

Allied Havens for Refugees Paid Dividends During War

WASHINGTON — The contribution made by Jewish scientists to the discovery of the atomic bomb, leading to the "atomic age," was emphasized here as proof of the benefit which the Allied countries derived from admitting Nazi-persecuted Jews.

Leading the list is Dr. Lise Meitner, Jewish woman physicist who was born in Vienna in 1870 and

who after 1922 was a lecturer in Berlin University.

Just about the time when she completed her discovery, she was exiled from Germany as a Jewess.

Second on the list is Dr. Otto Robert Frisch, also born in Vienna, who was dismissed as a Jew from Hamburg University in 1933. After Dr. Meitner was compelled to leave Germany she lost no time communicating the results of her research to Dr. Frisch who was in Copenhagen, working as associate of Dr. Niels H. David Bohr. Dr. Frisch and Dr. Meitner repeated the experiments.

Announced Results Here

Dr. Bohr, whose mother is Jewish, was at that time in the United States. On Jan. 24, 1939, the Meitner-Frisch experiment was repeated at Columbia University in New York by Dr. Bohr and Prof. Enrico Fermi, an anti-Fascist refugee from Italy whose wife is Jewish.

The laboratory where the atomic bomb was "born" was planned, organized and directed by Dr. J. Robert Oppenheimer of the University of California, a Jewish scientist, who was born in New York and graduated from Harvard in 1925. He later attended Cambridge and received his Ph.D. from the University of Goettingen in Germany in 1927.

End of War

The most horrible war in the history of the world has come to an end shortly after the first use of the most devastating weapon in the annals of warfare. It is, of course, unfair to the millions of men in the armed services to say that the atomic bomb won the war; but it is nevertheless true that the destructive powers of the new weapon hastened the end of the war and saved the lives of an untold number of men of the United States.

As we thank God for the victory of the forces of democracy, it is appropriate that we think of the future as well as the past. While we must never forget the sacrifices of those men who gave their lives in World War II, it is nevertheless true that we can best honor them by thinking in terms of the future, in creating a world without war.

Paradoxically, the atomic bomb—mankind's most deadly weapon—may yet prove to be a weapon of peace. Its almost incredible powers of destruction may result in convincing man that war is nothing short of race suicide, and that with such weapons in the offing the world must make a more determined effort than ever before to achieve an international organization for peace. The United Nations Charter of San Francisco is a start in this direction. It must be strengthened so that our children, our children's children and untold generations of the future will be spared the horrors of a third World War. In so doing, we will give substance to the ideals for which millions of young men gave their lives in the victorious United Nations' fight against Axis totalitarianism.

Change of Heart

Elsewhere in the Herald there is a story concerning Julius Streicher in which he finally "admits" that there are "good Jews". In fact he has lost all his hostility to Jews. He has forgotten that every week, for years, he published the most violent of anti-Semitic sheets. And now, he and his henchmen deny that they harbored any anti-Jewish sentiments.

The only comment one can make about such statements is that these Nazis are not only criminals but terribly stupid. What do they expect to gain from such talk now?

Nor does his change of heart coincide with the pictures of Buchenwald, with the stories of Dachau and Oswiecim, with the furnaces into which little children were thrown.

Yes, the public forgets easily. But the Nazis committed such horrors that as long as there will be any human history at all the Nazi deeds will not be forgotten.

Four Jews Named To British Cabinet

LONDON — The new British cabinet includes four Jewish members. They are: Emmanuel Shinwell, Minister of Fuel and Power; Lewis Silkin, Minister of Town and Country Planning; Lord Nathan, parliamentary under-Secretary of War, and G. R. Strauss, parliamentary secretary of War Transport.

Zionist leaders expressed their satisfaction with the fact that in addition to appointing George Henry Hull to the post of Colonial Secretary, the new Labor Cabinet appointed also Czech Jones as under-Secretary of the Colonies. Both are known to have expressed their opposition to the British White Paper under which the doors of Palestine are now closed to Jewish immigration.

Cong. Beth-David Plans Campaign For Hebrew School and Synagogue

Drive to Start On September 18

New Site on Oakland Avenue

Congregation Beth-David will open a campaign on September 18 to raise funds for the construction of a Hebrew School and Synagogue on its new plot of land located on Oakland Avenue and Sparrow Street, it was announced this week by Jacob J. Alprin, president of the Congregation, and Henry Brill, chairman of the building fund.

"For many years we have contemplated taking this step," Mr. Brill said. "Our present structure has been weakened by vibration caused by passing trains and coupled with the endless dirt, deterioration of the neighborhood and the displacement of Jewish residents to other areas, we find it essential that we move to Oakland Avenue and Sparrow streets where we believe we can best serve the educational and religious needs of the North End.

"Our building plans are complete. The Synagogue will have a seating capacity of 550 and our Hebrew School classes will accommodate 200 children. It is our intention to have the best teachers available for the Hebrew School. From a recent survey we have learned that few Jewish children in the North End of our city are receiving proper and sufficient education. Our location will be ideal for the Jewish families in our area and we feel confident that once our plans are fulfilled we will be satisfying an urgent need."

The architect's plans include an auditorium which will be suitable for the celebration of weddings, Bar-mitzvahs, and other parties. A modern kitchen, with all facilities, will expedite the handling of these affairs.

Officers of the Congregation, in addition to Mr. Alprin, include Henry Brill, vice-president; Julius Gilden, treasurer; Max Parnas, recording secretary; Meyer Gergel, financial secretary; Samuel Namerow, Samuel Finklestein and Aaron Kleinman, trustees.

Paper Proposes Separate Zones

LONDON — A proposal that the Palestine problem be solved by partitioning the country into separate Jewish and Arab zones is advocated by the Manchester Guardian. The influential newspaper, which has always been friendly to the Zionist cause, suggests that a "small independent Jewish state" be created in Palestine under a partition scheme.

One Hundred Caught Entering Palestine

JERUSALEM — Twelve adults and eighty-eight children were apprehended by border police as they tried to enter Palestine from Syria, according to an official communique. The adults were sentenced to one month's imprisonment and the children sent back to Damascus.

Elevator Completed at Home For Aged; Plan Dedication

Completion of the new elevator at the Jewish Home for Aged was announced this week by Samuel M. Magid, president of the institution. "We hope to have the dedication exercises early in September," Mr. Magid said. "I wish to thank the men and women of our board of trustees and the Ladies' Association who, by their planning and

work, have made the elevator a reality.

"It will now be possible for many residents who have been confined to wheel-chairs to come to the dining room and to enjoy a few hours outdoors.

"Plans are now under consideration for the construction of an infirmary wing which will accommodate the sick and handicapped among our residents," Mr. Magid continued. "The segregation of the sick and senile will not only make for better service for the former, but will also increase the comfort and welfare of other residents. The enlarged facilities will also enable the Home to admit those applicants who are now on the waiting list."

Jacob I. Felder was this week named by Mr. Magid as chairman of the building planning committee. Other members of the committee include Judge Philip C. Joslin, Mrs. Samuel Michaelson, Dr. Ilie Berger, Leo Bojar, Harry Blacher, Dr. Leo Cohen, Benjamin Brier, Irving I. Fain and Peter Woolf.

Frederic B. Read, Providence investment banker, has been named chairman of the Special Gifts Division of the R. I. Mr. Read is an executive of Paine, Webber, Jackson and Curtis.

He is a graduate of Princeton, Class of 1910, and has been active in the affairs of his Alma Mater's New England Alumni.

He is serving with the United War Fund's volunteer organization for the first time, this year.

Say Stalin Backs Jewish Palestine

NEW YORK — A London dispatch to the Jewish Morning Journal, reported that Generalissimo Stalin told President Truman and former Prime Minister Churchill, at the Potsdam conference, that a Jewish Commonwealth in Palestine has his full support.

He stressed the need for coming to an amicable understanding with the Arabs. Stalin is reported to have said that the Jews of the U.S.S.R. have no need for settlement in Palestine because there is no anti-Semitism in Russia, but reports of growing anti-Semitism elsewhere make it imperative that Palestine be reserved as an asylum for the Jews.

Agency Negotiating for Permanent Jewish Garrison

LONDON — Negotiations to convert the Jewish Brigade into a nucleus for a permanent Jewish garrison in Palestine are now under way by the Jewish Agency, it was revealed by Moshe Shertok, head of the Agency's political department, addressing the World Zionist Conference.

Shertok joined Dr. Weizmann and Ben-Gurion in the warning that the victory of the Labor Party in England does not automatically mean Zionist success. However, he added it opens "new vistas for our political struggle." He urged the Zionist leaders to gather strength for a political offensive.

Flatly rejecting any suggestion to make Palestine a bi-national Arab-Jewish state, Shertok said that at present an understanding with the Arabs on the basis of the Zionist program is impossible, but an understanding can be reached after the Great Powers render their decisions with regard to the future of Palestine. He disclosed that a ruler of one of the Arab countries confided to him that there cannot be any talk about Arab-Jewish relations now, that such talk must wait until Britain, the United States and the USSR come to a decision on the Palestine issue.

Tooth Powder Made Cake Rise, Nazi Captives Found

ATLANTIC CITY, N. J. — Homemakers, here's a baking hint that comes from Stalag Luft III in Sagan, Germany. When you run out of baking powder, just substitute tooth powder. Besides making your cakes rise, it will give them a unique flavor.

The recipe comes from Lieut. Milton Cohen, of Newark, N. J., E-17 bombardier who spent 17 months in Stalag Luft III. He's now being processed at the AAF

Redistribution Station No. 1 here to determine his next Air Forces assignment.

"In Stalag Luft III," Lieutenant Cohen reported, "the prisoners did their own cooking, but even between the German food allowance and the Red Cross parcels there wasn't much to cook with. What we did cook wasn't very attractive.

"So we decided to bake a cake. Each of us had some little knowledge about cake-baking and we put all we knew together.

"We needed flour, but there was

World Conclave Asks United Nations' Aid for Palestine

LONDON — The World Zionist Conference has asked United Nations' support for an unequivocal demand for the establishment of a Jewish State in Palestine.

The conference asserted, in a political declaration this week, that Zionists could no longer "acquiesce in continuation"—now that the European war has ended—of the British Government's 1939 White Paper policy which limits Jewish immigration and land ownership in Palestine.

The Zionist declaration said the return of Jews to Palestine had not and would not proceed at the expense of others and pledged that Arabs and other inhabitants would

continue to benefit from increasing economic opportunities.

The conference also proclaimed full endorsement of results submitted to the British Government last May 22 by the Jewish agency, representing Palestine Jews. These include:
Granting of an international loan for transfer of the first million Jews to Palestine and for economic development.
Reparations from Germany and conversion to Jewish use of all German property in Palestine.
Provisions of international facilities for the exit and transit of all Jews wishing to go to Palestine.

out there who doesn't dream of coming home, but none of them want to return until the shooting stops. If you could talk with them at their battle stations you would be proud of just being with them.

As for myself, the war has been a wonderful, though hardly a pleasant, experience. It has been amusing, too. I was in England the day Jack London won the British Empire heavyweight championship from Tommy Mills. A British reporter asked me what I thought of Jack London and I replied that I had enjoyed reading his books and that I thought he was one of the truly great American writers.

"I am so sorry," replied the startled and polite Englishman. "I was referring to Jack London, the British prize fighter, and not Jack London the American author."
I had to confess that I had never seen London fight and had no opinion to offer on the subject. I have since met London, a bald-headed veteran of 32 years. His defeat by Bruce Woodcock recently came as no surprise to me, as I judged from London's appearance that he was well past his prime.

Silver Scores Backdoor Methods

Speaks at Closed Conclave Session

LONDON — A call for an end to all "backdoor diplomacy" in the struggle for Jewish rights in Palestine, was made by Dr. Abba Hillel Silver, co-chairman of the American Zionist Emergency Council, addressing a closed session of the World Zionist conference.

"Whatever the situation is," said Dr. Silver "we must clearly state our aims and not use round-about methods."
"We have heard Dr. Weizmann warning us not to have too much confidence in government leaders," Dr. Silver told the delegates, "I said it in 1944 at the convention of the Zionist Organization of America. But then the executive and its officers were insisting on our putting all our trust in Roosevelt and in Churchill. Now Churchill is out, and Roosevelt is unfortunately dead."

"We are more hopeful regarding the Labor Government, but that is because of the public stand which the Labor Party has taken with regard to the Palestine issue and not because we base our hopes on our personal relations with this or that politician, however important he may be."

TO OPEN CONSULATE
TEL AVIV — A Russian consulate will be opened in Jerusalem in September, according to reports.

A NEW FIGHTER
You may have gathered by now that I am still interested in the fight game. I am, and I expect to be active in it during the years that will be left to me after the war. Recently there arrived from the Argentine Abel Cestac, a young South American giant, sent to me by my old friend and foe, Luis Angel Firpo. If you know Firpo you will realize that he didn't lay out the money for his passage unless he was convinced Abel can fight.

Of course I can't be active in handling the South American. While I am in uniform, Max Waxman is looking after him. Waxman has managed several champions and he has been my personal manager for a great many years. I am fortunate to be associated in a business way with Max and also with Job Amron and Louis Brooks.

Because of them I have not had to make the financial sacrifice so many others had to make when they entered the armed forces. I couldn't have conducted my Broadway restaurant nor the Great Northern hotel any better than they have. We're a going concern and we are looking forward to the postwar years together.

BOXING WAS GOOD TO ME
Looking back from the exalted age of 50 years, I can truthfully say that boxing has been good to me. In the years just ahead I believe it will offer even greater opportunities to some Jack Dempsey of the future. Naturally I am convinced that the next heavyweight champion will come from the ranks of our fighting men. It was so after World War I and if I am not mistaken his name was Gene Tunney, a marine. I seem to recall meeting him on a rainy night in Philadelphia.

Peter Bergson Must Leave U. S. Or Be Deported

WASHINGTON — Peter H. Bergson, chairman of the Hebrew Committee of National Liberation, has been ordered by the Board of Immigration Appeals to leave the United States by November 1, or be deported to Palestine.

According to the Justice Department, Mr. Bergson, who came here on a visitor's permit has received various extensions, the latest being until November 1, after which, the Board of Immigration Appeals said in an order of June 15, he must leave this country. Until that date, it was added, Mr. Bergson is free to leave for any point he desires.

Palestine Near Boiling Point, Writes Reporter

NEW YORK — "The possibility of an armed uprising of Jews to obtain a national home in Palestine is no longer remote," Frank Gervasi, correspondent for Colliers Magazine writes in an article titled "Terror in Palestine," appearing in the August 11th issue of Colliers.

The cause of recent terrorism by gangs denounced by all responsible leaders in Palestine, Mr. Gervasi explains, is the curtailment of Jewish immigration by the White Paper which forced "some half million Jews.....to sit on their hands while their relatives in Europe were slaughtered or left to wander among the ruins in search of shelter and food."

Doctors May Resume Practice

PRAGUE — Jewish doctors who were denied the right to practice during the German occupation of Czechoslovakia, may resume practicing without filing any applications, the government announced.

In a broadcast to local and to national committees throughout the country, the government said: "As all regulations aiming at the elimination of Jews from public life are contrary to the principles of the Czechoslovakian constitution, any withdrawal of license should forthwith be declared null and void by the district national committee. If such doctor resumes practicing, special applications are unnecessary."

Dartmouth Has Quota System "To Avoid" Anti-Semitism

NEW YORK — Most Jewish students who apply for admittance to Dartmouth College are denied entrance simply because they are Jews, President Ernest M. Hopkins this week told the N. Y. Post.

In a letter to Herman Shumlin, movie and theatrical producer, Dr. Hopkins had said:

"I should not be willing to see the proportion of the Jews in the College so greatly increased as to arouse widespread resentment and develop widespread prejudice in our own family."

When The Post reached Dr. Hopkins at the college at Hanover, N. H., he explained:

"A Christian College"

Dartmouth is a Christian college founded for the Christianization of its students."

Hopkins, in his letter to Shumlin, said the quota on Jewish students at Dartmouth had been established as the result of his own observations in Germany after the last war, and as the result of the writings of Stephen Roberts, author of "The House That Hitler Built."

Quotes Berlin Statistics

Hopkins quoted Roberts as writing that 50.2 per cent of the lawyers and 48 per cent of the physicians in Berlin were Jews. Roberts found the percentage of Jews in the professions in Germany gave birth to anti-Semitism there.

"I think that thing (anti-Semitism) is a definite possibility in this country," Hopkins said.

He added that the Dartmouth

quota system had been set up to prevent anti-Semitism.

Dr. Hopkins quoted "The Ballad of Reading Gaol," in which Oscar Wilde wrote "all men kill the things they love," to justify Dartmouth's policy.

With that quotation as his theme, Dr. Hopkins wrote:

"So it seems to me will be the case, if in the vehemence of agitation on the part of Jews of the country for a conferring of rights which, if granted, would really constitute special privilege, aggressiveness continues to be carried to the extent that in the present day it is being carried."

It Annoyed German Soldiers

Dr. Hopkins gave another clue to his feelings when he wrote to Shumlin:

"I was in Europe almost immediately after the last war, and practically all with whom I talked were discussing the danger of the

Ledgemont Country Club News

By BERT BERNHARDT

The big news at the Club over the weekend was the anticipated surrender of the Japs. There was plenty of excitement and speculation as to the hour and day when Peace will once more rule this world. For the records we are reporting the results of several matches in the Ledgemont Four Ball Championship. Haskell Frank and Walter Strauss had little difficulty winning in their replay with Jack Fain and Ralph Rotkin. Haskell and Walter seem to supplement each others game. It was a case of coming through in the pinch.

Upset

In a flash announcement last week we gave you the startling news that an inspired team of Pete Woolf and Al Shore, Jr., trimmed Arthur Kaplan and Martin Silver. Pete really went to town and forced the issue all the way. Arthur and Marty found the pres-

sure of tournament play too much for their temperaments. Eddie Soforenko and Ernst Nathan "atomized" Dick Sinnott and Abe Fine. Eddie shot two beautiful rounds of 41 and 42. Murray Trinkle and Harvey Cohen had to replay their draw with Joe Levin and Mowry Lowe but came through this time. Harvey has been practicing all week, went to bed early Saturday night and gave Murray considerable assistance in disposing of the opposition. Another well balanced combination is the team of Bert Finberg and Ben Trinkle who dashed the hopes of Sam Chase and Archie Finkle.

Other Results

Lefty Sam Winslow and Joe "High Handicap" Stanzler blasted Barney Efros and Al Shore. Ben Ruttenberg and Frank Licht hit the quarter finals when they eliminated Irwin Kane and Leo Rosen. The match finished in the dusk

and it was difficult to locate the hole on the 18th green. Almost fifty members watched the finish of this closely contested battle. Leo Rosen kept his team in the running by sinking a 20 foot putt on the 17th but couldn't repeat the effort on the last hole. Much credit is due Ben Ruttenberg for his steady golf and Leo Rosen for his gameness.

Quarter Final Playoffs

The quarter final playoffs are as follows: Ruttenberg—Licht vs. M. Trinkle—Cohen; Finberg—B. Trinkle vs. winner of Winograd—Feinberg and Frank—Strauss match; Alberts—Pilavin marking time until the winner of Kay—Bernhardt and Oresman—Chase scrap meets Soforenko—Nathan in a second round contest; Winslow—Stanzler to battle it out with Margolis—Smith with the victor meeting the winner of the Cotton—Broadman vs. Woolf—Shore, Jr. argument.

Ladies Handicap Tournament

The women are taking their time before playing off their matches, probably getting in a few extra practice rounds. We understand that Mrs. George Gerber was one down at the end of nine holes to Mrs. Bert Finberg. Still have another nine holes to play. Selma Pilavin in a nicely played contest beat Rosalind Winograd, 3 and 2. Pearl Nathan disposed of Mildred Samors, 3 and 1.

Tumblebrook, Pinebrook, Kernwood and Ledgemont will play for a trophy donated by one of our members. Max Margolis won the qualifying round as an alternate on the team representing Ledgemont in the Boston roundup.

Dartmouth College Issues Defense Of Quota System

(Continued from Page 4)

racial antagonisms which had been so accentuated in Germany by the soldiers on their return finding all of their institutions and all of their professions dominated by a race which numbered only one per cent of the population.

"Kill the Things They Love"

Dr. Hopkins said he "would not for anything forego the representation of Jewish boys that enroll year by year at Dartmouth."

"However," he observed, "I know definitely that this would all be changed overnight in Dartmouth, or in any other college if Dartmouth were to disregard the fact that it would become an urban college, which it does not want to become and would lose its racial tolerance which it is desperately anxious not to lose, were we to accept unexamined the great blocs of Jewish applications which come in, for instance, from the New York high schools and other great metropolitan centers."

Cut the Quotas

In a telephone conversation Dr. Hopkins admitted without equivocation that "we cut the quotas more on our Jewish applicants than we do the basis of applications from Anglo-Saxons."

"I think if you were to let Dartmouth become predominantly Jewish," he continued, "it would lose its attraction for the Jews."

A Post reporter, inquiring if the same quota system were in effect in other colleges and universities would it not constitute discrimination. Dr. Hopkins replied:

"It's discrimination, unquestionably."

"Then why isn't it discrimination at Dartmouth?" he was asked.

He answered this with his statement that Dartmouth "is a Christian college, founded for the Christianization of its students."

It Happened This Week

With our production schedule almost eliminated this week because of the pre-mature celebration of V-J day on Tuesday and the resultant holidays on the following two days we found it impossible to handle the many stories that should have appeared in this week's Herald. Those that are still pertinent will be used in our next issue.

V-J Note

Amidst the celebration of the end of World War II, we received a telephone call from a subscriber who said, "When I consider all the misery this war has caused, I feel that the least I can do is to furnish the funds to rehabilitate a child whose parents have been lost during the war. What agency in Providence must I approach?"

Odds and Ends

PFC Irving Levine is home from the ETO. The Maynard Suzmans are the proud parents of a son born on V-J day. Frank F. Swartz attended an insurance conclave in Concord, N. H., this past week. Rabbi Carol Klein has received word that his brother, Rabbi Arnold Klein, and his family, are safe in Slovakia. When the Nazis overran the territory, his brother and family were deported to Poland and after five years have just managed to return to their home, all in good health. The Charles Rosenfelds are at Oakland Beach. The Nat Linders and the

Jack Glantz' are at Nausauket. Because of his outstanding production record for the N. Y. Life Insurance Company during the past year, Paul Heyman has been made a vice-president of the Eastern Division, Top Club. Mr. Heyman arrived in this country in 1934 and embarked upon his insurance career five years ago. He is the first Rhode Islander to achieve the Top Club honor. Mr. Heyman is the son-in-law of Samuel Soforenko who has been engaged in the insurance business for many years.

Misinterpretation

Capt. Harry Butcher, Gen. Eisenhower's aide, in discussing the problems encountered in the repatriation of displaced persons, tells the story of a Frenchman who worked for 5 years in a Nazi slave battalion. His wife dutifully awaited his return. She recently received the 48-hour notice of his repatriation, and made elaborate preparations for his homecoming. She placed flowers in their room, put her husband's slippers in front of his favorite chair, set the table for two, prepared his bed and cooked the dinner. Then she went to the village to buy some extra decorations and while she was gone her husband arrived a half hour early. He saw the slippers, their room, the table set for two etc. He left the house, waited for his wife outside, then beat her and disappeared. He hasn't been seen since then.

Siegfried Declares Excerpts From Book Misinterpreted

PARIS — Andre Siegfried, author of "America Comes of Age," anti-Semitic excerpts of which were included in a correspondence course sent to American servicemen, resulting in withdrawing of the course by both the U. S. Army and Navy, denied that he was anti-Semitic. Siegfried's work, sent out by the Armed Forces Institute as part of an English course, had drawn protests from Jewish groups.

"My book is not anti-Jewish," he asserted "and I do not have anti-Jewish feelings. I made an objective study of conditions in the United States and noticed the existence in that country of a cer-

tain amount of racist feelings as expressed in the immigration laws of 1921-25, which were to all practical purposes, racial laws seeking to favor immigration of so-called Nordic elements at the expense of Mediterranean and Slavonic elements.

"The racial issue has probably lost its importance in the United States since then," he continued, "and during my recent stay there (as an adviser to the French delegation at San Francisco), as well as through my contacts with Americans here, I have noticed serious progress in all-around Americanization of the various elements composing the population of the United States, although there still exists a certain amount of anti-Semitism."

Siegfried charged that "no one but people seeking to further anti-Semitism could have been interested in segregating isolated excerpts from my book in a way that might misrepresent them as an expression of anti-Jewish feeling on my part."

Rabbi Goldman "Eternal Light" Program Speaker

Rabbi Israel Goldman, of Temple Emanu-El, will be the guest speaker on the nationwide "Eternal Light" radio program this Sunday, following the debut dramatization of "Joseph in Egypt," the second of three programs dramatizing Thomas Mann's celebrated "Joseph" books. The program will be heard in Providence over station WJAR from 1 to 1:30 o'clock.

The script, written by Arthur Arent for the Jewish Theological Seminary of America, tells the story of Joseph's rise to overseer in Potiphar's house, his temptation by Potiphar's wife and his fall from power. The "Joseph" dramatizations are being made with the permission of Dr. Mann.

Food Forwarded To German Camps

LONDON — A consignment of food and religious objects has been sent from here to various camps in Germany as a result of an appeal telephoned from the Bergen-Belsen camp by rabbis attached to a relief unit of the Jewish Committee for Relief Abroad.

Streicher's Opinion Of Jews Changes

Concludes There Are "Good Jews"

BERLIN — Julius Streicher, Nazidom's number one Jew-baiter, now interned in Luxembourg with other top Nazis awaiting trial as war criminals, declared that he has come to the conclusion that there are "good Jews" and that Jews should be allowed to live unmolested.

Streicher told the following story

Naziism's Purge Even Reaches to 'Aryan' Definition

PARIS — Dictionaries are arsenals and their word definitions may contain as much explosive and do as much harm as an atomic bomb.

That is the way the members of the French Academy have been feeling about their famous dictionary of the French language in whose prewar edition they had defined the word "Aryan" as denoting a racial quality.

This scientifically untenable definition which was caused by a misunderstanding of Oxford Professor Friedrich M. Muller's pioneer work on Aryan languages was responsible for the conception of the myth of the "Aryans" as a race designated to rule the world. In the hands of German chauvinists, the Aryan myth was made the foundation of Naziism.

For the revised edition of their dictionary on which the French academicians are working at present, the word "Aryan" has been defined as "someone belonging to the Indo-European linguistic family," according to a French Press Agency wireless dispatch reported by the Federal Communications Commission.

By stripping the word of its racial connotations, the Academy hopes to help remove political dynamite from the daily language.

BETTER CLOTHING COMING

WASHINGTON — Better-quality clothing is in the offing, according to J. A. Krug, Chairman of the War Production Board. He is so confident that there will be an improvement in the clothing situation by December that he said the public should discontinue buying textiles merely because they are available and wait for better quality.

Arabs Issue

Warning to Atlee

LONDON — Prime Minister Clement R. Atlee was warned this week by the Palestine Arab Party that there will be violence in Palestine should the Labor Government make decisions with regard to Palestine which will not be acceptable to local Arab leaders.

to Sergeant Robert Bock, of Wisconsin, assistant in the liaison office in Mondorf, Luxembourg: "An American came into my room with a pitcher of cocoa and some crackers. He set them down on a little table and stepped back and said, 'This is from me to you, Mr. Streicher—I am a Jew.' I broke down and cried. That was the most severe punishment I have ever received. I am wrong. I have always said there were no good Jews, but that boy proved to me that I was wrong."

Samuel Reshevsky Wins Chess Title

HOLLYWOOD — Samuel Reshevsky of Boston, four times United States champion, has won the chess title of the Western Hemisphere in competition with 12 other masters from North and South American countries.

Reshevsky won the 16-day Pan American Chess Congress tournament by defeating Dr. Alfredo Brodermann, Havana. The tournament victory, which carries a \$1,000 first prize, came to Reshevsky a day before the end of the Congress since he won his match with Prf. Herbert Seidman, New York, by default. Seidman's leave was canceled by the Army. Reshevsky was a child chess prodigy 25 years ago.
