit with a pure white blouse and a tan straw hat with a brown veil ... As we said before, we had to leave, so that's all for now ...

## Jewish Watchmaker Wins Moscow Praise for Bravery

MOSCOW — A Jewish watchmaker has won the acclaim of this city for his bravery in capturing three Nazi prisoners.

One day, not long ago, Joseph Liberman, was sent on a reconnaissance mission with a comrade, Yippolotov. As they lay close to the German lines, a military auto appeared. They fired; the auto stopped. Three Germans, an officer and two privates, jumped out. The fourth occupant of the car was killed.

Liberman then simulated different voices, to give the impression that the Nazis were surrounded by a superior force. They fell for the trick. When Liberman and Yip-

politov came out of their hiding places and started to disarm the soldiers, the Nazi officer leaped aside, drew his revolver and shouted:

"You dirty Jew! You have deceived us. We'll exterminate all of you. Where we come from, there are no more Jews left." With those words he fired at Liberman, but was forced by Yippolotov to drop his revolver before he could fire again.

Liberman was sorely wounded but insisted on bringing the three captured Nazis to military headquarters. He collapsed when the party reached the nearest dressing station.

## Wife of Fascist Leader is Now U. S. Voluntary Censor

NEW YORK — In a Park avenue apartment lives the wife of a high ranking enemy official, yet her identity is known only to a few intimate friends. She is Mme. Lilianna Teruzzi, born in New York, the daughter of Isaac Weinman, an elastic manufacturer.

She went to Hunter's College and studied singing. Until her marriage in 1926 she was a leading lyric soprano. Her last appearance was in Barcelona in the opera Othello.

Mme. Terruzzi then had the most dazzling wedding in Fascist Italy. She was married in the royal church to General Attalia Teruzzi, organizer of the famous Black

Shirt Militia. Mussolini and his entire cabinet, splendid in gold braid and glittering medals, sat in front row pews. A fabulously valuable jewel case studded with precious stones was the wedding gift from the Il Duce.

But with the Nazi invasion of Italy, Mme. Terruzzi was unable to stomach the political indigestion of the times. Since she maintained her American citizenship and religion throughout her marriage she was able to sue for a legal separation. Now she is working as a volunteer censor in the U. S. Post Office, where the seven languages that she is master of comes in handy.

## A Lost Pocketbook Begins Romance in N. Y. Hospital

NEW YORK — Romance in Bellevue Hospital—and here's the story of a lost pocketbook that started a nurse and an interne on the road to marriage.

Some months ago, Dotty Green, attractive Bellevue nurse, lost her pocketbook. It was found by a chap who returned the pocketbook but neglected to leave his name. Dotty wanted to thank the finder but was unable to learn his identity until one day—you guessed it—she was introduced to a fellow worker who, with a smile cautioned her against losing her pocketbook.

That provided a common ground for conversation. They discovered that they worked on different

shifts which prevented their meeting. But all is rosy now. He comes calling at Dotty's home and they will be married soon.

Who said Bellevue was only for mental cases?

## Complete Plans For Mobilization

### Service to be on Voluntary Basis

JERUSALEM — All preparations to carry out general mobilization of Jews in Palestine on a voluntary basis for British Army service and local authority duty have been completed, according to an announcement published here this week.

The authoritative central committee elected by the Jewish Agency and the Jewish National Council has formulated a plan that embodies a system under which it is impossible to allot specific tasks to each man and woman in accordance with age and physical ability. It is also intended to weed out factory workers to obtain maximum enrollment in the armed forces without hampering essential production. Funds will be raised to assist the families of those who enlist whose regular pay is insufficient for maintenance of the families.
