Installation on Peace

With this first victory bond drive we are paying off the last installment of war, and are investing in the first installment on peace.

It will pay for the hospitalization of our wounded and the care for those who cannot be cured.

It will pay for the mustering out money of the men who are returning to make a fresh start in civilian life, and for the education of those of our boys who had to interrupt their studies to fight Fascism.

It will pay for the long and complicated reconvalescence of those boys who must learn to live with artificial limbs, and for the even more complicated, even though less tangible process of restoring those whose nerves and minds have become casualties of war.

It will pay for the armies of occupation which we have posted throughout the world to make sure that the aggressors will never again be able to throw the world into a bloody fight.

And it will pay for the complicated process involved in liquidating our war production machinery and gearing our country to the ways of peace.

It will, in short, pay for the last phase of war and buy the first part of peace.

This victory loan is a duty and an inescapable obligation that we owe to the present and is an investment in the future. It is our first payment on the new and decent world for which our men fought and in which we now want our children to grow up.

We can demonstrate the gratitude we owe to the men who won this war and the concern we feel about the world in which our children are going to live, by going all out for this eighth drive.

U. S. war bonds are still the nation's best insurance against inflation. They are still the best investment you can make.

Remember, these are peace bonds. They are not only a duty you owe your country but a sound investment for yourself.

Rankin, Celler Exchange Words On House Floor

WASHINGTON — A clash on the floor of the House of Representatives between Rep. John Rankin of Mississippi and Rep. Emanuel Celler of New York, during which the Mississippi Congressman deferred to Celler as the "Jewish gentleman from New York," brought a demand from Rep. Vito Marcantonio of New York that "this Jew-baiting in the House must stop." He expressed the hope that for the sake of a "united America" such a discussion would never again occur on the floor of the House.

The exchange between Celler and Rankin arose when the latter objected to suggestions by Celler and five other congressmen that the House Committee on Un-American Activities probe nationalist and anti-Semitic groups. Rankin described Celler's demands as the "most unmitigated procedure ever seen in Congress from the Jewish gentleman from New York."

ASK BAN ON ZIONISTS

CAIRO — Egyptian students have demanded the exclusion of all Zionist youths from Egyptian universities and called on the government to prohibit all Zionist activity in Egypt.

Rules Restrictive Clause is Illegal

NEW YORK — Declaration by the highest court in Ontario in a judgment signed by Justice Keiller Mackay that a restrictive clause in a land sale covenant which stipulated that the land "was not to be sold to Jews or persons of objectionable nationality" was illegal was hailed this week by Dr. Stephen S. Wise, president of the American Jewish Congress as a "decision which puts the phrase 'restricted' outside the pale of legality."

Herzl's Daughter Died in Prison Camp

VIENNA — Trude Neumann, Dr. Herzl's daughter, and her husband, perished in Theresienstadt where they had been deported in 1942, it was learned here from Vienna's present governor of prisons, Birnstein.

Mr. Gutstadt is one of the few individuals in Jewish life who has complete knowledge of the undemocratic forces seeking to undermine American security.

Because of the unusual interest in the work of the Anti-Defamation League and because of Mr. Gutstadt's national reputation, officials of B'nai B'rith have opened the meeting to the general public. The meeting will begin at 8 o'clock.

Wise Blasts Britain's Tactics Overflow Audience At Mass Meeting

Gov. John O. Pastore told an overflow audience last Sunday night at the Rhode Island School of Design that "the peace of the world will not be stable until the gates of Palestine are open to the Jews." In wishing the General Jewish Committee of Providence good luck on its campaign for \$330,000, he said, "Here in the cradle of religious liberty, where we have always answered the call of humanity, I am sure you will reach your goal."

Dr. Stephen S. Wise, guest speaker of the evening, ridiculed reports that Prime Minister Attlee of Britain is "afraid of the Arabs." Dr. Wise said, "Three years ago there was a general rebellion in Iraq. It took all of two battalions of British troops to suppress it. Attlee has no reason to fear the Arabs, and he doesn't."

Referring to recent uprisings against the Jews in Egypt, Dr. Wise asked, "and what did they do when Rommel was at the gates of their country? They were neutral. That means they didn't lift a hand. In fact, their Secretary of War was caught giving the plans for the defense of Egypt to the Germans."

"And now they are attacking the Jews whose youth assisted in the defense of their country, although Great Britain seems to have forgotten that. And they are destroying synagogues."

Accounting With Egypt
"We've dealt with Egypt before. Four thousand years ago they died, and we lived."

"We shall have an accounting with them some day."

They Look To Us - - We Must Not Fail

By SAMUEL SHORE
Associate Chairman

"The other day a friend asked me to tell him why we had to raise \$330,000 for the 1945 General Jewish Committee of Providence. The answer to that question can be boiled down to one sentence. Now that the war is over, it is up to us to decide whether the Jews who have survived the ravages of Nazis are to have a new life free from fear and homelessness, or whether they are to be doomed to continued misery and wandering. In other words, are we prepared to redeem the hopes and prayers of the remaining Jews of Europe for a life of freedom and security or are we willing to let their dreams of a new life be turned into a nightmare of despair and total disillusionment?"

"It all comes down to this fundamental question because the 1,250,000 Jews who are left in Europe are in a very desperate position. The critical winter months will bring starvation and terrible hardships to large numbers of them unless we help give the relief and rehabilitations aid they need. And there are many thousands of displaced Jews who are still living in concentration camps because they have no other home. How long will their faith in the new world hold out if we don't act promptly to settle the greatest number of them in Palestine?"

"I don't believe the Jewish community of Providence has ever faced a greater challenge in its history. But I am confident that we will meet it with flying colors. We have always done our part in the past and we will surely not fail in this most crucial year. We have united in one great community effort through the General Jewish Committee of Providence. Every section of the Jewish population has the responsibility to work hard and give generously to assure its greatest success."

Wise Scores Britain at GJC Mass Meeting

Addressing more than 1500 persons attending the mass meeting of the General Jewish Committee last Sunday night at the Rhode Island School of Design Auditorium, Dr. Stephen S. Wise, not only scored Great Britain for its Palestine policies, but gave the audience numerous reasons why the local drive for \$330,000 should go over the top. Left to right, Mrs. Archibald Silverman, Archibald Silverman, GJC president, Alvin Sopkin, GJC general chairman, Joseph Galkin, executive director, Chaplain Benjamin Kreitman, and at the podium, Dr. Stephen S. Wise.

NOTES OF AN INNOCENT BYSTANDER

The First Nights: The Broadway vultures perched on the aisles pounced on the new entries. One casualty was Mary Chase's "The Next Half Hour," starring Fay Bainter. It died after only eight performances. The author's first play effort ("Harvey") celebrated its first year the same week. "Next Half Hour" received such glowing reports and critical hand-clapping in Washington, where it premiered—that some people thought Bilbo had just been defeated for re-election. "Beggars Are Coming to Town" turned out to be a gangster folderol with more bark than bite. The reviews ranged from so-so to so-what. Critic Ward Morehouse diagnosed "its effective moments come only in occasional flashes." To date the Broadway show season has hung up something of a record for quick closings. In fact, things are so tough with one actor we know—that he is wearing last year's high hat.

The Cinemagicians: Alf Hitchcock's latest thriller-chiller is "Spellbound." It is a psychological nightmare and it goes over with a shriek. Portraying a psychiatrist, Ingrid Bergman is lovely enough to give anyone in long britches a Bergman-complex. "And Then There Were None" also jungles suspense like an expectant father. This is a meaty tingler—all gooseflesh. Lauren Bacall's trouping in "Confidential Agent" rates three party-cakes and four hugs. Lauren-Meets-Boyer in this sturdy meller, and their romancing is a high spot. "This Love of Ours" hits the emotional target. Merle Oberon is the eye-filler-diller. "Vigilantes Ride" could put sheep to sleep by counting actors. "Easy to Look At" ain't.

THE RADIORACLES

The Victory Loan program piloted by Col. Jimmy Stewart was a pungent reminder that the most we can do to preserve victory—is the least we can do. Norman Corwin's literary lace was admirably delivered by Paul Robeson's deep-throated eloquence via the annual forum of a New York newspaper. After listening to Corwin's word-weaving you gaze upon a dictionary with renewed reverence. Inner Sanctum's shocker with Boris Karloff (as the star spook) gripped like a scream in the White House is hap-

py over the fact that the newest Hooper rating gave the President's latest talk a mighty percentage of listeners. It showed that 94.8 of all radio sets (turned on at the time) heard Mr. Truman. Naturally. He was on all the major networks. H. V. Kaltenburg is heard on only one, which accounts for his 9.9 rating. But that is better than Fulton Lewis, who is low man (as usual) with 3.2. W. W.'s is 18.9.

With the Winchellicals: Billy Rose, who has been investing (against inflation) in rare works of art, is well on the way to his third million dollars. He purchased a Rembrandt and a Hispano-Suiza last week. Joyfully telephoning his wife (the former Eleanor Holm), he said: "Darling, watch out for a Rembrandt and a Hispano-Suiza. They should be there any minute."

"One of them is here, Billy," she replied.

"Which one?" he asked.

"I don't know!" was the blackout.

MAN ABOUT TOWN

Al Capone's pet nephew will be sued for divorce in Chicago. Mrs. Virginia Howard (ex-wife of the Howards That Mattah) will soon wed the Heinz pickle heir. Jack Oakie's new baybee is Virginia Horn. Carmen Miranda's new plastic surgery job is a honey. The Lawrence Tibbetts, Jr., have their best wishers feeling terrible. Helmut Dantine and Isabelita are a new earthquake. Champ Joe Louis once agreed to give his ex-wife, Marva, a big hunk of his fight coin (every time he fights), which is not the reason Joe is renewing his courtship. Maxine Sullivan, the 52d st. songbird, is a bride for the fo'th time.

The Wm. Holdens (Brënda Marshall) expect another image about New Year's. King Carol is supposedly sinking a mint in H'wood real estate through a third party. When Ruth Ford, sooo pretty, gets her decree from Peter Van Eyck, she will middle-aisle it with the heir of a famous stage star, not yet unwound himself. Now don't phone or write this column (as you will be courting the wrong answer), but if you are "a nice girl secretary, who wants an interesting job," then contact the famed psychiatrist, Dr. Gregory Zilborg. The girl he had was promoted to research ass't. Look him up in the book. It's a boy at the Kurt Singers. Pop auth'd "Spies and Traitors of World War II".

NOV. 21, 1945

AN IMPORTANT DATE FOR
THOUSANDS OF ARMY VETERANS
NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.
Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.
Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income any time after 20 years' service?

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
- Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
- An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
- 20% extra pay when overseas.
- Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service — or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
- Benefits of GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
- Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

Richard Rouslin Relates Flying Experience in Burma

Staff Sgt. Richard B. Rouslin, 20, son of Dr. and Mrs. John J. Rouslin, of 133 Colonial road, who arrived home last week after being honorably discharged at Camp Seal, San Francisco, is usually an even-tempered fellow, but he almost lost his head on one of his 72 missions.

That was when a heavy railroad tie went spinning past his face while his B-25 Mitchell bomber and other planes from his squadron were blasting a 128-mile stretch of enemy-held track.

The "near miss" upset the young sandy-haired tailgunner but he said nothing about it to his folks.

However, he related the episode at an Atlantic City redistribution station and explained that his squadron, a unit of the 12th Bombardment Group, used spiked bombs with delayed-action fuses in attacking railroads. "If dropped accurately," he said, "the spike would cause the bomb to stick in or between railroad ties.

RICHARD B. ROUSLIN

"Our pilot got a little eager once," he said, "and went in real low. The bomb didn't stick but skipped along the track with us. When it exploded, a railroad tie came soaring up right past my face. It missed my tail position, and I asked the pilot if he'd mind going upstairs a bit."

Sergeant Rouslin, who interrupted pre-ental studies at Rhode Island State College to enter the service two years ago, has resumed his studies at State. He went overseas last July and returned to this country on V-E Day with 300 hours of combat flying to his credit and has received the Distinguished Flying Cross, the Air Medal with 10 Oak Leaf Clusters and two battle stars.

NEWS! NEWS!! NEWS!!!—Not a lockout—not a sit down, but strikes to spare at the 3B Bowling League. The boys want 20% higher averages but the president, "Ed Deutsch" says back to work. The biggest strike today is Herman Mushnick's 163 (count 'em) and it is rumored that Normy Alper is willing to trade any of his three strings for one like this. We have heard that Bert Bernhardt is accepting releases and transfers from his team. "You picked 'em, Bert."

Emanuel

Bowling League

By MAXWELL WALDMAN

Temple Emanu-El's Men's Club bowling league completed its sixth session Monday night at the Casino Bowling alleys with Frankie Goldstein's Senators showing the way with a 17-7 lead, closely followed by the Tigers, Cubs and Indians. The competition is keen with even the lowly Athletics not far off. Ed Korb holds high single with a sparkling 146 followed by Eddy Soferenko with 141 and Lou Chase with 138. High individual three goes to Eddy Soferenko with a 368, closely pressed by Nat Levitt's 367 and Lou Chase's 340.

Several games were decided in the last box with Frankie Goldstein needing and getting a spare in his last box with a 9 on it to tie Irv Chase's Reds. Abe Press also came thru with a sensational strike in his last box to win for his team.

Individual Items

Harold Dick and Sonny Paster bowling stickers with neither one being able to knock anything down and Sonny finally winning the playoff. Evans Nelson and Hy Karten looking sad cause Sonny Sandperil didn't show up to give them some competition. Harold Weiner bowling with a bad knee and doing well in spite of it. Eddy Lavign sliding half way down the alley each time he throws a ball. Lenny Fain missing plenty of spare breaks but getting them when the team really needed them. Norm Feinberg bowling hot and cold. Nat Weiss setting a new "dot" record for one evening with 18. Barney Fradin bowling with a bad finger and still doing well. George Katz getting bad breaks on first balls but picking pins just the same. Herman Lazarus, the most improved bowler on the alleys, Lou Millen just back from five years of piloting B-29's and shooting a cannon ball down the middle with deadly accuracy.

It Happened This Week

The more than 1500 people at the GJC mass meeting last Sunday were more than thrilled with the proceedings.....Although Dr. Wise spoke at length, his comments were enthusiastically received..... The turnout is another indication of the backing the community is giving the GJC.....First gift reports show that the campaign for 100 causes is off to a good start..... Donations in nearly every instance are being increased substantially.....It is obvious to all that we have a tremendous job ahead and it cannot be done without funds..... The trend towards larger contributions was also evident at the Home for Aged this week when the residents who gave about \$30 last year, contributed \$47 to the '45 campaign.....
