

## Vacationists Urged to Stay Away from Winter Resorts

With certain centers in the country set aside by the War Department for the wounded and those who have seen service overseas, civilian winter vacationists were cautioned this week by the anti-Defamation League of B'nai B'rith to stay away from redistribution and rehabilitation resorts.

Typical of these resorts are Miami Beach, Fla.; Hot Springs, Ark.; Lake Placid, N. Y.; Atlantic City, N. J.; Asheville, N. C.; and Santa Monica, Cal.

In a letter mailed to B'nai B'rith chapters, Richard E. Gutstadt, national director of the League, said: "A number of rehabilitation centers are popular winter resorts where many have been going for years. Today, because of the influx of servicemen, these places have become extremely crowded. As a result, servicemen are unable to get rooms for their families who, quite naturally, wish to be with them. They are unable to get

seats in movies, to find restaurants, and even on buses they must stand. All this is creating great resentment on the part of the servicemen against civilians. This resentment is directed especially against those civilians who have flocked to these resorts and whose holiday mood contrasts so vividly with the recent harrowing experiences of the men who have returned."

"Surely to stay away from these places is little enough to ask of ourselves at a time like this. It has even been said that those who go to these resorts, at this time, are literally guilty of contributing to a serious undermining of our national morale and to the furthering of these group tensions against which we have all been fighting. Stay away from these places yourself. Tell your friends to stay away. Find some other place near your residence. Or, if necessary to avoid undue travel, give up your winter vacation."

### Palestine Speaks!

Those that listened in last night to the inaugural program of "Palestine Speaks," over station WFCA at 7:45 o'clock, heard for the first time a dramatic account of the accomplishments of Jewish Palestine.

Future broadcasts, at the same time each Thursday, will bring stories of how disease was conquered in the Holy Land among the Arab natives as well as Jews, how a barren, rocky land was transformed into one of "milk and honey", of the unparalleled tragedies of our people since the event of Hitler, of the tremendous contribution of Palestine to the Allied war effort. These and other historic events will be skillfully presented by masters of the radio and theatrical world who have volunteered their services.

The broadcasts will be an instrument of education to the general public of what is being achieved by Jewish Palestine. It will create better understanding of Jewish hopes and problems. So form the habit of tuning in on Thursday nights at 7:45 to station WFCA for a new stirring chapter each week on the Jewish accomplishments in Palestine.

### A German Symbol

News from the Western Front that the Nazis have burned the famous Strasbourg Synagogue recalls a legend, a vivid symbol of Germany's morality, which has been current for centuries with regard to a clock that adorned at one time the Cathedral of Strasbourg.

It was the handiwork of a Jewish craftsman who devoted to it a full seven years, and it told minutes, hours, days and seasons, the legend goes. When the work was ended, the Jewish craftsman's eyes were gouged out by the good citizens of Strasbourg to prevent his producing a similar clock for another city, for the good men of Strasbourg wanted their clock to be unmatched.

The legend is analogous of German-Jewish relations for centuries.

### To Include Jews In UNRRA Relief

#### To Aid Rebuilding Of Communal Life

LONDON — Jews will be included in all UNRRA units sent to areas where large numbers of Jews in need of relief reside, Herbert H. Lehman, director-general of the United Nations Relief and Rehabilitation Administration, said this week. Attempts will be made to provide kosher food for Jewish needy and to dispatch workers who can assist in the reconstruction of communal life. Mr. Lehman added.

Receiving H. A. Goodman, a leader of the Agudas Israel, Mr. Lehman said that UNRRA intends sending units to Poland and Czechoslovakia as soon as visas are received from the Russian Government. He disclosed that both the Polish Committee of National Liberation in Lublin and the Polish Government-in-Exile in London have requested UNRRA to send assistance to Poland.

### Catholic Group For Anti-Bias Bill

NEW YORK — The N. Y. State Catholic Welfare Committee this week formally endorsed a proposed anti-discrimination bill which will be offered to the next session of the Legislature by the 23-man Commission Against Discrimination.

The committee found the principles and objectives underlying the proposals are sound, and represent a constructive and honest approach to the problems at hand. The principles embodied in the proposals, it said, were "inherent in the doctrine of the Catholic Church, which insists on the dignity of man as a man, regardless of race, creed, color or national origin."

### Dr. Weizmann Sees No Jewish State Immediately

JERUSALEM — Taking a long-range view of the problem of the establishment of a Jewish Commonwealth in Palestine, Dr. Chaim Weizmann, president of the Jewish Agency, urged a transition period of five or six years as a preparation for the launching of a Jewish state.

Dr. Weizmann, addressing the Palestine-wide conference of the labor colonization group "Ha-Hitachshut Ha-Ovedet," expressed the belief that Palestine will not become a Jewish state immediately, though he declared that the younger people in Palestine are certain to see the results of their work. Speaking of the near-future of Palestine, Dr. Weizmann

### Forum Speaker

DR. ABBA HILLEL SILVER

Dr. Abba Hillel Silver of the Temple, Cleveland, Ohio, will be the Elizabeth Stoneman Fain Festival Forum speaker next Wednesday evening at 8:15 o'clock in Temple Beth-El. Originally scheduled to appear as the Chanukah festival speaker, Dr. Silver was detained in Washington on pending Palestine legislation and asked that his lecture be postponed. It was announced this week that Dr. Silver had resigned as co-chairman of the American Zionist Emergency Council over differences on the recent Senate resolution urging free entry of Jews into Palestine. Dr. Silver will have as his subject, "Triumph of Spirit."

### Hero Refuses To Go Home Until War is Won

NEW YORK — Sgt. Frederick Unger, 32, of Brooklyn, is one of the most decorated soldiers in the U. S. Army and certainly the most publicity shy, says Lewis Ganett, New York Herald Tribune war correspondent, cabling from somewhere in Germany.

Sgt. Unger, who refused a 30-day furlough to the United States because he didn't want to go home until "the mess was cleaned up," wears the Bronze Star, the Silver Star, the Distinguished Service Cross, the Combat Infantry Badge and the Purple Heart with the Oak Leaf Cluster, meaning that he was wounded twice and returned to action.

### Warns Against "Baiters United"

LOS ANGELES — Speaking here, Thomas Mann, novelist, warned "we must face the truth and not deceive ourselves about the fact that in this country the elements of reaction, of isolationism, of racial intolerance, of stubborn and blind obstinacy against the necessity of social changes and adjustments are growing with every day. These elements, the British-baiters, the Russian-baiters, the Jew-baiters, the labor-baiters, are united...."

### Zionist Council Chairmen Resign

NEW YORK — The resignations of Dr. Stephen S. Wise of New York city and Dr. Abba H. Silver of Cleveland as heads of the American Zionist Emergency Council were disclosed this week.

The resignations followed a disagreement between them over a U. S. Senate resolution urging free entry of Jews into Palestine. The council will act on the resignations at a plenary session here this week.

Rabbi Wise said he submitted his resignation December 20 as co-chairman.

Dr. Wise was reported to have opposed immediate consideration of the resolution, while Rabbi Silver urged the resolution be passed.

### Mendel's Pool Room Now Inside Reich

NEW YORK — Pts. Nathan Kessler and Frank Greenberg, both of Brooklyn, have put up a sign reading "Mendel's Pool Room" outside their fit log hut in Bungen Forest inside Germany, W. C. ## Palestine Gives 4 Million for Rescue

TEL AVIV — The sum of \$4,000,000 was spent by Jewish Palestine for the rescue of European Jewry since the war began, and half of the amount was derived from Jewish Palestine's war needs fund. Dr. Aaron Barth, chairman of the campaign, announced at a press conference here. A half million pounds (\$2,000,000) was spent by the fund since July, 1942 for the assistance of the families of volunteers, he reported.

## JCCS Publishes Booklet Describing Work of Agency

An attractive brochure describing the work and functions of the Jewish Family and Children's Service has been published and distributed this week to friends and members of the agency.

"Every day people come to the Jewish Family and Children's Service with personal and family problems," is one of the opening sentences of the booklet. "Business and professional men, religious and community leaders, neighbors, friends and relatives—folks to whom people turn in time of trouble—are referring them more and more to the JFCS for they know that at the JFCS they can find the type of help needed and that the agency will consider as confidential everything that takes place."

### All Classes Seek Aid

Not only the poor and underprivileged come to the agency. Human problems have a way of attaching themselves to persons of all classes and in every station of life. Throughout the year, the agency had an average of 115 family service cases and 30 child care cases.

The agency is gradually developing both its family service and child care program on a State-wide basis. The child care program has two major aspects. First, in helping children to adjust in their own home or in the home of relatives and secondly, placement

in a foster home, when their own home is broken or does not offer a reasonable opportunity for a successful adjustment. A child is not placed in a home and forgotten. Workers from the agency keep in close contact with each child and foster parent.

### Child Care Program

In discussing the child care program, the booklet has a paragraph depicting the urgency of more foster homes. The question of expenses, clothing and medical care are explained.

Occasionally a child, under the care of the agency, is available for adoption. Families interested in adopting a child are encouraged to apply to the agency.

On the question of refugee children, the experience of placing two refugee girls, ages 9 and 13, in an excellent foster home, is described.

### Summer Camp

Through the co-operation of the Jewish Children's Foundation, which operates Camp Jori, the agency last year sent 119 children to Camp Jori, located at Point Judith. The camp is primarily for children of low income families and the fees are on a sliding scale basis. Children from every part of the state are eligible.

A dental panel, composed of several dentists, renders service to those persons referred by the agency, who are unable to pay for private care.

### Wartime Problems

The JFCS has also played a real part in maintaining civilian morale in war time. War inevitably means separation, the breaking up of families, with the wife or relative left to carry a double burden. The role of the agency in the post-war period will be more important than ever. Already some returning war veterans have sought the assistance of the JFCS in their personal and family problems.

The booklet has a number of case examples which are typical of those handled by the agency. Officers of the JFCS and chairmen of important committees are also listed. Jacob Temkin is president of the agency and Joseph Galkin is executive director. Several cartoons, designed to emphasize the work of the JFCS, enliven the publication.

The closing paragraph is an appeal for an endowment fund. "Nothing can insure the permanence of our work as a substantial

**FINGERSNAP IN THE FACE:**  
In the Show Club actress Joy Hodges was poked when a deb (from the neck up) bothered a fellow at their table for a dance. "Oh," said Hodges, "go ahead and dance with the dolly with the hole in the head!"

Rufus Le Maire, the 20th Century-Fox exec, is liked in Hollywood because he can be kidding about his funny face and laugh too.

Rufe himself talks of the time in the Brown Derby when he announced: "I'm going to New York tomorrow for some new faces."

"Be sure," heckled Wilson Mizner, "and bring one back for yourself!"

It was at a wacky swank party. A wacky indignant woman approached a distinguished looking man and panted: "I've never been so insulted in all my life! That hideous person over there just called me a floozy!"

The old chap (a colonel) patted her shoulder gently. "I wouldn't be comforted," take that so seriously if I were you, my dear. Look at me. I've been out of the Army for ten years—and they still call me a colonel!"

When a detachment of Wrens recently took over an old building in a small English town they tactfully put the conventional sign: "Admiralty—No Admiralty."

Beneath which a clown scribbled: "Wrens Nesting."

At Gilmore's they were gabbing about an international socialite now in her 80s who for many years garnered realms of publicity by claiming to have remained her "jou de vivre" by standing on her head several minutes daily.

"Tell me," said Les Brown to an intimate of the old darling, "does she still practice standing on her head?"

"Heck, no," was the retort. "She has all she can do just to stand on her feet!"

It happened over at Columbia studios the other day. They were filming a big mob scene having to do with Britain. An ass' waved some of them away. "That goes for you, too," he barbed at a man watching it all.

"Why me?" he queried.

"Because," said the ass', "you don't look British enough!"

"I don't have to look British!" replied the boss of the studio.

### Testimonial Resolutions Adopted at Concluding Affair

"Samuel O. Shore is a business man who has not only created from small beginnings a great business enterprise of public usefulness, but has also placed his energy, his means and his great talents at the service of humanity. When in New Jersey we saw an organization of highest standing, found itself inadequate to meet the growing need for its institutions, he undertook with courage and optimism the leadership of its \$750,000 Building Fund Campaign.

That Campaign has succeeded. Due in very great measure to the unceasing efforts, the business skill, the broad vision and the human heart of Samuel O. Shore, this Institution stands on the threshold of erecting the New Miriam Hospital with the most modern facilities to promote the health and welfare of the entire community for numerous and far generations yet unborn.

Miriam Hospital and this City and State extend to Samuel O. Shore, for all of this and more, their deep and abiding gratitude."

"The \$750,000 Building Fund Campaign has been successful and this institution will soon erect the New Miriam Hospital. No such large volunteer effort for human welfare is possible without adequate executive direction. Maurice Stollerman has given that direction with competence, ability, experience, loyalty and diligence above and beyond the call of duty as campaign director.

Maurice Stollerman has devoted his life professionally to the welfare of humanity. As Superintendent of Miriam Hospital for three years, as Superintendent of the Jewish Children's Home of Rhode Island for 10 years, as chief executive of Camp Jordi, as appointed of two governors of Rhode Island for important studies and surveys, as the author of "Cornerstones in Child Guidance" and in many other duties and capacities, he has performed distinguished service in helping countless men, women and children and in making Rhode Island a better and a happier place. He has come to be one of our most useful citizens and has earned and enjoys our respect and affection.

In recognition of his services to this institution some of his friends have contributed funds sufficient to build and equip the Superintendent's office in the New Miriam Hospital so that it may be permanently dedicated to honor the man who so largely made it possible—Maurice Stollerman."

### Wagner Chosen as PFA President

Charles L. Wagner was elected president of the Providence Fraternal Association last Tuesday night at the annual election held in Swedish Workingmen's Hall. Other officers named:

George Labush, vice-president; George Diamond, past president; Sydney J. Hoffman, recording secretary; Joseph Keller, financial secretary; Louis H. Eisenbaum, treasurer; Jacob Strumfeld, chaplain; Eugene Friedman, sergeant-at-arms; Jordan Reuter, inner guard; Charles Yarlas, outer guard; George Diamond, Frank Jaminsky, Simon Licker, Mollie Sheer, board of trustees.

The new officers will be installed January 28.

#### MEMBERSHIP LUNCHEON

Mrs. Sam Margolis, of Boston, will be the guest speaker at the membership luncheon of the Temple Beth-Israel Sisterhood, to be held this Tuesday afternoon at 12:30 o'clock in the vestry of the Temple. It was announced this week by Mrs. Allen Asher, membership chairman. Miss Elaine A. Ritter will be guest soloist.

"Alter Boyman has devoted substantially all of his adult life as a volunteer in the service of humanity. No worthy cause in this City and State, especially in the Jewish Community, has been beyond the scope of his untiring efforts, his active mind and his great heart.

As vice president of Miriam Hospital his devoted and distinguished services from cellar to garret, from hour to hour, from year to year, in public and in private, have contributed permanently and immeasurably to the growth of the institution and the health and welfare of its patients.

In the Building Fund Campaign of 1944 some of his numberless friends and admirers in respectful and affectionate tribute to this great Jew and great citizen, dedicate to him a consultation room in the New Miriam Hospital."

The 1944 Building Fund Campaign has raised funds sufficient to assure the erection of a New Miriam Hospital. With the same great vision and with the most modern equipment and facilities, more than ever before the work of promoting the health and happiness of this community will go on and on and on.

To Max L. Grant, great citizen, Jew, and president, for his twenty years of leadership, of hard work, of patient understanding, and of permanent and indelible achievement for the good of humanity this Institution and this City and State are profoundly grateful."

3½ cups prepared fruit  
4 cups sugar  
1 box powdered fruit pectin  
To prepare fruit, remove skins in quarters from 2 medium grapefruits. Lay quarters flat; shave off and discard about ½ of the white part. With a very sharp knife, cut remaining rind into fine strips. Add 1½ cups water and 1½ teaspoons soda, bring to a boil and simmer, covered, 10 minutes, stirring occasionally. Cut off tight skin of peeled fruit and slip pulp out of each section. Add pulp and juice to cooked rind. Simmer, covered, 20 minutes longer. Measure sugar into a dry dish and set aside until needed. Measure prepared fruit into a 5 or 6 quart pot, bring up just cup or fraction of cup with water if necessary to make the even 3½ cups fruit. Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. Continue stirring, bring to a full rolling boil, and boil hard 2 minutes. Remove from fire, skim and pour quickly. Paraffin hot marmalade at once. Makes about 7 glasses (6 ounces each).

## Charge State Dep't. Aide Sabotaged Refugee Relief

WASHINGTON — One of the biggest stories of the U. S. Senate debate on the new State Dept. appointments was buried in the closing moments of the wind-up session, according to PM, New York newspaper.

By the time it was told the press galleries were deserted, the floor was three-quarters empty, the battle was over. So the Congressional Record scooped the rest of the Nation's press with the sensational charges levelled by Sen. William Langer (R., N. D.) against James C. Dunn, newly-appointed Assistant Secretary of State in charge of European affairs.

Langer, unfolding three major accusations against Dunn, declared that his information was obtained from reliable officials within the State Dept. and in other branches of the Government."

According to the North Dakotan, Dunn:

not to notice the fellow, who kept looking and looking and looking at him.....Finally he caught Earle's eye and quipped: "Are you happy?"

Sallies in Our Alley: Frisco, the stuttering comic, walked into a swank clothier's and asked: "H-H-H-How m-m-much f-f-f-f-for a w-w-w-w-winter overcoat?".....A starchy floorwalker, in his best frigid tones, said: "\$225"....."N-n-never m-m-mind," stammered Joe, walking out, "I'll hear it on the r-r-r-radio!".....Asked what she thought of a new show, Dorothy Parker said: "Well, all in all, it left one thing to be desired."....."And," queried her friend, "what was that?"....."My money back," said Dorothy.

#### "NOTHING CAN STOP ARMY AIR FORCE!"

With B29s ranging over Tokyo almost daily it's tough for the imagination to conceive that three years ago our Air Forces' only asset was the moxie of its men.....Bataan was saved at least once by the wizardry of our Air Force personnel, who had plenty of ingenuity as well as courage.....Enemy ships were trying to land troops on the shore one night. Though there were no bombers with which to stop them, our airmen weren't feasted.....Mechanics rigged up three pursuit ships with a device whereby two 300-pound bombs could be attached to the wings and released by pulling a wire.....The three ships made three trips that night and bombed and strafed the Jap boats, preventing the troops from landing.....What made their feat of stalling the Japs and gaining time for us even more of a miracle was that most of the pilots had never before flown at night.

The newspapers not long ago carried a story telling how there were no trees in the far Aleutians and that pilots had brought in a single tree, planted it, and labelled it "Umnak National Forest."

What the news story failed to mention was why the tree had been flown in—for the exclusive use of a flier's pet dog.

A flier who had been stationed on an island for too many months developed a crush on a half-native girl, who looked very beautiful after months in the South Pacific.....In his barracks one day he was getting poetic about the girl—when his buddy, thumbing through a movie magazine, suddenly turned to a photo of Betty Grable in a bathing suit....."How's this?" excitedly asked the buddy, holding up the picture.

The pilot took a brief look and snorted, "White trash!"

#### RADIO MAN'S POEM

Darryl Zanuck's version of Moss Hart's "Winged Victory" would have cost 5½ million dollars to make without Uncle Sam's help.....Air Forces' definition of a meteorologist: A man who can look a girl in the eye and tell weather.....Before the U. S. got into the war and the Yanks in the RAF were transferred to the 8th Air Force, the members of the Eagle Squadron were a familiar sight around England wearing their RAF uniforms with a shoulder patch saying U. S. A.....One lad, though, insisted on being different. His shoulder patch said "Texas".....A Yank pilot, flying alone in the South Pacific, on run-

#### Baruch Praises Jewish Charities

NEW YORK — "The Jew has always tried to take care of his own, and that characteristic has always been a proud badge of the members of this faith," Bernard M. Baruch, advisor to the Office of War Mobilization, asserted, addressing 1,500 volunteer fundraisers for the Federation of Jewish Philanthropies at a meeting here. Mr. Baruch urged support of private charities, especially "these days when paternalism is so soft and beguiling.....abolish private charity and the state takes over in a grim, organized, statistical way."

ning into a batch of enemy planes, radioed: "Hurry up here. I've got 20 Jap Zeros cornered!"

Despite popular misconception, boys of the AAF aren't as pin-up-happy as people think.....This verse was penned several months ago by a B-17 radio operator-gunner who failed to return from a mission over Italy: "Oh, Hedy Lamarr is a beautiful gal.....And Madeline Carroll is, too.....But you'll find, if you query, a different theory.....Amongst any bomber crew.....For the loveliest thing of which one could sing.....(This side of the Heavenly Gates).....Is no blonde or brunette of the Hollywood set.....But an escort of P-38s."

#### Court Ruling Aids Refugees

##### 1000 May Now Be Naturalized

BALTIMORE — A ruling clearing the way for the speedy naturalization of more than 1,000 German-born refugees in Baltimore, who came to the United States after 1933, was made by the Circuit Court of Appeals in Richmond, Va., which held District Judge William C. Coleman, of Maryland, "without power" to postpone action on the applications of five such persons.

Judge Coleman had refused to hear any cases of former citizens of an enemy country. The Immigration and Naturalization Service took up the issue in favor of the refugees and asserted that where no question of loyalty was involved, the applicants were entitled to naturalization.

The five test cases involved Simon Schwab, rabbi of Shearith Israel Congregation in Baltimore; Dr. William Henry Buschke, ophthalmologist at Johns Hopkins University; and his wife, Carole Feibelman, whose application to join the WAC was rejected because she was not a citizen; and Mrs. Hedwig R. Weigart, whose husband and son are now serving overseas with the American armed forces.

lowing slate, brought in at the December meeting, will be voted upon: Mesdames Bertram Bernhardt, president; Joel J. Pincus, treasurer; Norman Alper, recording secretary; Leon Goldberg, financial secretary; William P. Weinstein, corresponding secretary; Gustave E. Koppe, Leo Logan, Adolf Meller and Isaac Rose, directors for three years.

#### If wishes were horses...

"...beggars would ride" goes the old rhyme.

Which is just another way of pointing out that wishing, by itself, isn't a very reliable way to get what you want.

You're going to want a lot of things a few years from now. And when it comes to getting them, nobody so far has discovered anything more useful than a nice, big

pocketful of good hard cash.

Put every single cent you can spare into War Bonds now. Hang on to those War Bonds. Let them bring you back \$4 for every \$3 you put in.

There's no way to equal that process for getting what you want a few years from now—and for getting what we all want most of all today: VICTORY!
