## Says Jews Will Be Avenged Law Makes First British Stand

LONDON — Richard Law, Minister of State, declared this week that Britain would do her utmost to see that the Nazis were punished for "crimes committed against the Germans."

He said the procedure of such

trials would be different from those for war criminals, and indicated a possibility the Germans themselves might conduct them.

Law, representing Foreign Secretary Eden, said it was Britain's intention that "authorities in post-war Germany" do the prosecuting in "crimes committed by Germans against the Germans."

He asserted it was the intention of the British government to treat as war criminals those responsible for the murder and ill treatment of anti-Nazi Germans in concentration camps or elsewhere in Germany.

## State Secretary Side Steps Question on Pell Charges

WASHINGTON — Acting Secretary of State Joseph C. Grew at his press conference this week side-stepped questions on the failure to return Herbert C. Pell to London as the U. S. representative to the United Nations War Crime Commission, but said that new appropriations will be sought from Congress and that every effort will be made to carry on the work of the Commission.

Asked about Pell's charge that

the State Department was dissatisfied with his demand that the Germans be punished for crimes committed against German Jews, the Acting Secretary said:

"A considerable amount of speculation has been broadcast and published regarding the Government's position on this subject. Our position has been repeatedly stated by the President and the Secretary of State. It is unchanged today. It is the policy of this Government to see to it that the Axis leaders and their henchmen who have been guilty of war crimes and atrocities shall be brought to the bar of justice. We, in this Government, know our minds on this subject. We have a definite program. It is a program which, I assure you, is comprehensive and forthright."

### Boy Scout Anniversary

The work of the Boy Scouts is one of the most important activities carried on for the youth of America.

To help this generation of boys grow into healthy manhood, it is necessary that they have proper training to strengthen their bodies and enrich their minds. A respect for law and order, a spirit of unselfish service to others, are a part of good citizenship.

Self-reliance and resourcefulness are as essential in time of peace as in war. Here in America we shall continue to need men trained to appreciate our heritage and to put into practice in their home communities all that we think of when we use the word democracy.

The Boy Scouts of America are observing their thirty-fifth anniversary. The training they give to the youth of America is one of the finest ways we know of to assure the perpetuation of good citizenship and American ideals. The Scout membership is now 1,800,000. We wish that every boy in America who wants to be a Scout has an opportunity to be one. They could be, if men of character and institutions and groups interested in youth would get behind the Movement.

### War Crimes

The action of the State Department in easing out Herbert C. Pell from his place on the War Crimes Commission will not add to its stature.

Coming so soon after Lord Cecil Hurst's similar vacation from his post in England, questions are bound to be raised. And the questions will ask whether appeasement influences do not still hover unduly in some prominent circles.

The State Department declares that Mr. Pell will not return to London to serve on the War Crimes Commission because of a lack of money. But Mr. Pell himself says that this statement of the State Department is "damned nonsense," that he is willing to be in fact

## United Nations Must Guarantee International Bill of Rights--Welles

### Says U. S. Must Assume Obligations

#### Addresses Jewish Committee Chapter

NEW YORK — Declaring that the United States must "leave the ivory tower from which we have been so prone to admonish other nations with high sounding generalities," Sumner Welles, former U. S. Under Secretary of State, last week urged an International Organization to include an International Bill of Rights which contains "specific and contractual obligations to be entered into by every state participating in the International Organization" and which provides a method by which infractions of these obligations by member states may be penalized and remedied.

Speaking at the Waldorf-Astoria at a meeting sponsored by the New York chapter of the American Jewish Committee, Mr. Welles attacked "voices which tell us that these objectives cannot be achieved" as the "counsels of timidity, of indecision, and of ignorance."

Warns of Partial Victory  
Pointing out that "our approaching victory would be only a partial victory unless human rights can be sanctified for all time," Mr. Welles asks:

"What are we fighting for? Are we fighting to secure a world in which we can safely live? If so we must know that there can be no greater assurance to the suffering peoples of today that a better world will be established, and that world peace will be maintained, than the assurance that all human freedom, and will consequently be enabled far better to determine their own destinies for themselves."

Scores U. S. Policy  
"What," Mr. Welles asks, "is the position of the United States? Are we to take no initiative to bring about the achievement of the aims which we regard as essential? Is the most powerful nation of the world today, which has contributed so much in life and treasure towards making this victory possible, merely to await the pleasure of our allies when such decisions are to be made?"  
Mr. Welles was introduced by Judge Irving Lehman, Chief Justice of the New York State Court of Appeals.

## Agencies Object To Budget Plan

NEW YORK — Opposition to the National Budgeting Plan proposed by the officers of the Council of Federations and Welfare Funds was registered by the American Jewish Conference through a resolution adopted by its Executive Committee. Other organizations that have registered their protest are the United Palestine Appeal and the Zionist Organization of America.

The resolutions commend the Council for its service to member agencies in providing them with statistical background,

## Offers \$1,000 To First Russian Entering Berlin

NEW YORK — \$1,000 to the First Russian soldier who enters Berlin will be given by a Jewish business man, who came from Lublin to New York City when he was a child. His offer was accepted by the Soviet consulate as "a token of appreciation."

Should it be impossible to decide which soldier was the first to enter the German capital, the prize will be divided among members of the first unit to reach the city. The donor, David Kay, also offered an additional \$1,000 to start a fund in this country to help rebuild Stalingrad and pledged that he will do whatever is possible to finance the rehabilitation of Lublin.

### TO TRY MINISTERS

ATHENS — Nine former Greek ministers who took office under the German occupation are to be tried before the Civil Court in Athens, the Greek Ministry of Justice announced.

## O'Dwyer Named WRB Director

WASHINGTON — The War Refugee Board announced that Brig. Gen. William O'Dwyer has been appointed executive director of the body to succeed John W. Pehle. The announcement said that Mr. Pehle has resigned to resume his post as assistant to the Secretary of the Treasury.

Brig. Gen. O'Dwyer recently returned here from Italy where he was a member of the Allied Control Commission with the personal rank of Minister. He left his post as District Attorney of Brooklyn to join the Army.

### FAVORS LEGISLATION

NEW YORK — In answer to questions presented to a group of Americans prominent in public life, Thomas Mann, Nobel Prize novelist, put himself on record as favoring Federal and state legislation outlawing organized anti-Semitism.

## Dental Group Seeks to Set Jewish Quota at Columbia

NEW YORK — The newspaper PM learned this week from unquestionable sources that the American Dental Association, counterpart in the dental field of the powerful American Medical Association, has attempted to impose a racist policy on Columbia University's School of Dental and Oral Surgery.

The survey was conducted by the A.D.A.'s Council on Dental Education, under the direction of Dr. Harlan H. Horner.

The report starts out by praising Columbia's high standards and the generally excellent scholarship attainments of its student body. It then goes on:

"It is unfortunate for dental education and dental practice generally that Columbia's dental school is largely restricted to two

racial groups drawn mainly from a narrow local area and not representative of the racial strains of New York City, the State of New York, or the Nation. Even though she picks well-qualified and acceptable applicants for admission, Columbia is merely adding to the excessive number of dental students from one.....racial strain which has already thrown the entire enrollment throughout the country out of balance.....The number who seek and gain admission from restricted racial groups is far in excess of the ratio of such groups to the total population."

The "two racial groups" referred to by the Association are generally interpreted to mean Jews and Italians.

PIERRE VAN PAASSEN

## Citation Awarded For Zionist Work

WASHINGTON, D. C. — Pierre Van Paassen, noted author and lecturer, has been awarded a citation by the Zionist Organization of America in recognition of "his magnificent championship of human justice and particularly his masterful and fearless advocacy of the establishment of Palestine as a free and democratic Jewish Commonwealth," it was announced here this week.

Van Paassen's latest book "The Forgotten Ally", dealing with the Palestine problem and the Jewish question, exhorts the civilized world to redeem its centuries old debt to the Jewish people. He has made frequent tours throughout the country addressing enthusiastic audiences on behalf of the Zionist cause. On the platform, in his literary contributions and through the press, he has been a fiery champion of justice for the Jews, the announcement concludes.

## Gentile League Publishes Monthly "News" Bulletin

CHICAGO — Despite revocation of its incorporation charter by Judge Graber of the Illinois Superior Court, the Gentile Cooperative Association continues its anti-Semitic activities with the publication of a monthly bulletin entitled "Gentile News."

"As long as we don't claim to be incorporated, they (the law) can't do anything to us," boasts Eugene Flitcraft, managing director. Reprinting the text of the resolution introduced at the America First Party national convention last year calling for the "deportation" and "sterilization" of Jews, the Gentile News is circulating hundreds of letters to Chicago businessmen declaring that the time has come to stamp out "anti-Gentilism."

### YIDDISH FIRST

### Resistance to Bias Aids Two-Front Racial Test

CHICAGO — Chicago's race relations problem is being fought out on two fronts. One has to do with discrimination against Jews, the other with discrimination against Negroes. In each case there are evidences of strong and effective resistance to the forces of prejudice, but attention has recently been drawn to anti-Semitic activities in connection with an organization called the Gentile Co-operative Association.

There have been only occasional sporadic demonstrations against Jews here, usually uninspired vandalism rather than organized racial attacks, the authorities report. In one case some months

ago a synagogue on the South Side was damaged and windows of shops owned by Jewish merchants were marked with epithets.

In 1940 Homer Maertz, founder of the German-American National Alliance was sentenced to prison for smashing the windows of a Boldblatt Brothers branch department store here. It was this same Homer Maertz who proposed at the Detroit convention of Gerald L. K. Smith's America First Party last summer that "All Jews should be deported.....if they do not leave America within five years."

### Goldman Urges ZOA Membership Stresses Need of Free Commonwealth

Dr. Israel M. Goldman, rabbi of Temple Emanuel, former president of the Providence Zionist District, this week issued the following message urging membership in the ZOA, during the current drive in Rhode Island:

"Providence Jewry has at all times proven to be responsive to the call of everything that is worthy in Jewish life. I feel sure that Providence Jews fully realize that only the reconstitution of Palestine as a free Jewish Commonwealth can save the lives of the remnants of European Jewry and afford them and their children an opportunity to build for a happier future in a Homeland of their own—in Palestine. I, therefore, feel confident that they will answer the call of the Zionist Organization of America by joining its ranks during the course of the current Providence Zionist District Liberation Membership Campaign. I call upon every Jew in our community to become an enrolled Zionist."

#### War Crimes

has offered to, serve without pay.

It appears plain that the State Department is not anxious to have the German war criminals tried for crimes committed against the German Jews.

The basis for a trial of Nazi mass murderers is not one of vengeance, although, if ever revenge was justified, it is in this case. But the need for the trial goes far beyond that. Fundamentally, the trial is demanded in order that the whole story of the terrible atrocities may be presented—completely and plainly—to the entire world.

Emerson has said: "Light is the best policeman." A blazing light must be shed on the deeds of the Nazi beasts. Those agencies which are seeking to prevent the trial of Nazi murderers are doing no less than seeking to prevent full exposure of crimes.

**NOTES OF AN INNOCENT BYSTANDER:**

The Radio: Fred Allen shelved his regular once-a-week program because the rigorous routine taxed his health. But during one week Allen gueststarred on three different shows—and improved them all.—The new Danny Kaye program is bound to click. He rates a tip of the hat for avoiding the gag files and for trying a unique brand of microphone—with original staff.—Henry Youngman's gagging is funnier than it has ever seemed before.—The "Two on a Cue" CBSession rates attention. A welcome relief from the usual afternoonsense.—Radio stations may be forced to suspend the round-the-clock (all night) recorded programs—if skilled technicians are drafted. It would save electricity, say Gov't execs, for both stations and tuner-inners.

The Magazines: Mr. Justice James F. Byrnes has turned out an incisive blueprint via American Magazine, which should serve as an excellent guide for taking Congressional procedure out of its covered-wagon rut and converting it into a legislative streamliner. This article is a model of constructive criticism.—Harper's contains a plague-plague report of the Argentinian malady.—In Vogue, Harriet Von Horne takes apart radio listening gabbles who write letters of condolence when a character in a soap opera dies. Difficult to believe that people with their mentality can write.—W. Day-report's "The President and the Press" in Collier's is a must for editorialists, too.—The Page 121 cartoon in Esquire shows two pen-palms looking at a deserted shack marked "Byrd," with one saying: "Wonder whatever happened to him?"—PDR decorated him last week!

The Intellectuals: Walter Day-report, associate ed. of Collier's, is flying with the Air Transport Command in the Pacific for a 6 weeks' tour.—Paul Hunter, publisher of Liberty, says Matchell

Field was interested "about a year and a half ago" in the purchase of the weekly, "but it never came to anything." The recent rumors came from staffers.—Perfect name for a critic: Motion Picture Herald's London movie embalmer is Peter Barnup.—Bing Crosby's top songs for 1945 are expected to be his recordings of Cole Porter's "Begin the Begun" and "Night and Day."—Philip Wylie was unimpressed by an item concerning a Marine's children who were born on the same day in various years. Wylie was born on May 12, 1902. His late brother on the same day in 1904, and his late half-brother, Ted, on May 12, 1913.

Broadway Confucius: The Trouble With Dream Girls Is That They Keep You Awake All Night.

New York Novelties: To stimulate sales at a recent war bond rally at Station WMCA, Mrs. Meyer Davis donated an actual photograph of Lincoln for auction.—Mrs. Davis sat in the audience with her daughter. She stared at a soldier walking up and down the aisles.—The daughter whispered: "Mother, if you had one wish to make now, what would it be?"—"I'd wish," said Mrs. Davis, "to see my son again."—A second or so later the soldier walked toward Mrs. Davis.—He was her boy!

Grace Allen says she has no ghost writer and doesn't think George Burns looks like one either.—Stettinius has put the name of Louis Nizer (author of "What to Do with Germany") at the top of the list—for the appointment of the War Crimes Commission in London.—Capt. Elliott Arnold (ex-World-Telly scribe), who is author of "Tomorrow Will Sing" (four editions in two weeks), has another book due in 90 days.—Geo. Pennington of Philly and Pittsburgh (Dewey's Charlie Michelson) may inherit the Republican Nat'l Comm. publicity post.—Caryl Bergman, one of Ziegfeld's darlings in the Follies, has had her first book published by Dorrance & Co. It is "Dance On, Trizane," which reviewers embraced.—Christopher Isherwood, famed English poet and playwright (ex-member of the British radical set), has settled in California and joined the Hindu cults there.—Insiders hear that Dick Lauterback of the N. Y. Times (he went to Russia with Wm. L. White) has severed relations with White over White's Reader's Digest reports.

The First Nights: The Main Stem's amusement mint coined another musical treasure: "Up in Central Park." This is 14-karat show gleaming with Romberg's golden melodies, sparkling with beauty and set in a gem of a script. The critical majority predicted the theatrical jewel would be displayed in Broadway's show case a long time. Theatergoers are rushing for its tickets as though they were nylons.—Another newcomer, "Alice in Arms," continued the story of the returning soldier, "but," was the verdict of the Times' Lewis Nichols, "nothing new has been added."—The play, "Hope for the Best," with Franchot Tone, is scheduled to arrive soon. It concerns the difficulties encountered by a widely syndicated colyum-

## Hate Promoters Attack Labor

### Invective Aimed At Catholics, Jews

NEW YORK — Campaigns against Catholic and Jewish labor leaders such as Philip Murray, James Carey and Sidney Hillman of the CIO and George Meany, Daniel Tobin and David Dubinsky of the AFL, will be launched soon by the Ku Klux Klan and America First organizations, it is reported by Victor Riesel, New York Post columnist.

He states that many professional hate promoters "now are switching to a drive on labor, with Birmingham as a perfect 'hot market.' They operate now through the Christian American Association known there as Facts Inc., and throughout the South, through anti-labor, anti-Semitic organizations such as the American Crusaders, the Order of American Patriots, the American Ideals Association and the Anglo-Saxon Federation."

Ku Klux Klanism "is again free in Indiana, hotbed of Klan activities during the 20's," Charles Van Devander and William O. Player, Jr., New York Post Washington columnists, report.

### No Appeasement

Speaking at installation ceremonies for officers of the newly created Providence Post No. 284, Jewish War Veterans of the United States, Commander Greenberg declared, "We will really win the war only if we have the moral strength not to appease, and not to be selfishly isolationist, either as nations or as individuals."

The people of Rhode Island know "intolerance only but to hate it," asserted Governor J. Howard McGrath, speaking on the aims of the various committees for the rehabilitation and retraining of returning veterans, Governor McGrath said, "We will try to be not only our brother's keeper, but our brother's brother."
